Can my state's Medicaid agency offset the amount given to me if SSA is late in processing my claim? Can the authorization end before or after the 12-month period ends?

The state Medicaid agency can only offset the amount given to you if SSA is late in processing your claim. The authorization can end before the 12-month period ends.

The period of the authorization can end before the 12-month period ends or can end after the 12-month period if any of these actions take place:

- SSA makes the first SSI payment on your pending claim after a period of suspension or termination; or
- SSA makes a final determination on your appeal; or
- The state agency or your representative withdraws the authorization.

The authorization period will end with the day of the month of any of these actions that took place.

Can SSA use this authorization form to protect my filing date for SSI benefits?

SSA can use this form to protect your filing date if you contact any SSA office (by phone or in person) and tell us that you are applying for you need the protection of filing for SSI benefits. If you have not already applied for benefits.

You have only 60 days from the date you start to process this form to file an SSI application. You are eligible to receive SSI benefits for the month in the month you sign this form and if you file within the 60-day time period. If you file for SSI benefits after the 60-day time period, this form will not protect your filing date. Your filing date will be the date you actually file it.

How do I appeal if a state's decision if I do not agree with the decision?

You can disagree with your state's decision made during the redetermination process. You will receive a state notice telling you how to appeal the decision. You can only appeal to SSA if you disagree with any state decision.

Within 10 working days after the state receives the redetermination form from SSA, the state must send you a notice. The notice will tell you three things: (1) the amount the state will pay you, if any, SSA will send you a letter explaining how SSA will pay the remaining SSI monies. If any, due you; and (3) your right to a hearing and the steps in filing a request for a hearing.

Subject: Test Fax	Date

Fax Settings

Reference your Owner's Manual for help adjusting the settings below

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (96 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch all fax machine and unplug power adapter from device and from wall outlet
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service we are always available to help.

InspiredOpinions
By Schlesinger

Dear Michael A.,

Schlesinger Associates and our new InspiredOpinions community have a new opportunity for you. First we need to ask you a few questions to see if you fit the criteria of this upcoming research study.

Test Survey

Study Topic: Test
Study Date: between 24-Oct-2013 and 31-Dec-2014
Study Location: In Person Philadelphia,PA
Study Incentive: Between $75.00 and $1000.00

If you are interested, please follow the link below to get started.

Link: www.google.com

If your answers are appropriate for the study you will be invited to complete your screening. Qualified respondents who are invited and participate in the research will be compensated for their time.

Thank you! Help us learn today and you'll be the first in line to earn in the future!

InspiredOpinions by Schlesinger Associates
Schlesinger Associates <e@inspiredopinions.com> (Forward to a friend: dsgsdfgsdfgsdf.com)

We respect Your Privacy. InspiredOpinions is part of Schlesinger Associates, an dedicated market research company. We adhere to the principles set forth in the research codes of conduct of Our Privacy Policy safeguards all personal information collected, which is name, contact info, and only is used for research. Your access and use of the services is subject to our Terms and Conditions.

You have been sent this e-mail because you've qualified as a member of the InspiredOpinions community. This is a one-time survey research purposes only. No sales or other commercial activity is involved in this communication.

Part IV Late Corporate Classification Election Representations (see instructions)

If late entity classification election was intended to be effective for the same date that the S corporation election was intended to be effective, relief for a late S corporation election must also include the following representations.

1 The requesting entity is an eligible entity as defined in Regulations section 301.7701-3(a).

2 The requesting entity intended to be classified as a corporation as of the effective date of the S corporation status.

3 The requesting entity fails to qualify as a corporation solely because Form 8832, Entity Classification Elected was not timely filed under Regulations section 301.7701-3(c)(1)(i), or Form 8832 was not deemed to have been filed under Regulations section 301.7701-3(c)(1)(v)(C).

4 The requesting entity fails to qualify as an S corporation on the effective date of the S corporation status solely because the S corporation election was not timely filed pursuant to section 1362(b); and

5a The requesting entity timely filed all required section tax returns and information returns consistent with its requested classification as an S corporation for all of the years the entity intended to be an S corporation and no inconsistent tax or information returns have been filed by or with respect to the entity during any of the tax years; or

b The requesting entity has not filed a federal tax or information return for the first year in which the election was intended to be effective intended the due date was not section for that year's federal tax or information return.

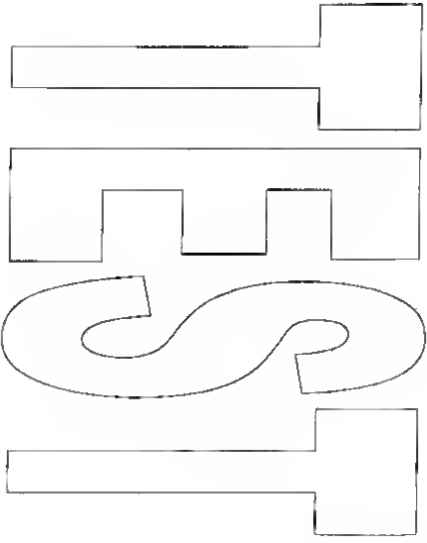
THIS IS A FAX TEST

TO
FAX NUMBER

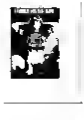


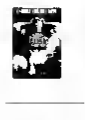
Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1 855-330-1238 or 1 213-294-2943

Sort by: Most recent faxes | Best rated faxes | Most rated faxes

Top Ranked Online Fax

Send and Receive faxes online through email. Free 30 day trial!





To the right are pages that faxes have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1 855-330-1238 (your fax will never arrive... maybe) or 1 213-294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean, k, legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Privacy Policy. We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

synchrony
FINANCIAL

Types Of Credit Promotions That May Be Available

One or more of these credit promotions may be available on **qualifying purchases** made with your Synchrony Bank credit card account. Check with your merchant for the specific promotion offered for your purchase.

NO INTEREST IF PAID IN FULL WITHIN 6, 12, 15, 18, 20 or 24 MONTHS (Deferred Interest)
The length of the promotional period will depend on the specific promotion offered by merchant. Interest at the rate of **29.99%** will be charged to your account from the date of purchase if the promotional purchase is not paid in full within the promotional period. To avoid late fees, you must make your Total Minimum Monthly Payments by the due date each month. These Minimum Monthly Payments may or may not pay off the promotional purchase before the end of the promotional period. **To make sure that you are not charged the interest accrued at 29.99% you must pay the total promotional purchase amount within the promotional period.**

Or

INTEREST FREE AND EQUAL MONTHLY PAYMENTS REQUIRED UNTIL PAID IN FULL (No Interest)
An equal monthly payment amount will be required based on repayment over the term (number of months) of the promotional period.

Or

REDUCED INTEREST RATE AND FIXED MONTHLY PAYMENTS REQUIRED UNTIL PAID IN FULL (Reduced Interest)
The reduced interest rate will depend on the specific promotion offered by merchant. A fixed monthly payment amount will be required based on repayment over the terms (number of months) of the promotional period.

For additional details on how these promotional options work, please see page 3.

Steps To Apply For An Ashley Furniture HomeStore Credit Card

Step 1 Please follow these guidelines when completing your application

- ✓ Please have available two forms of ID that can be verified. If using a joint applicant, the joint applicant must be present and also provide two forms of ID.
- ✓ Please include all forms of income from all full and part time jobs, bonuses, commissions, and investments. You need only include child support, alimony or separate maintenance income if you wish this income to be considered in your application.
- ✓ Please note that you must reside in the United States and be 18 years of age or older to apply.

Step 2 Please complete the application

Credit is extended by Synchrony Bank.

POSTOPERATIVE INSTRUCTIONS

Controlling Bleeding:

Following oral surgical procedures some bleeding for up to several hours is considered normal. Your bleeding should control with firm biting pressure into the gauze we provided you with. Should the bleeding fail to control with the use of gauzes wrapping a moistened tea bag in gauze and biting firmly into it may prove effective. Ice packs resting quietly and elevation of the head with pillows are also helpful.

"WET THE FRESH GAUZE EACH TIME YOU CHANGE THEM"

Avoid spitting and rinsing as this disrupts the blood clot and promotes continued bleeding. Smoking will continue bleeding and should be avoided

Signs of excessive bleeding include the need to change gauzes every 5-10minutes due to them being saturated with blood and the formation of large clots in the mouth If you cannot control the bleeding, please call our office

RINSING AND BRUSHING

Please do not rinse on the day of surgery as it breaks open the blood clot and promotes continued bleeding. Begin rinsing normally on the day after your surgery with warm water, mild mouthwash or warm salt water Begin gentle brushing the day after your surgery (you may wish to soften the bristles on your brush by running hot water over it.)

Cleanliness lessens inflammation and promotes more rapid healing.

CONTROLLING DISCOMFORT

We have prescribed a narcotic pain reliever for the discomfort you may experience following your surgery Please take this, as prescribed, should you experience significant discomfort. If your discomfort is not great you may wish to substitute non-prescription medication such as Motrin or Advil Those who find that they need an additional amount of pain relief may add one or two Motrin or Advil tablets to the dose of narcotic pain reliever in order to avoid nausea from the pain medications, it is advisable to take them with food or milk.

CONTROLLING NAUSEA

Nausea and vomiting may occur on the day of surgery and are usually due to the anesthetic. Should you experience this, please limit your activity, be very careful to sit up and stand slowly and try to limit intake of food and liquids If the nausea is excessive or continues into the following day please contact me

ANTIBIOTICS/ STEROIDS

When antibiotics are prescribed to prevent infection or steroids are given to control swelling, it is very important that you take them as prescribed Failure to do so may lead to problems in your postoperative recovery If you are experiencing problems from the medication, please call me.

USE OF COLD AND HEAT

Cold compresses used intermittently (15 minutes on, every hour) for the first 4-6 hours following surgery may be helpful in controlling swelling If swelling is present the day after surgery the use of moist heat may be useful to resolve the swelling (a moist washcloth wrapped around a hot water bottle works nicely) Dry heat via a heating pad may also be utilized.

FOOD/ BEVERAGE.

Please limit your intake to liquids and soft foods that do not require significant chewing on the day of surgery On the day following your surgery, you may increase your diet as comfort allows. Please refrain from carbonated beverages for 48 hours and alcoholic beverages for several days

NO STRAWS FOR 1 WEEK

We would prefer that you use your recovery from surgery as the motivation to permanently discontinue smoking or the use of smokeless tobacco At the least, it is extremely important that you not use any tobacco products in the first four days, as they retard healing and promote dry socket formation

TOBACCO:

RESTRICTION OF ACTIVITY

Although strict bed rest is not required, we do recommend that you avoid excessive physical exertion in the first 48 hours. Please refrain from operating a motor vehicle or power machinery as long as you are under the influence of your anesthetic or taking narcotic pain medication.

NETGEAR WIRELESS EXTENDER

username: admin
password: password

Set up this extsnder like you would a normal computer by accessing the Netgear Extender via wireless computer. Once connected, set up via browser user interface at:

www.mywlfiext.net

Once you enter in all the IP info (IP, subnet maskt, gateway, primary DNS), hit the "APPLY" button.

Then aet up your wireless device as yet another compeer with it's own independent IP address in the same way you did to the Netgear Extender.

WHY WE SEE IT

COMMUNICATION

- Receptive and expressive language is affected
  - Receptive: problems with receiving and processing
  - Expressive: problems with impairs as well as means of communication
- Problems with verbal and non-verbal communication
- Learn concrete information easily (labels, rote information
- Difficulty learning concepts
- Idiosyncratic speech (peculiarities)

COMMUNICATION (CONT'D)

- May have difficulty with volume control intonation and cadence
- May use jargon and/ or echolel's
- May have difficulty answering questions
- Greatest difficulty is social communication

HUMAN INTEREST/ SOCIAL DEVELOPMENT

- Lack of reciprocity empathy awareness or the perspective of others (theory of mind)
- Lack of development of peer relationships
- Impairments in the use and understanding of non-verbal social interactions (gestures, facial expressions, posture)
- Difficulty with rules of conversation

Broccoli Chicken Divan

1 lb Broccoli, cooked

1½ c Chicken, cooked

1 can Cream of Broccoli soup mixed with
⅓ cup milk
½ cheddar cheese

2 T bread crumbs
bake @ 450 degrees
Time: 15 minutes

Peace be with u.

How were your brakes before you changed the calipers, etc??

Some times if you have sticking slide pins, pads, or calipers, the brakes will seem stiffer before you correct the problem, and everything is back to proper function

Did they follow the correct sequence for bleeding, starting at the wheel furthest away? And did the make sure the proportioning valve was under load while bleeding?

Make sure the rubber/braided **brake** hoses are not twisted or kinked

Alot of time **brake** these things still cause a soft pedal

As well as in proper bleeding of the brakes (purging up the pedal instead of small TAP downpushes of the **brake** pedal while bleeding) The ports in the master cylinder are easily clogged, especially if the **brake** fluid has not been changed on a regular basis.

I always change my fluid and inspect the caliper pistons any time I change my brakes.

To do a quick test of the master and **booster** if there are no visible leaks do the following

With the car off pump the **brake** pedal a couple times and then hold it, the pedal should stay firm and not descend towards the floor. If this passes, start the car and slowly apply the **brake** until the car does not move. If the pedal continues to descend towards the floor there is a bypass pressure issue

Next, take the cap off and have some one hold the **brake** pedal down or do you look at the fluid. The fluid should not be swirling or bubbling. If you notice either, the master is probably bad

Fatally, with the cap off, have some one apply the **brake** pedal and quickly release it. You should see a small squirt/sputter of fluid when this is done. If not, then you have a clogged rear inlet port and the master should be replaced.

If you can passes all these tests, then the master and **booster** are probably not your problem

BTW, You should not have to "pressure bleed" your Taurus or Sable brakes

ypes of Equity Indexed Annuities

Point to-Point. With the type of product, the value of the index to which the annuity is linked is marked at the time the contract
is purchased and again at the end of its term. The difference in the index value between these two points is the basis for the amount
of interest that will be credited to the annuity

Annual Reset. With an annual reset product, the index to which the annuity is tied is marked at the beginning and end of each contract
year. The difference in the index value each year is the basis for the amount of interest credited to the product.

High Water Mark. A high water mark annuity measures the difference in the index value from the time the contract is purchased to the
point when the index reaches its highest level. In a seven-year contract, for example, the highest of the index's value on each of
the seven anniversary dates would be the high mark.

Low Water Mark. A low water mark product measures the difference in the index value between the point at which the index reaches
its lowest market and the end of the contract's term. This difference is the basis for the amount of interest credited to the annuity

Some Facts About Social Security

About Social Security and Medicare...

Social Security pays retirement, disability, family and survivors benefits. Medicare, a separate program run by the Centers for Medicare & Medicaid Services, helps pay for inpatient hospital care, nursing care, doctors' fees, drugs and other medical services and supplies to people age 65 and older, as well as to people who have been receiving Social Security disability benefits for two years or more. Medicare does not pay for long-term care, so you may want to consider options for private insurance. Your Social Security covered earnings qualify you for both programs. For more information about Medicare, visit *www.medicare.gov* or call **1-800-633-4227** (TTY **1-877-486-2048** if you are deaf or hard of hearing).

Retirement — If you were born before 1938 your full retirement age is 65. Because of a 1983 change in the law, the full retirement age will increase gradually to 67 for people born in 1960 and later.

Some people retire before their full retirement age. You can retire as early as 62 and take benefits at a reduced rate. If you work after your full retirement age you can receive higher benefits because of additional earnings and credits for delayed retirement.

Disability — If you become disabled before full retirement age, you can receive disability benefits after six months. If you have:

- enough credits from earn age (depending on your age you must have earned six to 20 of your credits in the three to 10 years before you became disabled); and
- a physical or mental impairment that's expected to prevent you from doing "substantial" work for a year or more or result in death.

If you are filing for disability benefits, please let us know if you are on active military duty, or are a recently discharged veteran, so that we can handle your claim more quickly.

Family — If you're eligible for disability or retirement benefits, your current or divorced spouse, minor children or adult children disabled before age 22 also may receive benefits. Each may qualify for up to about 50 percent of your benefit amount.

Survivors — When you die, certain members of your family may be eligible for benefits.

- your spouse age 60 or older (50 or older if disabled, or any age if caring for your children younger than age 16); and
- your children if unmarried and younger than age 18, still in school and younger than 19 years old, or adult children disabled before age 22.

If you are divorced, your ex-spouse could be eligible for a widow's or widower's benefit on your record when you die.

Extra help with Medicare — If you know someone who is on Medicare and has limited income and resources, extra help is available for prescription drug costs. The extra help can help pay for monthly premiums, annual deductibles and prescription co-payments. To learn more or to apply, visit *www.socialsecurity.gov* or call **1-800-772-1213** (TTY **1-800-325-0778**).

Receive benefits and still work...

You can work and still get retirement or survivors benefits. If you're younger than your full retirement age, there are limits on how much you can earn without affecting your benefit amount. When you apply for benefits, we'll tell you what the limits are and whether work would affect your monthly benefits. When you reach full retirement age, the earnings limits no longer apply.

Before you decide to retire...

Carefully consider the advantages and disadvantages of early retirement. If you choose to receive benefits before you reach full retirement age, your monthly benefits will be reduced.

To help you decide the best time to retire, we offer a free publication, *When To Work and Retire*, or *Retirement Benefits* (Publication No. 05-10147), that identifies the many factors you should consider before applying. Most people can receive an estimate of their benefit based on their actual Social Security earnings record. Go to *www.socialsecurity.gov/estimator*. You also can calculate future retirement benefits by using the Social Security Benefit Calculators at *www.socialsecurity.gov*.

Other helpful free publications include:

- *Retirement Benefits* (No. 05-10035)
- *Understanding The Benefits* (No. 05-10024)
- *Your Retirement Benefit: How It Is Figured* (No. 05-10070)
- *Windfall Elimination Provision* (No. 05-10045)
- *Government Pension Offset* (No. 05-10007)
- *Identity Theft And Your Social Security Number* (No. 05-10064)

We also have other leaflets and fact sheets with information about specific topics such as military service, self-employment or foreign employment. You can request Social Security publications at our website, *www.socialsecurity.gov*, or by calling us at **1-800-772-1213**. Our website has a lot of frequently asked questions that may answer questions you have. We have easy-to-use online applications for benefits that can save you a telephone call or a trip to a field office.

You may also qualify for government benefits outside of Social Security. For more information on those benefits, visit *www.govbenefits.gov*.

If you need more information — Visit *www.socialsecurity.gov/mystatement* on the Internet, contact my Social Security office, call **1-800-772-1213** or write to Social Security Administration, Office of Earnings Operations, P.O. Box 33026, Baltimore MD 21290-3026. If you are deaf or hard of hearing, call TTY **1-800-325-0778**. If you have questions about your personal information, you must provide your complete Social Security number. If you address is incorrect on this statement ask the Internal Revenue Service to send you a Form 8822. We don't keep you address if you're not receiving Social Security benefits.

For financial professionals only. Not for use with the public.

Use of non-public and material issues cannot be approved by your home office.

Investments are not FDIC-insured, nor are they deposits of or guaranteed by a bank or any other entity, so they may lose value.

Taking Stock at Midyear: It's About Companies, Not Countries

Accelerating growth, an improving employment picture and benign inflation provide a favorable backdrop for investing. But after six years of solid gains, investors should temper expectations. Our *Midyear Outlook* expands on the 2015 themes of seeking global growth and sustainable income by calling for selective long-term investing.

Given that the current market upcycle is the third-longest since 1930 and valuations for some types of companies are already high, selective investing will be the going formula. As you seek to keep your clients appraised of market conditions, we provide our perspective on how to tailor the impact of your client investing plans, paying U.S. economic and the broadening of opportunities for income.

What About Higher Interest Rates?

As U.S. economic strength increases, we expect it likelihood that the Federal Reserve will begin to raise short-term interest rates. History suggests that a rate increase by the Fed is rarely a bear market for equity investors. During the 13 Fed-tightening cycles since 1954, the stock market recorded an average gain of 9.3% 12 months after the initial rate hike, and by the end it registered an average gain of 14.1%.*

Of course, not all sectors of the market react the same way to rising rates. Our research shows that more stable companies and many areas of the economy that are interest sensitive have landed fairly well in broader markets after the start of rate hikes, while health care companies have tended to outperform it.

While the U.S. and many other developed countries have cut their rates to near zero, global central banks have cut them 42 times since the beginning of the year. And, after cutting one of its main interest rates below zero during 2014, the European Central Bank took another step in March. Mario Draghi, president of the ECB, recently pledged to keep the bank's quantitative easing program in place until September 2016. It may be encouraging to note that, since 2009, QE programs in the U.S., the U.K. and Japan have been bullish for stocks in those regions.

*Sources: Standard & Poor's, Federal Reserve. Data from guidance sources calculated internally by Capital Group. 13 Fed-tightening cycles since 1954. Period of the current tightening cycle is 12 previous cycles. Current cycle data through May 3, 2015.

Preschool
Curriculum Map
Preschool God
Old Testament Building Blocks
Introduce children to God's presence and love.
A
God Made Us
Wonder: God's power and presence in his works; the known universe
B
God Loves Us
Trusted the unseen; all the ways God is with us and God through challenges and opportunities
C
God Helps Us
How Moses as he leads God's people from captivity in Egypt as freedom in the Land.
D
God Helps Us
Follow the adventures of the real-life women who courageously led David the shepherd king.
E
God Guides Us
Learn God prays leaders to shepherd his people through everyday decisions and supernatural events.
F
God Provides
Share the ongoing work of reconciliation begun with God's people today.
G
God Loves Us
Watch these creatures as Jonah on the Flood and Noah's resurrection. God's mighty power.
H
God Helps Us
Celebrate God's kingdom in the future and through the lives of digital prophets like Daniel and Jonah.
Preschool Jesus
New Testament Building Blocks
Jesus' presence, to become Jesus' friend.
A
Jesus Came to Us
Celebrate the incarnation, event when God sent his son of Son Jesus, to save his people
B
Jesus Calls Us
Watch as Jesus calls together twelve special friends and teaches them to trust his Father.
C
Jesus Helps Us
Worship him in his powerful magnificent miracles and teach people in need
D
Jesus Teaches Us
Gospel: listen to Jesus' messages and learning to live like loving words
E
Jesus Loves Us
Rejoice as Jesus and as forgive sins and rises resurrection from the grave!
F
Jesus Rescues Us
Jesus' friends who see Him ascend to heaven and who receive the gift of the Holy Spirit.
G
Jesus Helps Us
Discover Jesus lives for people everywhere as early missionaries tell others about Jesus.
H
Jesus Loves Us
Experience Jesus' indwelling power in Christians. Trust God in any struggle. He goes with.

PCA/PCSP HELPLINE

PCA/PCSP Instruction Sheet

GSIL has a toll free PCA/PCSP HELPLINE for consumer access.

If you are a PCA and/or a PCSP willing to work more hours (up to 40 hours/week) you may call,

1-877-680-4824

Please leave your message in this order:

1. Towns you are available to work in
2. Name and telephone number

Messages will be deleted on the first Monday of every month.

Please update your information monthly.

**The intent of this Helpline is to inform GSIL consumers of persons available to work as PCAs or PCSPs and is not to be seen as an endorsement for employment*

Please note, information left on this Helpline will be available for public access.

ROBERT KENNEDY PUBLISHING

Test cricket is the longest form of the sport of cricket. Test matches are played between national representative teams with "Test status" as determined by the International Cricket Council (ICC). The two teams of 11 players play a four innings match, which often lasts up to five days. It is generally considered the most complete examination of teams' playing ability and endurance.[1][2][3] The origin of the name Test stems from the long, gruelling match being a "test" of the relative strength of the two sides.[4]

The first officially recognised Test match began on 15 March 1877, between England and Australia at the Melbourne Cricket Ground (MCG), where Australia won by 45 runs.[5] A Test match to celebrate 100 years of Test cricket was held in Melbourne from 12 to 17 March 1977, in which Australia beat England by 45 runs—the same margin as that first Test.[6]

In October 2012, the International Cricket Council recast the playing conditions for Test matches, permitting day/night Test matches.[7]

- 10 External links

Test status[edit]

Test matches are included in first-class cricket. Matches are played between national representative teams with "Test status" as determined by the International Cricket Council. As of December 2014, ten national teams have Test status, the most recently promoted being Bangladesh in 2000. Zimbabwe's Test status was voluntarily suspended, because of poor performances between 2006 and 2011, it returned to competition in August 2011.[8]

In January 2014, during the historic ICC meeting in Dubai, the pathway for new potential test nations was laid out with the winners of the next round of the ICC Intercontinental Cup playing a 5-day match against the bottom rank test nation. If the Associate team defeats the test nation then they could be added as the new test country and be given full membership.

A list of matches, defined as "Tests", was first drawn up by Australian Clarence Moody in the mid-1890s. Representative matches played by simultaneous England touring sides of 1891–92 (in Australia and South Africa) and 1929–30 (in the West Indies and New Zealand) are deemed to have "Test status".

In 1970, a series of five "Test matches" was played in England between England and a Rest of the World XI. These matches, originally scheduled between England and South Africa, were amended after South Africa was suspended from international cricket because of their government's policy of apartheid. Although initially given Test status (and included as Test matches in some record books, including Wisden Cricketers' Almanack), this was later withdrawn and a principle was established that official Test matches can only be between nations. Despite this, in 2005, the ICC ruled that the six-day Super Series match that took place in October 2005, between Australia and a World XI, was an official Test match. Some cricket writers and statisticians, including Bill Frindall, ignored the ICC's ruling and excluded the 2005 match from their records. The series of "Test matches" played in Australia between Australia and a World XI in 1971/72 do not b[Supertests|Kerry Packer|World Series Cricket

Adobe Acrobat PDF Files

Adobe© Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can t open files because they don t have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts software, and operating systems. Fonts and graphics are not lost due to platform software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

B & G

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil.
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

INSTALLATION

Choose a convenient location for installation. Install the door at the peak of the opening at a minimum height of 6 feet (1.8 m), away from all moving parts of door.

For a one-piece door, choose the optional location shown in the illustration to avoid injury as the door swings to open.

Test the operation of the Keyless Entry by opening your opener from the optional location. Change the location if necessary.

Remove the battery compartment cover. Depress the locking mount up here.

- Insert a small pry type screwdriver into the small hole at the bottom of the cover and gently pull outward to open.

Slide the cover down to remove.

Center the keypad at eye level against the selected location. Mark it OFF on the center and on the bottom and put a very small hole. Install top mounting screw allowing 1/8 to 3/16 inch above surface. Position keypad on screw head and adjust for snug fit.

With cover open so bottom mounting hole is visible, use a pencil to mark hole. Remove keypad and drill 1/8" pilot hole. Replace keypad and install bottom screw. Do not tighten screw using power tools or overtighten by hand to prevent damage.

To replace the battery cover, insert the tab at the top and snap in place.

THE KEYLESS ENTRY BATTERY

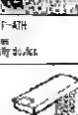
⚠ WARNING

To prevent possible SERIOUS INJURY or DEATH:

- NEVER allow small children use batteries.
- If battery is swallowed, immediately notify doctor.

The 9 volt battery should provide power for at least one year. Replace when a keypad illumination becomes dim.

Dispose of old batteries properly.



TO CHANGE AN EXISTING KNOWN PIN

If the existing PIN is known, it may be changed by any person without using a ladder.

1. Press the four buttons for the present PIN, then press and hold the # button.

   The opener light will blink twice. Release the # button.

2. Press the new 4-digit PIN you have chosen, then press ENTER.

The motor unit lights will blink once when the PIN has been learned.

Test by pressing the new PIN, then press ENTER. The door should move.

TO SET A TEMPORARY PIN

You may authorize access by visitors or service people with a temporary 4-digit PIN. After a programmed number of hours or number of accesses, the temporary PIN will not work and will no longer work the door. It can be used to close the door, even after it has expired. To set a temporary PIN:

1. Press the four buttons for your personal entry PIN (not the set temporary PIN) then press and hold the # button.

   The opener light will blink three times. Release the button.

2. Press the temporary 4-digit PIN you have chosen, then press ENTER.

   The opener lights will blink four times.

3. To set the number of hours the temporary PIN will work, press the number of hours (up to 2550), then press #.

   OR

3. To set the number of times the temporary PIN will work, press the number of times (up to 255), then press #.

The motor light will blink once when the temporary PIN has been learned.

Test by pressing the four buttons for the temporary PIN, then press Enter. The door should move. If the temporary PIN was set to a certain number of openings, remember that one test has used up one opening. To clear the temporary access set, repeat steps 1-3, setting the number of hours or times to 0 in step 3.

SPECIAL NOTE: The temporary password can ONLY be programmed to keypads working on a Chamberlain or LiftMaster Garage Door Opener. It WILL NOT work on keypads programmed to an external receiver.

The temporary password will continue to CLOSE the door even after the time has expired. To eliminate this, program a new temporary password into the keypad.

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 67 lineage determinant and tissue specific genes, most of which are not routinely measured by IHC.

Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2 000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2% blinded samples, the molecular diagnosis was 87% accurate for most tumor type and 82% accurate for tumor subtype.

Solution

Chapter 5, Section 5.3, Question 030

Convert the radicals to exponential form.

$$\ln\left(\frac{\sqrt{x+5}\sqrt[3]{x-7}}{(x+1)^7}\right) = \ln\left(\frac{(x+5)^{1/2}(x-7)^{1/3}}{(x+1)^7}\right)$$

Use the product and quotient properties.

$$\ln\left(\frac{(x+5)^{1/2}(x-7)^{1/3}}{(x+1)^7}\right) = \ln(x+5)^{1/2} + \ln(x-7)^{1/3} - \ln(x+1)^7$$

Use the power property

$$\ln(x+5)^{1/2} + \ln(x-7)^{1/3} - \ln(x+1)^7 = \frac{1}{2}\ln(x+5) + \frac{1}{3}\ln(x-7) - 7\ln(x+1)$$

TERMS AND CONDITIONS

This agreement states the terms for your credit accounts with Carter Lumber Company and any of its subsidiaries. "You" and "your" mean each person or corporation who is named on the account. "We" "Us" and "Our" mean the Carter Lumber Company or any of its subsidiaries.

Purchases: You use use your credit account to purchase goods at Carter Lumber Company and any of its subsidiaries noted in this Application.

Credit Limit. A credit line will be assigned to all approved accounts.

Personal Guarantee: Guarantor/s jointly and severally unconditionally guarantee the payment of any and all sums of money or any now or at any time hereinafter may be owing to Carter Lumber Company by Applicant or guarantors, as a result of Carter Lumber Company's extension of credit, Guarantor's waive notice of extension of time or modification of terms, authorizes the assignment of claims, and waives all notice of default by Applicant. The Guarantor/s waive notice of acceptance of this or modification of terms, authorizes the assignment of claims, and waives all notice of default by Applicant. The Guarantor/s waive notice of acceptance of this guarantee and shall not be revoked except by written notice to Carter Lumber Company not to make any further sales and delivered on the security of this guarantee. The Guarantor/s signature further acknowledges that specific authorization has been granted to Carter Lumber Company to investigate the Guarantor/s individual consumer credit report, necessary with this guarantee.

Progress Payments. All building construction accounts must follow the pay when paid requirements of state law. It is your responsibility to discuss this term of payment in the event the above terms vary from the normal terms and must before Applicant and or guarantor/s agree to pay all other items of indebtedness outstanding, retain attorney's fees, court fees and or collection agency fees due to Carter Lumber Company as set forth in guarantor's breach of the terms of sale, whether or not a lawsuit is brought to sue on the debt owed to Carter Lumber by any sales of guarantor/s. In the event that any suit or collection action is required to enforce the terms of this Credit Application and to collect unpaid account balances owing to Carter Lumber Company, the undersigned agrees that jurisdiction and venue for any such action shall be in the County of Portage State of Ohio and the parties waive their right to a jury trial.

Payment Terms for Commercial Accounts: **30 Day Terms.** Entire balance due on or before the 15th of every month unless otherwise approved by the Credit Department. Finance charge of 2% per month will be added to past due amounts. All past due accounts are subject to termination of additional credit. You agree to be bound by above terms and conditions, which are hereby incorporated by reference and made a part of this application. Your check is your receipt.

Payment Terms for Residents. **30 Day Terms. Cash Financing,** any owner built home that is financed with cash and from not from an existing bank financed borrower on loan will be subject to 30 Day Terms. Entire balance due on or before the 15th of every month unless otherwise approved by the Credit Department. Finance charge of 1.5% per month will be added to past due amounts. All past due accounts are subject to termination of additional credit.

Payment Terms for Contractors: **60 Day Terms. Bank Construction Loan Financing,** any owner built home that is financed with a construction loan will be subject to 60-day terms. Entire balance due on or before the 15th of the 2nd month unless otherwise approved by the Credit Department. Finance charge of 2% per month will be added to past due accounts. All past due accounts are subject to term notice of additional credit. You agree to be bound by above terms and conditions, which are hereby incorporated by reference and made a part of this application. Your check is your receipt

Cancellation. Except where specific written notice is required by law, we can cancel your account anytime or reason, by phone, or written notice sent to you at the address where we mail your statement. You can cancel your account by notifying us in writing. If your account is cancelled by your a by us, you will have to pay us the full amount you owe us, including amounts that have not been billed to you yet.

Changes in Terms. We can change the terms of this agreement anytime. Notifications of changes will be made in accordance with federal or state law. If we agree that changes will apply to purchases made prior to any change as well as to new purchases. If the law makes any part of this agreement void, all the other terms shall be severable and enforceable.

Disputes. Disputes must be submitted in writing within 60 days of statement date or otherwise to be considered valid. Any disputes that are not in writing will be considered invalid and payment terms above will apply

Lien Rights. You understand and agree that we reserve the right to file a mechanic's lien, attached memorial, or take whatever action is reasonably against you, the property owner where the materials are being affixed, the general contractor or the bonding company financing said construction or any other party that would have control over the funds utilized for the purpose of said construction.

Credit Request. You authorize us to obtain reports to be used in connection with this application and at any time during this agreement to obtain further credit information from any persons or firm set forth on this application and from any other source that we decide to use regarding the business, its officers, directors, agents, employees, or principals. A new time during this agreement you authorize us to obtain all information and reports for our files.

Binding Agreement. The person signing can find that all allegations provided are true and correct. You hereby give consent and authorized the below named person(s) to use the Carter Lumber Yard Account and understand that your business is liable for payment of all charges incurred by authorized signers. You agree to promptly notify Carter Lumber of any changes in authorized users

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

NOTE:

Faxing requires a standard phone line with a dial tone. To use a fax machine over cellular service (your cellphone) or **VOX** you must first connect an analog telephone adapter (ATA). An ATA is a hardware device that mimics a standard analog phone line and provides a dial tone. Before purchasing an ATA make sure it is compatible with faxing and your phone service.

Test your fax machine

To test the capability of your fax machine follow the directions below

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company in order to successfully send and receive faxes. Pressing *82 before dialing the toll free number will produce the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to Busy Error before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available on different places on different products, consult the product Users Guide for specific steps.

1. Send a one page black and white test fax to **1-888-329-8833**.
2. When your fax is received by the HP Test Fax Service, we will generate a report fax for you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Continue to the next section to run a fax test or consult the user manual that came with the product for proper setup and configuration.

NOTE:

The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine including the area code.

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1-855-330-1239 or 1-213-294-2943

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness...

You can fax something interesting to 1-855-330-1239 (it's a toll-free number if you're in the USA) or 1-213-294-2843 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (your boss will never notice maybe) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page--only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that

Fax Hardware Test	**PASS**
Fax Connected to Active Telephone Wall Jack	**PASS**
Phone Cord Connected to Correct Port on Fax	**PASS**
Using Correct Type of Phone Cord with Fax	**PASS**
Dial Tone Detection	**FAIL**
Fax Line Condition Test	**PASS**

A dial tone was not detected

Please check the items below then rerun this test.

Other equipment sharing the fax line can reduce the signal strength

Disconnect any equipment which is sharing the fax line (including extension phones, answering machines, and dial up PC modems)
If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

If your HP device is connected to a Private Branch Exchange (PBX) rather than the public telephone system, the Dial Tone Detection test may fail
However, you should be able to successfully send and receive faxes.

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test:

Step 1 Press the "Setup" button
Step 2 Choose the "Tools" menu
Step 3 Choose the "Run Fax Test" item

asana & meditation

Saturday, Sept 26
10:00 am - 1:00 pm
foundational asana & meditation

1:00 - 2:30 pm
lunch & rest

2:30 - 6:00 pm
restoral yoga asana
practice & meditation

A two-day event where yogic practices come together.

Discover points of physical connection where the breath becomes free and the mind becomes clear. This precise balance harmonizes the nervous system, removes fatigue and builds a resilient and luminous inner body.

Posture.
When the body is strengthened and fortified through asana we set a foundation for steady, even breathing.

Breath
By cultivating a delicate and gentle approach to pranayama, we soothe and nourish the subtle energy channels that allow the mind to naturally be led into the vista of pure awareness.

Meditation.
Through an informed understanding and integration of posture and breath, one is now prepared to sit with greater ease and comfort, gaining access to our own contentment and freedom. Embracing this state of wakefulness we can experience an abundance of life-affirming energy and grace.

Nikki Costello is a certified Iyengar Yoga teacher. She has been teaching yoga for 16 years and was previously certified in Jivamukti Yoga and Anusara Yoga. She has studied with extraordinary teachers such as Sharon Gannon, David Life, John Friend, Kevin Gardiner and Mary Dunn. In 1997, she met Gurumayi Chidvilasananda, the spiritual head and meditation master and teacher of the Siddha Yoga path. For 8 years she taught exclusively for the SYDA Foundation as a Siddha Yoga Hatha Yoga and Meditation Teacher. As part of the organization she conducted over 100 yoga retreats and events in North America, South America, Europe, India and China. She has returned to New York City with the intension to share the transformative and uplifting power that the path of yoga offers to each one of us.

AO 106 (Rev. 04/10) Application for a Search Warrant

United States District Court

for the

Western District of New York

In the Matter of the Search of

(Briefly describe the property to be searched or identify the person by name and address.)

WhatsApp Messenger accounts associated with the telephone numbers 5853549014, +963907197623, and +9677007809552.

Case No. 16-MJ- 635

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property located in the Western District of New York *(identify the person or describe the property to be searched and give its location)*:

WhatsApp Messenger accounts associated with the telephone numbers 5853549014, +963907197623, and +9677007809552 as described in Attachment A.

The person or property to be searched described above, is believed to conceal *(identify the person or describe the property to be seized)*:

***See* Attachment B - Schedule of Items to be Seized, all of which are fruits, evidence and instrumentalities of violations of Title 18, United States Code, Sections 956, 2339A, 2339B, 1114 *and* 924(c), *and* Title 26, United States Code, Sections 5841, 5861(d), *and* 5871**

The basis for search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- ☒ evidence of a crime;
- ☒ contraband, fruits of crime, or other items illegally possessed;
- ☒ property designed for use, intended for use, or used in committing a crime;
- ☐ a person to be arrested or a person who is unlawfully restrained.

The search is related to violations of: **Title 18, United States Code Sections 956 (conspiracy to murder or injure persons overseas), 2339A (providing, attempting and conspiring to provide material support of terrorism), 2339B (providing, attempting and conspiring to provide, material support to a designated foreign terrorist organization), 1114 (attempted murder of federal officials and employees) and 924(c) (possession of firearm in furtherance of a crime of violence), and Title 26, United States Code, Sections 5841, 5861(d), and 5871 (receipt and possession of an unregistered firearm silencer).**

The application is based on these facts: ***See* attached affidavit.**

- ☒ continued on the attached sheet.
- ☐ Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a the basis of which is set forth on the attached sheet.

2014 VACATION BIBLE SCHOOL

Thank the Lord Jesus Christ for our being able to convene for our annual Vacation Bible School You are being requested to work as a Teacher/Facilitator for our 3 evenings of Vacation Bible School on Monday July 7 Wednesday July 9 and Friday July 11 2014. You will be working in pairs. There is an Agenda for each evening and a list of topics to help you out. We are not asking you to **TEACH**, that is, do "ALL" of the talking, but to help guide and stimulate lively and interesting discussion among the participants (much like Sunday School) We want the classes to be very interactive. The theme for this year's VBS is **"Letting Others See Jesus In Me"** keeping in line with our Bishop's Christ In Me Program The Class and Teacher Assignments are as follows

Class A	Adult Brothers (age 18 and over) (Choir Stand)	Jr Deacon Lamont Swindle Bro. P A. Phillips
Class B	Adult Sisters (age 18 and over) (Rear Sanctuary)	Mother Rita Waters Sis Hattie Starks
Class C	Youth (age 12-17) (Lower Level Main Area)	Sis Deborah McMullen Sis. Lashonda Waters
Class D	Youth (age 11 and under) (Lower Level Back Room)	Sis Tryla Bentley Sis Ra'Jhon Swindle

Alternate Teachers

Deacon Michael Waters
Missionary NJ Starks
Rev Glen Wilson
Sis. Cindy Jackson

The Order of Service for the 3 nights will be as follows.

7:30-7:45 Song (Only What you Do For Christ Will Last), Prayer Scripture
7:45-7:50 Introduction and Class Assignments
7:50 – 8:40 Class Discussions
8:40-8:50 Recap Announcements and Dismissal
8:50-9:15 Fellowship and Refreshments in the Lower Level

Please let Rev Maurice McDonald know asap if you are unable to fulfill this request.

Thank you,
Rev M McDonald

TEST DESCRIPTION

Detects PD-L1 Expression by Immunohistochemistry (IHC)

TEST RESULT

PD-L1 Score	Result
TPS	Positive

COMMENT

Based on formalin-fixed paraffin-embedded tumor tissue specimen, the PD-L1 (SP142) Assay, Ventana Medical Systems, Inc. is an FDA approved companion diagnostic assay for selection of patients for treatment with anti-PD-L1 antibody therapy. Positive PD-L1 staining is defined as ≥ 5% tumor cells (TC) and/or tumor infiltrating immune cells (IC) expressing PD-L1 as detected by the VENTANA PD-L1 (SP142) Assay. Negative PD-L1 staining is defined as < 5% tumor cells (TC) and/or tumor infiltrating immune cells (IC) expressing PD-L1 as detected by the VENTANA PD-L1 (SP142) Assay.

SOURCE

Formalin-fixed paraffin-embedded tissue.

CLINICAL INFORMATION

PD-L1 is a cell surface protein that binds to PD-1 and B7.1 receptors on activated T cells, B cells, and other immune cells. PD-L1 binding to PD-1 and B7.1 receptors on T cells results in inhibition of T cell activation and cytokine release. PD-L1 is also expressed on many human cancers and is thought to play a role in tumor immune evasion. Therapeutic antibodies that block the PD-L1 interaction with PD-1 and B7.1 receptors have been developed to restore T cell activity against tumors.

Solid Tumors

PD-L1 [illegible] cell-type restricted immunohistochemistry [illegible] tumors and normal tissues and [illegible] tumor microenvironment.

Non Small Cell Lung Cancer (NSCLC):

Strong expression of PD-L1 in NSCLC tumor cells and/or tumor infiltrating immune cells is a prognostic factor associated with poor survival. Expression of PD-L1 in NSCLC is among the PD-(L)1 axis drivers that have shown promise of anti-tumor activity. The [illegible] and [illegible] PD-L1 expression [illegible] in clinical oncology trials in NSCLC.

Melanoma

PD-L1 [illegible] expression is associated with poor survival in melanoma patients. Early trials targeting the PD-1 axis with monoclonal antibodies in melanoma have shown durable, objective responses and [illegible] PD-1 axis inhibitors in melanoma is under clinical investigation.

LATE CITY FINAL

$1.25

LORDY!

One crazy day on Capitol Hill

PAGES 4-9

COMEY TESTIFIES:

- Trump is a 'liar'
- I leaked my memos to press
- The Clintons compromised Loretta Lynch
- NY Times article on Russia probe 'false'
- President not under investigation
- 'Lordy, I hope there are tapes'

Trump camp: 'Couldn't have gone better'

Autumn 2014

Dear Clients and Friends

"History is being made faster than we can pay for it!"

Graffiti, The Oakland Press

Exemptions. You are allowed one exemption for each person who qualifies as a dependent. You can claim an exemption for a dependent even if your dependent files a tax return. Personal exemptions increased this year to $3,950 for filers and their dependents. However this exemption is ***phased out*** for higher taxpayers.

Roth IRAs. The income ceiling on Roth IRAs for 2014 increased to ***higher*** levels. Contributions for couples are phased out at $191,000 and $129,000 for singles. Unlike a traditional IRA, you cannot deduct contributions to a Roth IRA.

Zero Rate. The tax rates on ***certain*** capital gains could be quite favorable. If your taxable income without including long-term gains is in the 10% or 15% tax rate then the capital gains are tax free. Profits from the sale of capital assets owned over a year are tax free and the gains push you into the 25% bracket. ***The higher 25% tax bracket*** starts at $73,800 for couples, $36,900 for singles.

Home Base. U.S. taxpayers working abroad this year have a slightly larger earned income exclusion (upped to a tad over $99,200). Closer to home the foreign tax free build rises to $1,900 ($100 more than 2013).

Credit. The college lifetime learning credit (a 5-year starter package) gets a higher income levels, $64,000 for singles $128,000 for couples. An eligible educational institution is any college, university, vocational school, or other postsecondary school on eligible to participate in a student aid program.

Timely? Wednesday, October 15th, 2014 was the last date to file your 2013 Form 1040. If you haven't filed your tax return and are still due a refund from the IRS, count your blessings. You still have a couple more years to go. However, if you still have a balance due Uncle Sam, ***call our office*** at (248) 354-3177. Let's discuss it!

Social Security. Taxpayers who turn 66 this year do not lose any benefits if they make $41,400 or less before they reach that age. Individuals between ages 62 and 65 by the end of 2014 can make up to $15,480 before they lose any benefits. There's an earnings cap once a beneficiary turns 66.

Education. The student loan interest deduction begins to phase out when income exceeds $130,000 for couples and $65,000 for single filers. The educational institute should be able to tell you if it is eligible.

Services. Referrals from friends and business associates are always welcome. If you are pleased with our services, please tell your friends and associates. *We are very appreciative. Thank you.*

We're glad to be associated with you. ☺

What are the basic title fees?

1. New Vehicles $77.75
2. Vehicles previously registered in Florida $77.75
3. Vehicles previously registered in another state or country $87.75
Note: Add an additional $2 to the application fee when recording a lien
4. Lien add only $74.25

Title not required on trailers through 1999 pounds, mopeds, or motorized bicycles

Expedited service is available in some tax collector offices. Contact your local county tax collector's office to see if they currently offer this service. For counties offering the expedited service, a fee of $10 (for the service) will be required in addition to the standard title fees

The application for title, along with all required documents and fees, must be submitted or mailed to the applicable county tax collector's office for processing. A certificate of title will be issued within five working days after receipt of the documentation and fees

All taxes and fees are subject to statutory change

Method Target Selector™ by Biocept

Positive and negative controls were run and tracked in an appropriate manner. The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the BRAF mutation. The assay has a sensitivity of 0.99% mutant population.

INSTRADENT

Bright choice. Bright smile.

October 18, 2016

Dear Valued Partner:

Since launching the Neodent brand in the United States in 2014, Neodent has become the fastest growing implant company in the world. Our goal in coming into this market was to provide our customers with a fair priced implant which would deliver excellent clinical results. With the tremendous growth we have experienced over this time, we believe we have accomplished this goal.

Neodent is now the 4th largest implant company worldwide and continues to attract new customers who share our commitment in bringing value and high clinical standards to this industry. Since our introduction in the US and until this time, we have been able to maintain the initial price point of all of our products, despite the rapid rise in service expenses.

We know the importance of value and high quality to you and your business and I assure you that we take any changes in our pricing into careful consideration before making any decisions. It is with this sensitivity that we have decided to align our business and implement a modest price increase on a select number of our products. As of November 1, 2016, the following change will be in effect:

Products	New List Price
GM NeoPeros Implants	$ 170
Straight Abutments	$ 85
Angled Abutments	$ 95
Mini Conical Abutments	$ 98
Mini conical Angled Abutments	$ 100

As a partner of Neodent, you know firsthand that we have never compromised the quality of our products. Our commitment remains strong to providing value while delivering excellent clinical results for our customers and their patients.

We remain pleased to have you as a customer and to be your partner of choice for dental implants.

Thank you

Sincerely

Bill Benjaminsen
General Manager

Community Issues Programming for October 1 December 31, 2013

WCLH has identified the following issues as significant issues facing our community this quarter Following each issue is a list of programs aired addressing that issue.

Issue: Immigration Reform A growing Hispanic population in Luzerne County is concerned ab out possible deportation and seeks a means to stay in the country legally

Democracy Now! "As Congress Stalls on Immigratin Deal, Obama has Paired to Deport Two Millionth Immigrant" Clarissa Martinez-De-Castro is interviewed Discussed are planned protests over immigration policy Airdate 4 October 2013 8:27 AM Length 8 minutes

Democracy Now! "Undocumented and Unafraid" Report on 30 Immigrants detained crossing into the US at border protest. Airdate 4 October 2013 8.35 AM Length 11 minutes.

Issue: Health Care Reform Major portions of the Affordable Care Act will take effect October 1st, 2013 among much controversy

Democracy Now! "Has GOP Already Defeated Obamacare? " Imara Jones and Trudy Lieberman discuss how states opting out of Medicaid expansion are preventing the "working poor" from obtaining health insurance under the new plan. Airdate 3 October 2013 8 19 AM Length 22 minutes

Democracy Now! "Is Obamacare Enough?" Dr Steffie Woolhandler and John McCormaugh discuss how the Affordable Care Act will still leave many poor people still uninsured and that the only solution to the problem is for the United States to change to a "single payer" or "Medicare for All" health insurance system. Airdate 7 October 2013 8:24 AM Length 22 minutes

Democracy Now! "Diagnosing the Online Heath Exchange Debacle: Proprietary Software Needs a Dose of Open Source" Juan Gonzalez interviews Rep am Murry discuss the problems with the healthcare gov web site. Airdate 25 October 2013 8 50 AM length 8 minutes

Nephrology Dialysis Transplantation

Images in Nephrology
(Section Editor G. [illegible])

Placement of an internal jugular dialysis catheter into the superior intercostal vein

Mark J. Sarnak and Ashwin S. [illegible]

Division of Nephrology, [illegible], USA

Key words: catheter; chest radiograph; hemodialysis; internal jugular vein

The value of a routine radiograph following the interventional placement of an internal jugular dialysis catheter has been questioned, with some reports that unexpected findings rarely result from routine chest radiographs after uncomplicated placement of internal jugular catheters [1]. We describe an unusual venous anomaly that was revealed by a routine post procedure chest radiograph and that could complicate common procedures that may have [illegible] but learn as trained

Case

A 78-year-old woman with a history of [illegible] and multifocal [illegible] was admitted to the hospital [illegible] a myocardial infarction. She was [illegible] and evidence of [illegible] congestive [illegible] dialysis catheter was placed in the [illegible] jugular vein for hemodialysis. [illegible] dilator, blood was aspirated and the [illegible] catheter was placed without difficulty using the [illegible] technique. No complications were noted. A routine chest radiograph (Figure 1) revealed the tip of the catheter projected on the lateral aspect of the [illegible] descending thoracic aorta (Figure 1). A repeat film was performed which showed an identical [illegible] perpendicular view. The name on the [illegible] and [illegible] was the same as that of the [illegible] dental vein that is immediately [illegible] azygous vein and subsequently the superior vena cava. The absence of any [illegible] suggested that the anomaly was a [illegible] in origin. The catheter was removed [illegible] that the dilator of the blood vessel would not be sufficient to tolerate hemodialysis blood flows or cause complications.

Discussion

Typically, or absence of the brachiocephalic vein demonstrates alternate pathways whereby blood from the left upper extremity and left internal jugular vein may reach the right atrium. Predominant pathway is persistent left sided superior vena cava which drains into the coronary sinus as well as several variations through which blood drains via superior intercostal veins into the accessory hemiazygos vein and subsequently into the azygos system [2].

The left paramediastinal location of the catheter on the anteroposterior radiograph raised the possibility of placement in a remnant left-sided superior vena cava, or [illegible] thoracic (mammary) vein which runs [illegible] anteriorly [3–6] or superior intercostal vein which runs posteriorly [7–10] (Figure 3). Placement in the pericardiophrenic vein was possible although less likely as it usually runs laterally along the cardiac border [11–14]. A lateral film would have been helpful in distinguishing these possibilities but was difficult given the requirements for ventilatory support. Placement of a central venous catheter in the pericardiophrenic vessel has resulted in pericardial tamponade [15] while placement in the internal thoracic vein has resulted in pleural effusions, chest wall abscess, pulmonary edema, dyspnea and chest pain [5,6]. Placement in the superior intercostal vein has resulted in azygos thrombosis and pulmonary embolism [8,15]. The angiogram confirmed the position of the catheter and probable drainage through the superior intercostal vein to the accessory hemiazygos vein and finally to the azygos system. The vertical flow of contrast was inconsistent with that followed by a persistent left-sided superior vena cava. The angiogram also confirmed an [illegible] brachiocephalic vein which therefore precluded contrast of the catheter in the left brachiocephalic vein a procedure that is often recommended [11,12,14].

Correspondence and offprint requests to: [illegible], Beth Israel Division of Nephrology, New England [illegible], 330 Brookline Ave., 3rd 739 Washington Street, Boston, MA, 02118, USA.

CONTINUING

ADVANCED FIGURE DRAWING

Linda Price-Sneddon
Artist, artist-sneddon.com

Through concentrated study of the figure, students will develop and refine their drawing practice. We will focus on basic principles of observation to strengthen visual acuity, the concept of structure, anatomical as well as in the round and on the drawing itself - its privacy. As the session progresses, we will explore the long pose, giving students the opportunity to achieve more fully rendered drawings. Students should have a strong background in drawing fundamentals. Limited to 15.

COURSE CODE: 4FDR
Sec. 01: F Mondays, 1:30-5:00 pm. Begins Sep. 28. 56 Brattle St. | $367

ADVANCED PAINTING

Barbara Baum
M.F.A., Boston University

This course is for students who have completed "Basic Painting" or who have a good understanding of painting's basic issues. We will use acrylic and the mixable oil for the Flash studies. It is encouraged to explore new palettes according to new ideas, devices that own personal language and set personal goals. Composition, color, relationships, and paint handling will be emphasized. Limited to 14.

COURSE CODE: 1APT
Sec. 01: Wednesdays, 6 Sessions (makes 2 classes per week for 3 weeks), 9:00 am-12:30 pm. Begins Sep. 26, 56 Brattle St. | $792

MAKE-UP DAYS: Nov. 1
Sec. 01: Wednesdays, 9:00 am-12:30 pm. Begins Sep. 26, 56 Brattle St. | $413

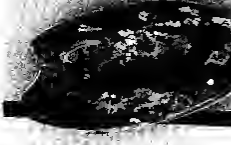
MAKE-UP DAY
Sec. 01: Friday, 9:00 am- 12:30 pm. Begins Sep. 30, 56 Brattle St. | $207

PAINTING TUTORIAL

Sue Miller
M.A.T. Harvard University

This intensive painting workshop is designed for the student who is ready to move beyond formal class exercises to create paintings of personal value and individual expression. Students come prepared with ideas for paintings using their own sources, resources, subject, etc. Through formal format and occasional group critiques, students will come to a greater understanding of their distinct artistic voice. Projects will come in a number with at least one year of previous painting experience. Limited to 16.

COURSE CODE: 4TBD
Sec. 01: S Mondays, 3 Sessions, Nov. 4-18. 56 Brattle St. | $397



WORKING IN SERIES

Barbara Baum
M.F.A., Boston University

This is a painting class for people who have had experience in painting from life. We will concentrate on one day studies to full-scale. You will be on comprehensive color relationships and paint handling. More advanced students will be encouraged to work towards and figure out how to begin in terms of a series of paintings. Limited to 12.

COURSE CODE: 1SER
Sec. 01: F, 10 Wednesdays, 1:00-4:00 pm. Begins Sep. 28, 56 Brattle St. | $371

PORTRAIT PAINTING

Brett Gamache
Artist, brettgamache.com

In this class, we will study the structure of the head by doing studies of a skull and using the information from that structure to better understand the model's proportions. With the use of models, we will do various timed-out, quick and longer-term, to analyze the head and its relationship to the entire head. We will discuss color as it relates to skin tones, and begin to find our individual palettes. Limited to 14.

COURSE CODE: 1PPT
Sec. 01: M Tuesdays, 6 Sessions, Nov. 3-Dec. 8. 56 Brattle St. | $456

PAINTERS LOOK AT PAINTINGS

Brett Gamache
Artist, brettgamache.com

Painters experience art in a fundamentally different way than art historians or art critics. This unique and different classes for the painter to look and discuss what they find compelling about a wide variety of art. Limited to 15.

COURSE CODE: 1APL
Sec. 01: W Wednesdays, 5 Sessions, Sep. 30-Nov. 4. 56 Brattle St. | $337

HOW TO BUILD AND PREPARE A CANVAS WITH AN OIL GROUND

Linda Price-Sneddon
Artist, artist-sneddon.com

Would you like to know how what it is to paint on a beautiful, when canvas with a real surface of ground that you have prepared yourself? In this two-day workshop you will build, stretch, size and prime two canvases, one with a traditional oil ground and the other with an acrylic gesso ground. Participants will receive a detailed demonstration kit. There will also be a materials fee for stretchers, canvas, etc. provided for each participant. Limited to 8.

COURSE CODE: 4BPO
Sec. 01: S Thursdays, 2:00-4:00 pm. Nov. 3-18. 56 Brattle St. | $160

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Imprimatur
Most Rev George W Ahr
Bishop of Trenton

testthat: Get Started with Testing

by Hadley Wickham

Abstract Software testing is important, but many of us don't do it because it is frustrating and boring. **testthat** is a new testing framework for R that is easy learn and use, and integrates with your existing workflow. This paper shows how with illustrations from existing packages.

Introduction

Testing should be something that you do all the time but it's normally painful and boring. testthat (Wickham, 2011) tries to make testing as painless as possible: so you do it as often as possible. To make that happen, testthat

- Provides functions that make it easy to describe what you expect a function to do, including catching errors, warnings and messages.
- Easily integrates in your existing workflow whether it's informal testing on the command line, building test suites, or using `R CMD check`.
- Can re-run tests automatically as you change your code or tests.
- Displays test progress visually, showing a pass, fail, or error for every expectation. If you're using the terminal, it'll even colour the output.

testthat draws inspiration from the xUnit family of testing packages, as well from many of the innovative Ruby testing libraries like rspec[1] testy[2] bacon[3] and cucumber[4]. I have used what I think works for R, and abandoned what doesn't, creating a testing environment that is philosophically centred in R.

Why test?

I wrote testthat because I discovered I was spending too much time recreating bugs that I had previously fixed. While I was writing the original code in fixing the bug, I'd perform many interactive tests to make sure the code worked, but I never had a system for retaining these tests and running them again and again. I think this is a common development practice of R programmers. It's not that we don't test our code, it's that we don't store our tests so they can be re-run automatically.

```
[1] http://rspec.info/
[2] http://github.com/ahoward/testy
[3] http://github.com/chneukirchen/bacon
[4] http://wiki.github.com/aslakhellesoy/cucumber
```

In part this is because existing R testing packages, such as RUnit (Burger et al. 2009) and svUnit (Grosjean, 2009) require a lot of up-front work to get started. One of the motivations of testthat is to make the initial effort as small as possible, so you can start off slowly and gradually ramp up the formality and rigour of your tests.

It will always require a little more work to turn your casual interactive tests into reproducible scripts, you can no longer visually inspect the output, so instead you have to write code that does the inspection for you. However this is an investment in the future of your code, that will pay off in:

- Decreased frustration. Whenever I'm working on a strict deadline I always seem to discover a bug in old code. Having to stop what I'm doing to fix the bug is a real pain. This happens less when I do more testing, and I can easily see which parts of my code I can be confident in by looking at how well they are tested.
- Better code structure. Code that's easy to test is usually well designed. I have found writing tests makes me extract out the complicated parts of my code into separate functions that work in isolation. Those functions are easier to test, have less duplication, are easier to understand and are easier to re-combine in new ways.
- Less struggle to pick up development after a break. If you always finish a session of coding by creating a failing test (e.g. for the feature you want to implement next) it's easy to pick up where you left off: your tests let you know what to do next.
- Increased confidence when making changes. If you know that all major functionality has a test associated with it, you can confidently make big changes without worrying about accidentally breaking something. For me this is particularly useful when I think of a simpler way to accomplish a task—often my simpler solution is only simpler because I've forgotten an important use case.

Test structure

testthat has a hierarchical structure made up of expectations, tests and contexts.

Test Fax

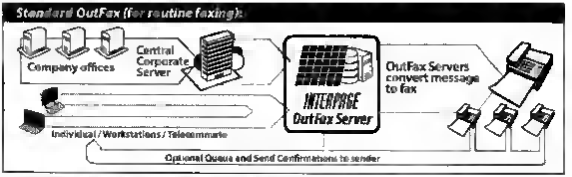
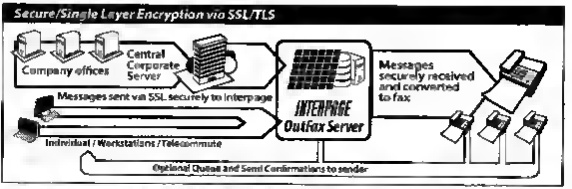
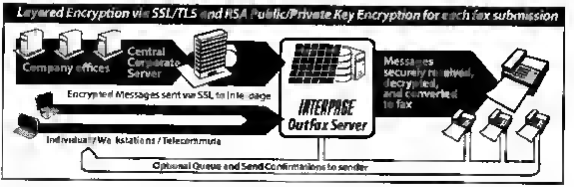
OutFax Secure
provides multiple levels of fast, reliable, and secure fax transmission:



Standard OutFax (for routine faxing):
Company offices
Central Corporate Server
INTERPAGE OutFax Server
OutFax Servers convert message to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender



Secure/Single Layer Encryption via SSL/TLS
Company offices
Central Corporate Server
Messages sent via SSL securely to Interpage
INTERPAGE OutFax Server
Messages securely received and converted to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender



Layered Encryption via SSL/TLS and RSA Public/Private Key Encryption for each fax submission
Company offices
Central Corporate Server
Encrypted Messages sent via SSL to Interpage
INTERPAGE OutFax Server
Messages securely received, decrypted, and converted to fax
Individual / Workstations / Telecommute
Optional Queue and Send Confirmations to sender

Interpage OutFax Secure: Enterprise-grade, highly secure, fast and reliable fax gateway with low-cost per minute or unlimited faxing

Interpage's OutFax Secure provides a fast, secure, redundant and economical way for businesses, organizations, online servers and cloud-based applications to send faxes to one or more fax recipients worldwide. OutFax Secure is fully HIPAA compliant and offers multiple layers of encryption, which go beyond HIPAA requirements. OutFax Secure provides detailed reporting of fax send status and success/failure in real-time along with accounting/billing codes.

Find out more about secure faxing at interpage.net/secure or call +1 (650) 331-3900

test text file

Step 22 Enter a dialing pattern in the **Dialing Pattern** field. Based on the previous examples, the dialing pattern would be 5501

Note For more information on dialing patterns and using regular expressions for dialing patterns, see the "InformaCast 8.0 Installation and User Guide."

Step 23 Select an authentication method from the **Authentication** dropdown menu. This is a new feature with DialCast, which allows you to set security on DialCast calls.

None will not require your users to prove their identity when making a DialCast broadcast. **User Login** will require your users to enter their numeric username. **User Login** and **Password** will require your users to enter their usernames and passwords.

Step 24 Select a message from the **Select Message** dropdown menu or enter a regular expression in the **Message Description** field that specifies the message to be broadcast.

Step 25 Use any of the following methods to dictate who will receive the broadcast (you can use more than one and the **Dialcodes** and **DNs** fields support more than one entry, separated by commas):

- Select a recipient group from the **Select Recipient Groups** dropdown menu
- Enter a regular expression in the **Recipient Group Name** field
- Enter a regular expression in the **Dialcodes** field
- Enter a regular expression in the **DNs** field

Step 26 Click the **Add** button to save your current dialing pattern configuration.

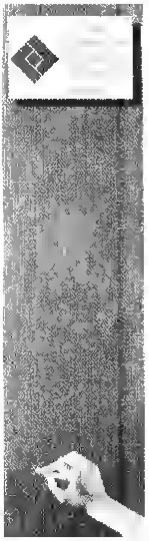
InformaCast should register each CTI route point. You can confirm this by looking at the registration address of each CTI route point in Communications Manager.

Step 27 Go back to your Communications Manager window and select **Device | CTI Route Point**. The Find and List CTI Route Points page appears.

Step 28 Adjust the filters on this page to display your DialCast route points and click the **Find** button. Your route points should display with the correct extension and the IP address of your InformaCast server.

If all of your CTI route points aren't registering:

- Check your list of dial codes and confirm that you have the name of the CTI route point for each dial code
- Review the InformaCast application user, confirming that you have associated each CTI route point with this user



WTA: Educational Program

Curriculum

- Designed for the bedside wound care provider (concept of "associate")
- Continuing Education course
- Target Audience: RN's, LPN/LVN's, Military Medics

Ash Tree Owners:
It's Time to Take Action
The Emerald Ash Borer (EAB) is expected to kill all Richmond Hill ash trees in the next 2 to 4 years
Ash trees on private property are the responsibility of the property owner. If you have an ash tree on your property we urge you to consult with a qualified private tree care company about management options that will protect your property and your safety
Dead or dying trees that pose a risk to property or public safety are subject to the Town's Property Standard By-law and Private Tree By-law
HEALTHY ASH TREE
INFESTED ASH TREE
Ash trees on public property are the responsibility of the Town. Tree removal and replacement is ongoing. Visit our website for details.

WHAT YOU CAN DO FOR CLEANER AIR

EARTH HOUR

Collectively, individual actions can make a big difference. Be part of the change that is already underway in communities around the world.

Participate in Earth Hour and commit to saving energy by turning off your lights on Saturday, March 25 at 8:30 p.m.

Visit **Earthhour.org** to see how you can have a lasting impact.

Be Energy Efficient!

By making a few small changes to how you use energy, you can save money and help protect the environment!

- Switch to LED (Light Emitting Diode) or CFL (Compact Fluorescent) bulbs.
- Run dishwashers, clothes washers and dryers with full loads at off-peak hours.
- Check doors, windows and walls for drafts and seal them up.
- Install Energy Star® rated appliances.
- Install a programmable thermostat.
- Change furnace filters regularly.

Power Stream

For helpful homeowner assistance programs and more information on how to reduce your energy use, visit **Powerstream.ca/Conservation**.

Form 940 (2016)

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. We need it to figure and collect the right amount of tax. Chapter 23, Federal Unemployment Tax Act, of Subtitle C, Employment Taxes, of the Internal Revenue Code imposes a tax on employers with respect to employees. This form is used to determine the amount of the tax that you owe. Section 6011 requires you to provide the requested information if you are liable for FUTA tax under section 3301. Section 6109 requires you to provide your identification number. If you fail to provide this information in a timely manner or provide a false or fraudulent form, you may be subject to penalties.

You aren't required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books and records relating to a form or instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law.

... and criminal litigation, and to cities, states, the District of Columbia, and U.S. commonwealths and possessions to administer their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

The time needed to complete and file this form will vary depending on individual circumstances. The estimated average time is:

Recordkeeping	9 hr., 19 min.
Learning about the law or the form	1 hr., 23 min.
Preparing, copying, assembling, and sending the form to the IRS	1 hr., 36 min.

If you have comments concerning the accuracy of these time estimates or suggestions for making Form 940 simpler, we would be happy to hear from you. You can send us comments from ...

Cisco Model DPC3941T DOCSIS 3.0 24x4 Wireless Residential Voice Gateway

If you're looking for a cost-effective, high-performance voice and networking gateway for the home and small office, you've just found it. The Cisco® Model DPC3941T DOCSIS 3.0 24x4 Wireless Residential Voice Gateway is multiple solutions in one product. It combines a cable modem, two-line digital voice adapter, a router, and 802.11n wireless access points in a single device. The gateway delivers a fast Internet connection by incorporating 24 bonded downstream channels along with four bonded upstream channels. The bonded channels deliver downstream data rates that exceed 900 Mbps and upstream data rates that exceed 120 Mbps. Downstream rates are up to 24 times faster than conventional single channel DOCSIS® 2.0 cable modem sites.

The Cisco Model DPC3941T residential gateway (Figure 1) is designed to meet PacketCable™ 2.0 and DOCSIS 3.0 specifications. It offers backward compatibility for operation in PacketCable 1.0 and DOCSIS 2.0, 1.1, and 1.0 networks.

FACTS
You are a disappointment

Returning or Exchanging This Product

Returns are always inconvenient. But if you will follow these instructions carefully, we can process your return or exchange quickly and with a minimum of difficulty.

1. Call the company where you originally purchased the product. If you purchased it from PetDoors.com, call us at 1-800-826-2871 (prees 2) with your order number so we can issue you an RMA number (return merchandise authorization). Place that number prominently on the outside of the package.
2. Ship the item back to:
   PetDoors.com
   282 Tank Farm Road, Building F-1
   San Luis Obispo, California 93401

If the Product Was Damaged or Defective

1. If the product you received is defective, follow the instructions above for returns/exchanges. We will refund the original shipping charges in addition to the cost of the product upon receipt. In addition we will deduct the original shipping charge from any replacement product shipping charge.
2. If your shipment was damaged in transit you must notify us within five business days. We will immediately ship a replacement and take care of any damage claims with the carrier. You will incur no additional cost. After five days, you may be refused compensation or replacement for the damage.

Additional Information

1. It is your responsibility to ensure that the package is properly packaged for shipment back. Please realize that the packaging you received has already been used once. It may not continue to be adequate to ensure a safe return. You may wish to use the services of a professional shipping service to ensure adequate packaging.
2. Be especially careful of leaving loose objects in the box which may scratch other objects. Merchandise that is damaged in shipping may not be accepted for refund. We will refuse shipments that are obviously damaged.
3. We recommend you purchase adequate insurance. If your shipment is lost or damaged in transit, you will collect from the carrier not us. The carrier will not reimburse you for more than the amount insured (the default given is nothing may be $100). Please note that carriers may wish to examine the packaging if you file a damage claim.
4. We recommend you pay the slight premium for "proof of delivery."
5. Do not ship COD to us. We refuse all COD shipments.
6. Shipping charges are not refundable.
7. In a case where you were not charged ground shipping on the product, the original shipping charge (which had been waived) will be deducted from the refund in case of a return.

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Bishop of Trenton

Susan Brunel: The Bristol Steampunk Convention

Friday June 26, 2015 at [illegible] Tuesday, June [illegible] at [illegible]
Three days of performers, workshops, talks and all things steampunk

Friday Evening:

Concert of 3 albums - Performances from the Victorian Derby...

Saturday Daytime :

Joe Marvellous Xavier - feast your eyes and purses on Joe's Victorian Knick Knacks
Steampunk Jewellery - pieces of this world to be called the Brain...
Saturday Evening:
Dusk Doll Museum - [illegible] the fantastic world of Miss Dusk's Secret Theatre
Sunday Daytime

Jonny Lunt continue to drop and roam at the university and market

Full Saturday Night Line Up

[illegible]
Music - Full Moment
Steampunk at exactly 8 o'clock we will be [illegible] the Bristol Cooperative Theatre Ball Steampunk Dance in full flow in the main theatre. If you'd like to wear your finest Victorian dress or Steampunk outfit you're welcome to [illegible]
At 9:00 we will watch Full Wild Bill Evil Fighting Alliance [illegible] of Final Fantasy
After the Victorian Strong will take to the stage to show the traditional Victorian [illegible] in a room filled with [illegible] and [illegible]
At 22:00 Miss Van Trapp will perform a wild and seductively quirky burlesque [illegible] you're not sure how she's going to [illegible] a well timed slow marvellous fan
At [illegible] Sarah [illegible] the Bristol Cooperative Theatre [illegible] and [illegible] Dr. Carver Mystical [illegible] you mind and handle you [illegible] As you witness superb [illegible]
Finally at 23:30 we say [illegible] easier than night easy and many [illegible] favourite caper [illegible] christmas [illegible]
For you [illegible] party animals there will then be music and dancing to end the evening
At 01:30 [illegible]

The venue [illegible] an old film studio [illegible] the early heat of [illegible] (because they have a very modern sound system [illegible] they have real [illegible] rugs (Kaa [illegible]

For the best and most important gear we need timber tales to ensure the event goes [illegible]

Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the **Automatic Reports** option to **Every Error** model when using a test fax. This way, even if the test fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available on different places on different products: consult the product User's Guide for specific steps.

1. Send a one page black and white test fax to **1-888-hptestme (1-888-473-8383)**.
2. When your fax is received by the HP Test Fax Service, we will generate a report fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

Quality, Service & Value

Imagine finding a landscape contractor that can consistently deliver on all three of these. For more than 21 years JFD Landscapes, Inc has been providing quality, service and value to our clients throughout the Chagrin Valley area

As all businesses will tell you, these are tough economic times we are facing. We have loyal dependable employees that depend on JFD for their financial well being. We take that responsibility seriously. With this is in mind, we have decided to kick off our spring sales by rolling back our pricing for a limited time

I am sure you have landscape projects that you have dreamed about doing or know someone who does, but always thought it was too expensive. Well, now is the time. Our price reduction includes Maintenance as well as Landscape Construction work

It does not matter if it is a Spring Clean-up, weekly maintenance, lawn fertilization, landscape design work or mulch. The list is endless. Install a patio, replace your walk with pavers, put in low-voltage landscape lighting, upgrade your plantings, enjoy a stone fire pit. How about a waterfall with or without a pond? A synthetic putting green will keep your game strong all year round. Are your timber retaining walls full of bees or falling down? Replace them with a stone wall. **Now is the time to act!**

You get the idea, don't delay. Visit our website www.jfdlandscapes.com and go to our Contact Us page or call 440-543-9644 to schedule a ***no cost*** consultation. This reduced pricing is valid on all signed agreements received by April 30, 2010

Active Release Techniques® (ART)

State-of-the-Art Treatment for Sprains, Strains, Aches & Pains

COMMON CONDITIONS WE SUCCESSFULLY TREAT

Neck Pain ART treats the cause which is typically restrictive adhesions in the neck AND upper back

Shoulder Pain ART isolates the cause typically one of the 4 rotator cuff muscles Each muscle is treated individually

Elbow Pain ART treats the cause which is inflammation and adhesions in the muscles of the forearm The elbow pain is just the symptom!

Carpal Tunnel Syndrome: ART treats adhesions which can bind up the nerve in the wrist AND forearm Surgery is typically not necessary!

Hand Numbness: This is caused by adhesions in the forearm shoulder or neck which bind up nerves

Low Back Pain ART treats the cause which is typically a tight hip joint

Sciatica/Leg Pain ART treats the cause which is typically from adhesions that bind up the nerve in the hip and hamstring muscles

Hip Pain ART treats the cause which is adhesions in the hip rotator muscles This is why your back hurts when you put your socks on!

Knee Pain ART isolates adhesions in the upper thigh or hamstring Knee pain is typically a symptom of tight thigh muscles

These are some of the most common conditions treated using Active Release Techniques If your condition is not listed please call and ask how we can help

Random Stuff Sent From Your Fax Machine
Fax something interesting toll free to 1 855 330 1239 or 1 213 294-2943

USAA®
Individual & Family Vision Plans That Fit Your Budget
Learn More

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-855 330 1239 (you betcha will never notice maybe) or 1 213 294-2943 (long distance to Los Angeles, California) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the ten few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

COMMERCIAL GENERAL LIABILITY
CG 20 33 07 04

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – AUTOMATIC STATUS WHEN REQUIRED IN CONSTRUCTION AGREEMENT WITH YOU

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

A. Section II – Who Is An Insured is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or

2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

a. The preparing, approving, or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

b. Supervisory, inspection, architectural or engineering activities.

2. "Bodily injury" or "property damage" arising after:

a. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

b. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a single use of part of the same project.

Explosive Fighter Ucam from the DuelMasters trading card game walks around the Comic Con International Convention in San Diego.

Filmmakers aim to win over fans of comic books

By Anthony Breznican
[illegible] Press

SAN DIEGO — Sometimes the archenemy of a superhero movie is the expert-fan, the kind with the power to create a firestorm of negative buzz on the Internet over a perceived injustice to a beloved character.

Now Hollywood has discovered a place where it can try to leap that fan sleepiness in a single bound: Comic-Con International.

The sci-fi gathering was attended by an estimated 90,000 people last weekend, including celebrities and filmmakers from such forthcoming films as Batman Begins, Fantastic Four and Constantine, who tried to show their reverence for the comic book characters they are bringing to the screen.

"There are 90,000 people who are going to pass through here and there are only 30,000 at the Democratic convention. Want some that tell you," said Lance Henriksen, the star of the upcoming Aliens vs. Predator film.

Michael Chiklis, Emmy-winning star of The Shield, showed up to talk about his

Factoring

Joe Tex Inc WILL pay factoring companies However any and every invoice and/or remittance copy MUST be clearly marked to whom and what address to make checks payable

Joe Tex Inc will NOT make a double payment.

Carriers are fully responsible for payment made to them. Payments that need to be forwarded to a factoring company are solely the trucking company's responsibility. However if invoice/remittance is clearly marked, payment will be sent to the party indicated

No statements sent from factoring companies stating that payments are to be sent to factoring companies will be signed. If invoices with or without remittance copies are sent that are not clearly marked to whom the payee should be, Joe Tex Inc does not guarantee that they will be sent to the factoring company

Joe Tex Inc will not be held responsible for any payment that is mailed to the wrong address. It is YOUR responsibility to notify us of your receivables procedure.

Thank you for your cooperation

Mr Hansen

Thanks you for [illegible] landscaping in your new divisional headq[illegible] with for the concept phase as agreed [illegible]

Since your available area is somewhat limited, we suggest a modular layout. This concept emphasizes space conservation and yet still provides for a modern pleasing atmosphere

Enclosed are two floor plans. The first one will allow you to keep your present furniture The second way designed with the intention that our new space saving modules be used Notice that the latter will provide for more spacious accommodations and/or room for additional personnel Also included are the specification sheets on these products

After you have had a chance to study our ideas, I would like to set up a meeting during October to discuss any further refinements I will have my secretary make the arrangements Please call me in the interim if you have any questions

PDF Test File

Congratulations, your computer is equipped with a PDF (Portable Document Format) reader! You should be able to view any of the PDF documents and forms available on our site. PDF forms are indicated by these icons or .

Yukon Department of Education
Box 2703
Whitehorse Yukon
Canada
Y1A 2C6

Please visit our website at http://www.education.gov.yk.ca

How to use Join Me (Free screen Sharing – for selling when you can't be There in person!)

1) Go to www.join.me

2) Your customer needs to go to www. join me too

3) Click on Start Meeting

4) Your Customer should click on Join Meeting

5) If the software start its download you will see options at the bottom of the screen to Run, Save and Cancel Select Run.

6) If you don't see these options at the bottom of the screen, click on the restart the download option on the website then select Run once the options appear at the bottom of the screen

7) When the software is done installing, it may take a few, you will see the join.me toolbar appear at the top of your screen. Here's how it looks on my screen.

8) Once your customer has downloaded the software, they enter your 9 digit code in this case my code as you can see above, is 674-648-936.

9) By entering the code your customer will now be connected to your laptop, they can see everything on your screen. You can pause the screen sharing, so you customer can't see your screen, at any time by clicking on the monitor icon on the toolbar. You can see it above, it's right below my 9 digit code.

10) You can use the Phone button on the toolbar to connect your computers so you can talk to your customer right from the computer, without needing a phone.

11) Call me anytime if you want to practice or just need more help with Join Me

Troubleshooting Steps

The steps below will help you resolve common faxing problems

- Switch off fax machine and unplug power adapter from device and from wall outlet
- Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device

Further Assistance

If you need further assistance using your XXXXXXX Fax Service we are always available to help.

Call us at 1 234-567-8901 (1-234-567-8901) or visit www.website.com

environments. You can think of Controller Area Networks as high-speed intelligent serial communications networks with everything you wished you could have in a comparable RS-232 connection. A Controller Area Network is just as easy to physically implement as a legacy RS-232 network.

The chipKIT Max32 CAN Module..

Although the PIC32MX795F512L includes a twin-engine CAN Module, the chipKIT Max32 does not natively support Microchip's MCP2551 CAN Transceivers. Each of the chipKIT Max32's CAN engines can access a Controller Area Network Bus via it associated MCP2551 CAN Transceiver. The MCP2551 CAN Transceivers are mounted on the chipKIT Network Shield. MCP2551 CAN Transceivers at the extreme ends of the Controller Area Network Bus must have their Controller Area Network Bus pins terminated with 120Ω resistors.

In addition to a CAN protocol engine, the chipKIT Max32 CAN Module includes message acceptance filters and message assembly buffers. Incoming CAN messages are filtered by the message acceptance filters and masks. If the incoming CAN message meets the filter and mask requirements, the received CAN messages can then be routed to the receive message assembly buffer. Conversely, an outgoing CAN message is assembled in the transmit message assembly buffer before being handed over to the CAN protocol engine for transmission.

The chipKIT Max32 CAN Module contains absolutely zero buffer area. All of the buffered data must reside within a block of preallocated SRAM. The chipKIT Max32 CAN Module can transfer data to and from the SRAM buffer area without any CPU intervention.

Bringing Up the chipKIT Max32 CAN Module.

As far as initialization is concerned, both CAN1 and CAN2 are coded identically. Activating the chipKIT Max32's CAN Module is a process that involves manipulating the bits within a number of PIC32MX795F512L 32-bit CAN registers.

The PIC32MX CAN Module registers are organized into four functional groups:

1. CAN Engine/CAN Module Bit Rate Configuration Registers
2. Interrupt and Status Registers
3. Mask and Filter Configuration Registers
4. FIFO Control Registers

The chipKIT Max32 CAN Module can be configured and activated by writing the correct bit patterns to each of the four sets of CAN Module registers. The CAN demonstration code that accompanies this document is based on the Microchip PIC32MX CAN Module Peripheral Library and Section 34 of the PIC32MX Family Reference Manual.

There are six chipKIT Max32 CAN Module operation modes:

- Configuration Mode
- Normal Operation Mode
- Listen Only Mode
- Listen All Messages Mode
- Loopback Mode

how does this look?

Results

BRAF Mutations: NOT DETECTED

Plasma Volume tested: ml

Method: Target Selector™ by Biocept

The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the BRAF mutation. The assay has a sensitivity of 0.05% mutant population.

This test was developed and its performance characteristics determined by Biocept. It has not been cleared or approved by the US Food & Drug Administration (FDA). This test is used for clinical purposes. The Laboratory is certified by the United States Department of Health (CLIA-88) to perform high complexity testing.

HP Consumer Support

Testing Your HP Fax Machine with the HP Fax Test Service

Print Share Feedback

Introduction

This document will assist you in testing your HP fax machine using the **HP Fax Test Service**. Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below:

NOTE: Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing *82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. If your phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE: Whenever troubleshooting a fax issue, it is good practice to set the Automatic Reports option to **Errors Error** before attempting a test fax. This way, even if the send fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product's Guide for specific steps.

1. Send a one page black and white test fax to **1 888-hpfaxme** (1-888-473-2963).
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

NOTE: The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

33 cables up on switch, 2 cables UPS does not have connectivity

5 spare cables to be re-routed

Windows Printer Test Page

Congratulations!

If you can read this information, you have correctly installed your Dell 3100cn PS on SG-PC011.

The information below describes your printer driver and port settings.

Submitted Time: 1:52:36 PM 2/2/2012
Computer Name: SG-PC011
Printer Name: HylaFAX
Printer Model: Dell 3100cn PS
Color Support: Yes
Port Name(s): WPHF
Data Format: RAW
Share Name:
Driver Name: PSCRIPT5.DLL
Data File: DLUXCW02.PPD
Config File: PS5UI.DLL
Help File: PSCRIPT.HLP
Driver Version: 6.00
Environment: Windows x64

Additional files used by this driver:
C:\Windows\system32\spool\DRIVERS\x64\3\PSCRIPT.NTF
C:\Windows\system32\spool\DRIVERS\x64\3\PS_SCHM.GDL

This is the end of the printer test page.

As part of our our value and to provide the highest quality service, we are eager to obtain your feedback on the way we you have been treated. Please take a few moments to answer the questions in this survey. We appreciate your feedback and thank you for your time.

Please mark an X in the box that best indicates your responses.

1. Overall, how satisfied are you with your most recent claim experience?

☐ Very Satisfied	☐ Satisfied	☐ Neither Satisfied nor Dissatisfied	☐ Somewhat Dissatisfied	☐ Very Dissatisfied

2. How valuable to you is the Chase Protection program?

☐ Extremely Valuable	☐ Valuable	☐ Somewhat Valuable	☐ Not Very Valuable	☐ Not at All Valuable

3. Overall, how satisfied were you with the outcome of your most recent claim experience?

☐ Very Satisfied	☐ Satisfied	☐ Neither Satisfied nor Dissatisfied	☐ Somewhat Dissatisfied	☐ Very Dissatisfied

4. How would you rate the ease of effort you put into filing your claim?

☐ Much less effort than I expected	☐ Somewhat less effort than I expected	☐ About the amount of effort I expected	☐ Somewhat more effort than I expected	☐ Much more effort than expected

5. Which of the following best describes how your most recent claim with the Chase Protection program will affect your use of your Card in the future?

☐ I will use my Card more often now	☐ I will use my Card about the same amount as before	☐ I will use my Card less often now

Next, we would like to get your feedback on some of the particular aspects of the claims process.

6. How did you initiate your claim? ☐ Online ☐ By Phone

7. Was your claim ☐ Approved ☐ Denied

8. What was the amount of your most recent claim?

☐ Under $100	☐ $101 - $500	☐ $501 - $1000	☐ $1001 - $1500	☐ Over $1500

9. Were the instructions on your claim form or online claim easy to follow? ☐ Yes ☐ No

If no, please provide details: _____

10. Did you receive your claim form/claim confirmation within the time provided? ☐ Yes ☐ No

If no, please provide details: _____

11. If you were informed you would receive a follow up call, were you contacted within the time provided? ☐ Yes ☐ No ☐ N/A

If no, please provide details: _____

12. How satisfied were you with the length of time it took to finish your claim?

☐ Very Satisfied	☐ Satisfied	☐ Neither Satisfied nor Dissatisfied	☐ Somewhat Dissatisfied	☐ Very Dissatisfied

13. How many weeks did it take to finalize your claim from the date you notified the Program Administrator?

# of weeks

so but never can be too sure!)

Michelle: It will reset everything back to factory mode including the memory. Enter Maintenance mode by pressing the following key sequence within 3 seconds: MENU, START, UP ARROW 4 times

If successful, the display will begin flashing and read "Maintenance"

If the display is not flashing and does not read "Maintenance", press the STOP/EXIT key and try again

Perform partial reset of the machine by pressing 9, 1. The display will read "Parameter Init" for a few second the return to "Maintenance"

10. Exit Maintenance by pressing 9, 9. The machine will restart.

printer.
Client would be happy to have a more permanent solution.

— NOTES —
Step Action
1 Power the printer OFF and ON.
2 Disconnect the data cables and repeat the power OFF/ON procedure.
3 Send a different print file to printer, and then send the problem print file to the printer again.
4 If the problem is isolated to a single file or incident, see Other Tests and Remedy Suggestions.

If... Then... And...
The error remains displayed on the printer... Disconnect the data cable (USB, Ethernet, parallel, or other data cable type)... Repeat Step 1. Does the error return? If yes, you likely have a printer hardware issue. Contact Lexmark.

If... Then... And...
The printer returns to a Ready state... Try to print an internal test page such as the Menu Settings page(s) from the Reports menu... Did an Internal printer test page print? If yes, this is probably a software, communication, or firmware-related issue. See Step 2. If no, the error returns again. Contact Lexmark.

Lexmark SQR: 1-17329430280
Parts Recd: 40X6392

Firmware Update recommended/not recommended: 346 Invalid Engine Code
Mode? BB&T may have this mode limited

Per Client, System Board has been replaced before. Now it's throwing the error during copies, faxes, etc. It's also saying corrupted

BitLocker Drive Encryption recovery key

To verify that this is the correct recovery key, compare the start of the following identifier with the identifier value displayed on your PC

Identifier:

0DDCC023-FEEE-48C1-8336-21FCB80C5B5A

If the above identifier matches the one displayed by your PC, then use the following key to unlock your drive

Recovery Key:

685058-201685-351670-282084-356017-422698-084644-071830

If the above identifier doesn't match the one displayed by your PC, then this isn't the right key to unlock your drive.
Try another recovery key, or refer to http://go.microsoft.com/fwlink/?LinkID=260589 for additional assistance

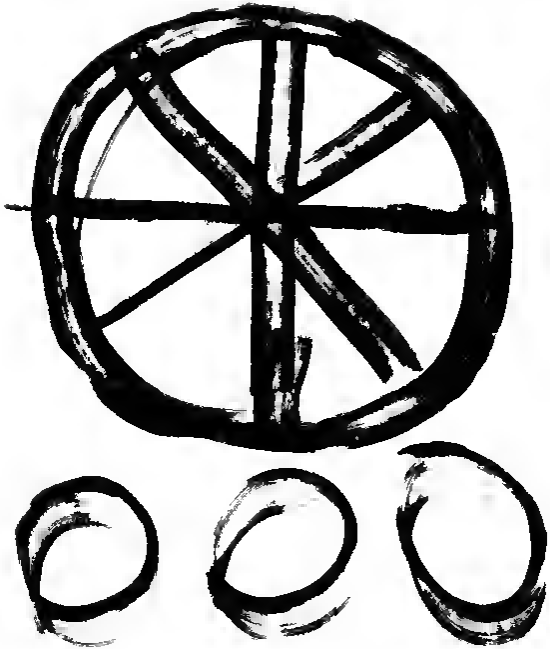
TEST TEST DR DR



Call settings successfully saved

System Preferences

Calling

Ooma connection tone Classic (Default)

Enable 10-digit dialing

Enable Fax Mode

Save

Ooma connection tone is played when you make an outgoing call from your Ooma system. Select which tone to play, or disable it.

10-digit dialing lets you make long-distance calls without dialing the initial 1, just like on your cell phone.

This can introduce a short delay if you dial 7 digits for local calls. Press # after you dial to put the call through immediately.

The performance appraisal process is a two-way communication. Both employee and supervisor should have input regarding historical performance and future goals. To assist your supervisor in accurately assessing your achievements and performance over the past year, please complete the following questionnaire as accurately and in as much detail as possible. Your supervisor will use this information to complete your formal performance appraisal. You can complete your comments on this form or attach additional sheets. Please return an electronic copy of this form to You will have an opportunity to sign off on this document when you meet with your supervisor. Thank you for your input!

I. Address your overall performance track record for this review period. Why place for your having worked here? How have you had to reinvent your job in light of your department's changing needs? And how would you grade yourself in terms of productivity, quality, consistency, interpersonal communication, safety and other performance measures?

II. In what area(s) do you feel you could benefit from additional support, structure, or direction. Specifically, what can your supervisor do to support you in terms of your own career growth and development?

III. What are your performance goals for the upcoming review year? What outcomes can be measured to ensure that you. Il have reached those goals?

IV. Specifically highlight your achievements and accomplishments that have resulted in increased revenue or reduced expenses or have saved time.

V. Please provide additional feedback or insights you d like to share about your work experience or career development opportunities overall.

Uncompromised power under the hood

HD content requires more storage, strong processing power, and plenty o life. Kindle Fire HD 8.9" was designed specifically for HD movies and gar giving you lightning fast performance without compromising battery life or

Powerful HD Processor

A rich HD display requires a powerful processor to drive it. The TI OMAP4470 processor in the Kindle Fire HD 8.9" has 40% more memory bandwidth than Tegra 3 enabling faster web browser JavaScript performance. And Kindle Fire HD 8.9" has an Imagination SGX544 3D graphics core that can process over 12 billion floating-point operations per second, so even graphically intensive games run smoothly and render stunning scenery. We also tuned the graphics pipeline and touch handling software to eliminate delays between when you touch the screen and when the application responds. This means the home screen scrolls more smoothly videos start playing faster, and games respond nearly instantaneously.

Plenty of Storage for HD Co

High definition content is substantia longer—for example, on average, a movie is 5GB/HR and an HD movie i Because of this, Kindle Fire HD 8.9" multiple storage options starting w 16GB, as well as free, unlimited clo storage for your Amazon content.

All the Content

Amazon Prime

Kindle Owners' Lending Library

Read for free. With Prime, Kindle owners can borrow any title from the Kindle Owners' Lending Library for free, as frequently as a book a month, with no waiting and no due dates. The Kindle Owners' Lending Library features over 270,000 titles, including all 7 *Harry Potter* books, and over 180 current and former *New York Times* best sellers.

Prime Instant Video

Prime members also enjoy unlimited, commercial-free streaming of over 35,000 popular movies and TV episodes such as *Mission: Impossible*, *Ghost Protocol*, *Your Songs: The Next Wing Clan*, *SpongeBob SquarePants*, and *Rain and Revolution*.

Free Month of Amazon Prim

If you haven't tried Amazon Prime l want, we'll give you a 30-day free tr Experience what millions of Amazon already enjoy: unlimited, ad-supported movies and TV episodes, reading a book a month for free, and Free Two-Shipping on millions of items. We'd the best bargain in the history of shopping, and we hope you do too

In "blink" mode, the tags will not formally associate with the AP, but will instead broadcast information which is collected by the AP and then sent by the AP to the Stanley server. To configure a given Dashboard wireless network to work with tags in Stanley blink mode:

1. Select the wireless network from within Dashboard
2. Go to Configure->Network-wide Settings
3. Change **AeroScout location services** to **Enabled: forward AeroScout blink packets**"
4. Enter the IP and port of your Stanley / AeroScout positioning engine.
5. Select "Save Changes"

The Meraki APs on the selected wireless network will now pass information from Stanley blink tags back to your positioning engine.

SERVICE & SUPPORT

Shipping Instructions

1. Secure your equipment carefully in a box with suitable packing material to ensure proper protection during shipping. Please include only the accessories that are associated with the problem (Battery Charger, Lens or Memory Cards).

2. If this is an In-Warranty repair, please provide Proof of Purchase and include this Repair Confirmation sheet in the box. Please note, that while if this information it may delay your repair.

   Important: If you cannot print this Repair Confirmation sheet, please write down the Repair Order Number and provide it with your order.

3. Select a carrier that provides tracking information for the package.

4. Insure your package for the value of the product.

5. Ship your package to the location shown in the table above.

6. You will receive an e-mail confirming the receipt of your product.

7. Within 24 hours you will receive an e-mail with a copy of this Repair Confirmation sheet.

You can expect the repair to take approximately 7 business days* from the time we receive your product.

Notice: Canon reserves the right to dispose of products which have been submitted to Canon for repair, but which remain unclaimed after Canon has sent a final notification to the customer that the repair has been completed or that such repair cannot be performed.

In the unlikely event that any additional damage is found during the repair process due to fluid/water, serial corrosion, battery leakage or impact (such as dropping the unit), a revised estimate will be sent to you for your review and authorization.

Feel free to return to our on-line tracking site to check the repair or shipping status of your equipment.

***Actual times may vary. Seasonal volume or repairs requiring special parts may add more time.**
Thank you for allowing us this opportunity to serve you.

Best Regards,
Canon Factory Service Center

BCI Prognostic - Node Positive (1-3)

9.2% Risk of Overall Recurrence (years 0-10)

HIGH RISK CATEGORY

9 2% RISK[1] (95° CI 5 7% 12 6%)
OF D STANT RECURRENCE FOR ER+ LYMPH NODE POSITIVE PATIENTS FROM YEARS 0-10[1]

1 Risk of Recurrence (ROR) based on analysis of BCI Prognostic in molecularly validat ar cohort of patients with positive node positive risk of distant recurrence from years 0 to 10 who received chemotherapy an 4 years of adjuvant endocrine therapy. See below for additional details.

BCI Predictive

LOW Likelihood of Benefit

LOW LIKELIHOOD OF BENEFIT
FROM EXTENDED ENDOCRINE THERAPY[2]

BCI Predictive was validated in the blinded Node N and Node P study patients. However, the study was not statistically powered to assess LN benefit in specific groups separately.

Test Description and Clinical Evidence
BCI provides two outputs based on a 12 gene expression (quantitative RT PCR) signature: BCI Prognostic, and BCI Predictive.

BCI Predictive provides a prediction of likelihood o benefit from extended (>5 years) endocrine therapy (EET) [2] Patient results for this test [illegible] ...ow Likelihood v Benefi BCI Predictive is based on the HOXB13 IL17BR ratio, which was validated in the NCIC CTG MA.17 trial.[2,3]

BCI Prognostic for LN+ [3 positive nodes] provides an individualized estimate for a patient's risk for distant recurrences in the late [illegible] ...ICK's clinical-IHC3 grades, pre-diagnosis time frames, no cesh i he l ame a ical category is provided based on pre [illegible] ...ICI Prognostic for LN+ patients (1 3 pos ive nodes) is based on the signature combined with the IHC grade assessed with ...ator and then BCI prognostic for LN+ patients was validated in blinded study of pati ents with positive nodes who were treated with adjuvant endocrine and chemotherapy.[1]

Laboratory Director Miriam Bloom M.D CLIA# 05-2086795 CAP# 8848849 Electronically Signed By: Miriam L Bloom M.D

Intended Use & Limitations
The Breast Cancer Index (BCI) Risk of Recurrence & Extended Endocrine Benefit Test is intended for use in patients diagnosed with estrogen receptor-positive (ER+) lymph node-negative (LN-) or lymph node positive (LN+ with 1 3 positive nodes) early-stage, invasive breast cancer, who are at distant recurrence. The BCI provides: 1) quantitative assessment of the likelihood of late (post-5 years) and overall (0-10 year) distant recurrence following an initial 5 years of endocrine therapy 2 N- patients or 0-5 years of endocrine therapy plus adjuvant chemotherapy LN+ patients), and 3) predictions of likelihood of benefit from extended (5+ year) endocrine therapy BC results are adjunctive of the treating physician's workup. Treatment decisions should be made in collaboration with all other clinical findings. This test was developed and its performance characteristics determined by Biotheranostics, Inc. It has not been cleared or approved by the U.S. Food and Drug Administration. The test is used for clinical purposes. It should not be required as an investigational or for research. How this information is used to guide patient care is the responsibility of the physician. Biotheranostics is certified under the Clinical Laboratory Improvement Amendments of 1988 to perform high complexity clinical laboratory testing.

“Reed College at that time offered perhaps the best calligraphy instruction in the country. Throughout the campus every poster, every label on every drawer, was beautifully hand calligraphed. Because I had dropped out and didn't have to take the normal classes, I decided to take a calligraphy class to learn how to do this. I learned about serif and sans serif typefaces, about varying the amount of space between different letter combinations, about what makes great typography great. It was beautiful, historical, artistically subtle in a way that science can't capture, and I found it fascinating.

None of this had even a hope of any practical application in my life. But ten years later, when we were designing the first Macintosh computer, it all came back to me. And we designed it all into the Mac. It was the first computer with beautiful typography. If I had never dropped in on that single course in college, the Mac would have never had multiple typefaces or proportionally spaced fonts. And since Windows just copied the Mac, it's likely that no personal computer would have them. If I had never dropped out, I would have never dropped in on this calligraphy class, and personal computers might not have the wonderful typography that they do. Of course it was impossible to connect the dots looking forward when I was in college. But it was very, very clear looking backwards ten years later.

- Steve Jobs (Commencement speech at Stanford - 2005)

CVS/Caremark MinuteClinic
Biometric Screening Instructions

Wells Fargo Participant Instructions

Exam and lab test must have occurred between 1/1/2017 and 11/15/2017 while enrolled in a Wells Fargo account-based medical plan. (Please note: Kaiser HDHP members must obtain their biometric screening through their personal physician.)

- You can now submit the Health Provider Screening Form online. For instructions, visit Teamworks.
- Please print these instructions and bring them with you when you have your health screening at a CVS MinuteClinic.
- To locate a CVS MinuteClinic near you, www.minuteclinic.com or call 866.389.ASAP (2727)
- **Please fax the completed form to Optum at 888.698.2010 or mail to Optum, 4205 Westbrook Drive, Aurora, IL 60504**

The form must be submitted no later than December 31, 2017

CVS MinuteClinic Practitioner Instructions

Instructions provided and approved by CVS Caremark

- Complete the registration process, selecting "Comprehensive Health Screening" as the chief complaint then check the patient in. Select a Dietary Surveillance and Counseling Code (V65.3)
- On the Vitals & Rx tab, open Visit Info. Document the patient's waist measurement, as at right. Select code for appropriate BMI
- Document pertinent information on Vitals & Rx tab sections
- Open NoteWriter and load the MinuteClinic Progress Note
- Navigate to the SmartSets tab to select and open the Comprehensive Health Screening SmartSet.
- Select the appropriate POCT labs as at right. In the SmartSet and sign the SmartSet. Associate dx as applicable
- Navigate to the Enter Results tab to document the results.
- Return to the SmartSets tab to select and open the Comprehensive Health Screening SmartSet again.
- Within the Comprehensive Health Screening SmartSet, select the diagnosis codes
- Select the appropriate plan items and sign the Comprehensive Health Screening SmartSet. Associate dx as applicable
- Complete your Assessment/Plan and accept your progress note
- Navigate to the Wrap Up tab and complete
- Close the encounter
- Process check out.
- Please complete all fields on the Health Provider Screening Form
- Please sign, date and enter the CVS MinuteClinic address on the Health Provider Screening Form™
- Give the completed Health Provider Screening Form to Wells Fargo Participant
- Please remind Wells Fargo Participant to fax, mail or upload the completed form to Optum for processing.

Test

Boehner: I can't hold this in much longer

Reid: I need a suppository badly! Give it to me!

Reports point to a deal but the clock's still ticking

Carrie Dann writes Reports are beginning to indicate that negotiators have the basic outlines of a compromise on a long-term funding bill before them.

According to National Journal a potential deal would include up to $39 billion in spending cuts for the rest of the fiscal year $514 billion for the Pentagon and no "riders" involving funding for Planned Parenthood or the Environmental Protection Agency

Republican leaders emphasized that no deal is finalized yet, circulating a memo to members to "clear up some confusion and relay that there has not yet been a deal reached." But Republicans will caucus at 9:45 pm ET to discuss the negotiations

Senate Majority Leader Harry Reid may also speak on the Senate floor later this evening

Even if there's a deal on a long term spending bill tonight, writing legislation to fund the federal government for six months is a complex process – one that's unlikely to be finalized in the three-and-a-half-or-so hours before the government runs out of authorized funding at midnight tonight

So how could a shutdown be avoided?

JOB DESCRIPTION
Licensed Practical Nurse (LPN)

JOB SUMMARY

A qualified Licensed Practical Nurse administers skilled nursing care to patients on an intermittent basis in their place of residence. This is performed in accordance with physician orders and plan of care under the direction and supervision of the Registered Nurse. Services are furnished in accordance with Agency policies.

QUALIFICATIONS

1. Graduate of a state approved school of practical (vocational) nursing and currently licensed in the state(s) in which practicing.
2. Minimum of one (1) year experience in nursing, preferred
3. Acceptance of philosophy and goals of this Agency
4. Ability to exercise initiative and independent judgment.

RESPONSIBILITIES

1. Understands and adheres to established policies and procedures
2. Implements the nursing care plan for each patient.
3. Provides nursing services, treatments and diagnostic and preventive procedures as assigned.
4. Initiates preventive and rehabilitative nursing procedures as appropriate.
5. Observes signs and symptoms and reports to the physician and RN reactions to treatments, including drugs and changes in the patient's physical or emotional condition.
6. Teaches and counsels the patient and family/significant others regarding the nursing care needs and other related problems of the patient at home.
7. Evaluates with registered nurse the effectiveness of the LPN's nursing service to the patient and family under the guidance of the registered nurse
8. Maintains accurate and complete records of observations, treatments and care of patient.
9. Participates in medical record audit as assigned
10. Attends staff meetings, patient care conferences and inservices as scheduled.
11. Takes on-call duty nights, weekends and holidays as assigned
12. Is responsible for:
    - Submitting any changes in schedule to Director of Clinical Services/Nursing Supervisor on a daily basis.
    - Participating in patient care conferences to discuss the need for involvement of other members of the health team, such as physical therapist or speech language pathologist.
13. Prepares clinical and progress notes
14. Assists the physician and RN in performing specialized procedures

ADS now uses the **Automated Dispatch System (ADS)** for taking your service calls. This system offers many advantages over convential call handling systems.

*** No Hold Time** - you never have to wait to hold to place an Automated Service Request!
*** Speed and Convenience** - you can place your call in about one minute 24 hours a day 7 days a week
*** Accuracy** - Your Service Technician hears your description of the problem in your voice
*** Fax-Back Confirmation** You many request a fax confirmation of your call with a confirmation number

Of course, you may speak to a live Dispatcher any time by pressing 0.

Placing a call using our Automated Dispatch System.

Have your Equipment ID Number ready

Call our service number at **(888) 888-8888**

1. When the Automated System answers, **press 1** to leave an Automated Service Request.

2. You will hear several prompts, asking you to speak items such as **Equipment ID, Company Name and Address, Contact Name and Phone Number**; and a **Detailed Service Message**. Follow the prompts and press ***** after you have completed speaking each item.

3. Once you have completed your recordings, you have the option to **Listen, Append** or **Save** your message. Press # if you wish to save your message and continue.

4. You are then prompted to receive a Fax Confirmation. Press **1** for **YES**. Press **2** for **NO**.
***** If you choose **YES**, you are prompted for a fax area code and number.
Use the buttons on your phone to enter your fax number, followed by the ***** key.
* The system will speak your fax number back to you and ask for verification.

5. When you have completed these steps, the system will respond, **"Information accepted"** and return to the Dispatch Service Menu. You may hang up or choose other options if you wish.

Thank you for choosing

Abstract

Background: Variations in corticosteroid/anesthetic doses for injecting shoulder conditions were examined among orthopaedic surgeons, rheumatologists, and primary-care sports medicine (PCSPMs) and physical medicine and rehabilitation (PMRs) physicians to provide data needed for documenting inter-group differences for establishing uniform injection guidelines.

Methods: 264 surveys, sent to three physicians in our tri-state area of the western United States, addressed corticosteroid/anesthetic doses and types used for subacromial impingement, biceps area glenohumeral and acromioclavicular arthritis, biceps tendinitis, and peri-scapular trigger points. They were asked about preferences regarding: 1) fluorinated vs. non-fluorinated corticosteroids, 2) acetate vs. phosphate types, 3) patient age, and 4) adjustments for special considerations including young sex and diabetics.

Results: 169 (64% response rate; RR) surveys were returned: 105/163 orthopaedic surgeons (64%RR), 44/77 PCSMs/PMRs (57%RR) 20/24 rheumatologists (83%RR). Although corticosteroid doses do not differ significantly between specialties ($p > 0.3$), anesthetic volumes show broad variations, with surgeons using larger volumes. Although 29% of PCSMs/PMRs 44% rheumatologists and 41% surgeons exceed recommended[®] doses for the acromioclavicular joint, >90% were within recommendations for the subacromial bursa and glenohumeral joint. Depo-Medrol® (methylprednisolone acetate) and Kenalog® (triamcinolone acetonide) are most commonly used. Many rheumatologists (50%) were aware that there are acetate and phosphate types of corticosteroids as compared to PCSMs/PMRs (76%) and orthopaedics (60%). However relatively fewer rheumatologists (25%) than PCSMs/PMRs (32%) or orthopaedists (32%) knew that phosphate types are more soluble. Fluorinated corticosteroids, which can be deleterious to soft tissues were used with these frequencies for the biceps sheath: 12% rheumatologists, 6% PCSMs/PMRs, 37% orthopaedists. Nearly 66% use the same non-fluorinated corticosteroid for all injections <10% make adjustments for diabetic patients.

Conclusion: Variations between specialties in anesthetic doses suggest that surgeons (who use significantly larger volumes) emphasize distortion of the percentage of pain attributable to the injected region. Alternatively this might reflect a more profound knowledge that non-surgeons specialists have of the potentially adverse cardiovascular effects of these agents. Variations between these specialties in corticosteroid/anesthetic doses and/or types and their use in some special situations (e.g., diabetics), bespeak the need for additional investigations aimed at establishing uniform injection guidelines, and for identifying knowledge deficiencies that warrant advanced education.

TFTP

Trivial File Transfer Protocol, is a very simple file transfer protocol, with the functionality of a very basic form of FTP. It uses UDP (port 69) as its transport protocol.

UDP

User Datagram Protocol (UDP) is one of the core protocols of the Internet protocol suite. Using UDP, programs on networked computers can send short messages known as *datagrams* to one another. UDP does not provide the reliability and ordering guarantees that TCP does, datagrams may arrive out of order or go missing without notice. However, as a result, UDP is faster and more efficient for many lightweight or time-sensitive purposes.

VAD

Voice Activity Detection or Voice Activity Detector is an algorithm used in speech processing wherein, the presence or absence of human speech is detected from the audio samples.

VLAN

A virtual LAN, known as a VLAN, is a logically independent network. Several VLANs can co-exist on a single physical switch. It is usually refer to the IEEE 802.1Q tagging protocol.

VoIP

Voice over IP

VoIP encompasses many protocols. All the protocols do some form of signaling of call capabilities and transport of voice data from one point to another. e.g: SIP, H.323, etc

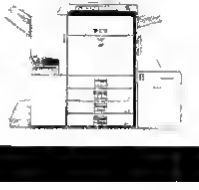
SHARP

MX-2300N
MX-2700N

Advanced Color Document Systems

Sharp's MX Color Series color multifunction document systems are truly a departure from the ordinary. With an advanced printable design, the new MX-2300N and MX-2700N offer all of the features you expect from a robust B&W MFP with the added benefit of cost-effective color. The MX Color Series combines brilliant imaging with advanced functionality at a surprisingly low total cost of ownership. Now, users can save time and money by producing professional color documents in-house with breathtaking image quality, while also watching the bottom line.



Sharp's Innovative Features

- Powerful 600 MHz true multitasking color document system
- Advanced Image Stabilization provides high quality images page after page
- Industry leading ImageEMD™ technology furnishes sharp documents to USB devices, network folders, email and more
- Network ready PCL6/PCL5c printing system with direct print function and available Postscript®3™ compatibility
- Large paper capacity – up to 5,000 sheets
- Super G3 fax option with PC fax and (inbound) routing
- Supports Sharp's most winning multi-level document and MFP security suite
- Advanced web-based device management with on-board user manuals

The power and flexibility you need

With state-of-the-art color engine technology, the MX Color Series can help your business work smarter, not harder. The MX Color Series utilizes a powerful 600 MHz true multitasking controller that can easily process complicated color or B&W print jobs, even while documents are being scanned. But that's just the beginning, with a 100-sheet reverse single document feeder, automatic duplexing and electronic sorting with offset stacking, you'll complete even large jobs in a snap. With the 9.3" large full touch-screen display, operating the MX is simple and easy.

Reliability that will keep up with your business

The MX Color series digital document systems are designed to provide exceptional performance and productivity day after day! With copy/print speeds up to 23 ppm and 27 ppm respectively (in both color or B&W), you will have your jobs finished with time to spare. A total on-line paper capacity of up to 5,600 sheets means that the MX is ready when you are.

Best-in-class image quality

With Sharp's micro-fine toner technology and Advanced Image Stabilization, the MX Color Series offer enhanced image definition and consistent density for beautiful output page after page. The MX-2300N/2700N Series also overcome ambient conditions during the imaging process and ensure optimum quality and color balance. The results are documents with crisp, clear images and dazzling high quality colors.

An easy-to-use, low maintenance color document system that makes sense

The MX-2300N and MX-2700N are designed to accommodate both large and small office environments. With a compact wireless design, the footprint of both base models is less than 24" x 27". Common-unit, front-loading paper drawers and easy-to-change toner cartridges make maintaining the MX Color Series simple and uncomplicated. Our new long-life consumable parts and supplies minimize service intervals and down time, resulting in fewer operating costs.

And to make managing all of the advanced features of your MX Color model simple and easy, ask your Authorized Sharp dealer about the MY Sharp™ website. This document customer training website is customized to your MX Color model and allows you to locate resources and find information specific to your configuration, truly helping you maximize your MFP investment.

–FranÃ§ois-Marie Arouet aka Voltaire

What can be asserted without evidence can also be dismissed without evidence." – Christopher Hitchens

Men never commit evil so fully and joyfully as when they do it for religious convictions –Blaise Pascal

Don't pray in my school, and I won't think in your church –unknown

one cigarette costs 2 minutes of your life one bottle of beer costs 4 minutes of your life one working day costs 8 hours of your life

Two hands working can do more than a thousand clasped in prayer –unknown

Religion has actually convinced people that there's an invisible man – living in the sky – who watches everything you do every minute of every day And the invisible man has a special list of ten things he does not want you to do. And if you do any of these ten things, he has a special place full of fire and smoke and burning and torture and anguish where he will send you to live and suffer and burn and choke and scream and cry forever and ever til the and of time! .But He loves you – George Carlin

Give a man a fish and he will eat for a day teach a man to fish and he will eat for a lifetime give a man religion and he will die praying for a fish –unknowwn

You can't convince a believer of anything for their belief is not based on evidence, it's based on a deep-seated need to believe Carl Sagan

The way to see by faith is to shut the eye of reason – Ben Franklin

When I was a kid I used to prey every night for a new bicycle Then I realised that the Lord doesn't work that way so I stole one and asked Him to forgive me –Emo Philips

The Fire Truck Dog

A family was driving home from school when a fire truck zoomed past with a Dalmatian dog on the front seat.

"Why's that dog on the fire truck?" asked the younger son.

His older brother said, "They use him to keep crowds back."

His sister said, "No. He's there for good luck."

The eldest child brought the argument to a close, when she firmly said, "They use the dog to find the fire hydrants!"

Phone Model Cisco 7821/7841

Dial 9 for an outside line

-Dialing Details

- If your phone allows calling Local numbers Dial 9 to get out and then the number you wish to reach with or without the area code
- If your phone allows calling Long Distance numbers, Dial 9 to get out, then 1 for long distance then the area code and number
- Internal calls can be made by dialing the phone/users 4 digit extension

-How to access voicemail

- Refer to the voicemail document However if you have a voicemail inbox associated with your email account all voicemail messages will be sent as emails to your email inbox Attached will be a sound file that you can play and/or save This is the simplest way to check voicemails **To check your voicemail, just check your email!**

-How to transfer a call

- Verify that you are on an active call
- Press **Transfer**
- Enter the transfer recipient's phone number or extension as you would normally dial it.
- Wait for the recipient to answer or skip to the next step
- Press **Transfer** again to complete the transfer

-How to initiate a conference

- Verify that you are on an active call
- Press **Conference**
- Enter the phone number or extension of the person you wish to conference in
- Wait for the recipient to answer or skip to the next step.
- Press **Conference** again to bring all parties together
- Repeat as needed for additional participants.

12. META Privacy Policy

Privacy Policy To help the government fight the funding of terrorism and money laundering, federal law requires all financial intermediaries obtain, verify, and record information that identifies each person who opens an account. META will obtain information from and about you in connection with the opening of the Deposit Account.

protection law requires META to provide you with this statement. In this Privacy Policy, "Confidential Information" means non-public personally identifiable information about you. This notice applies only to individuals who are using, or have used in the past, META's refund processing services. META may change (add to, delete or amend) the terms of this Privacy Policy at any time, giving you such notice as may then be required by law.

Confidential Information META collects. We obtain Confidential Information from you, from and the IRS in connection with your refund processing in order to identify you, set up your temporary Deposit Account, and process your refund. This may include information such as your name, address, date of birth, social security Deposit and personal bank account information. META also collects information from the IRS concerning your refund status.

Information META shares and with whom. We may disclose your Confidential Information or non-affiliated third federal as permitted by law. However, we will not use or disclose your Confidential Information that we Deposit from Intuit or the IRS for marketing purposes. We also may disclose Confidential Information with your consent.

Security procedures META uses to protect your Confidential Information. Inside META, your information is accessible only to employees who need the information in order to process your product Deposit or answer your questions. META has a formal Code of Ethics and forms its employees on their responsibility to maintain the privacy of your Confidential Information. META also maintains physical, electronic and procedural safeguards that comply with federal standards to guard your Confidential Information.
Questions? If you have any questions regarding the Privacy Policy please call 800-717-7365.

YOUR Agreement

By selecting the I agree button in TurboTax: (i) You authorize META to receive your 2008 federal tax refund from the IRS and to make the deductions from your refund described in the Agreement, (ii) You agree to receive all Communications electronically in accordance with the Consent to Conduct Business Electronically section of the License Agreement for Tax Year 2008 TurboTax(R) Software and Services as the term "Communications" is defined therein. (iii) You consent to the release of your 2008 refund deposit information and application information as described in Section 2 of the Agreement, and (iv) You acknowledge that you have reviewed, and agree to be bound by, the Agreement's terms and conditions. You understand that, if you change your tax year 2008 federal tax return information in a way that affects the amount of your refund, you must review and declare the Agreement again. If this is a joint return, selecting "I agree" authorizes that both spouses agree to be bound by the terms and conditions of the Agreement.

INSTRUCTIONS

1. Coat a 12-cup muffin tin with vegetable oil spray; set aside. Whisk the flour, baking powder, baking soda, and salt together in a medium bowl; set aside.

2. Using an electric mixer, beat the butter and sugar together at medium-high speed until light and fluffy, about 2 minutes. Add the eggs 1 at a time, beating well after each addition.

3. Reduce the mixer speed to medium-low and beat in half of the flour mixture, followed by one-third of the yogurt. Beat in half of the remaining flour mixture, followed by half of the remaining yogurt, then with the remaining flour mixture and yogurt. Use a spatula to fold in the blueberries with 1 tablespoon flour. Gently fold the floured blueberries into the finished batter. Portion the batter evenly into the prepared muffin tin.

4. **TO STORE:** Wrap the muffin tin tightly with plastic wrap sprayed with vegetable oil spray, and refrigerate for up to 24 hours or freeze for up to 1 month. (After the muffin batter is refrigerated or frozen, about 6 hours, the batter balls can be transferred to a zipper-lock bag to save space in the freezer.) Transfer the batter balls back to an oiled muffin tin before baking.)

5. **TO SERVE:** Adjust an oven rack to the lower-middle position, and heat the oven to 375 degrees. Unwrap the muffins and bake until golden brown, 25 to 30 minutes if refrigerated, or 35 to 40 minutes if frozen. Let the muffins cool in the pan 5 minutes before serving.

Instructions For Fixing Hard Disk Errors:

We strongly recommend that you backup your computer to avoid potential data loss.

After you have backed up your computer, you should contact your computer manufacturer or other hardware technical support to determine if the disk with errors needs to be repaired or replaced.

We recommend that you store these printed instructions together with the media used to back up your data (for example, the CDs or USB flash drive used to store your backup), so that everything you need to fix your computer is in one place.

The following information is provided to help the hardware technical support person diagnose the hard disk with errors.

Disk Name: ST3160841AS

Three Men At The Pearly Gates

Three men found themselves at the Pearly Gates. St. Peter asked the first man, "What was your annual salary and your profession "I made $250,000 a year as an attorney," he proudly declared. "You may enter Heaven," said St. Peter. Then he asked the second man, "What was your annual salary and profession?" "I made $150,000 a year as a realtor," he proudly responded. "You may enter Heaven," said St. Peter. Then he turned to the third man, "What was your salary and profession?" "My annual salary was $10,000," he sheepishly mumbled. "Cool!" said St. Peter. "What instrument did you play?"

Winter Weather Closings

When public schools are closed due to bad weather, both classrooms in Linn Creek Head Start will be closed. Please listen to local radio and television stations for school closing information. Part Day classroom will re-schedule any school days missed and these will be made up on Fridays. We will let part day parents know as soon as possible when we will have class on Fridays. (Full Day classroom already has school on Fridays). Feel free to ask if you have any questions.

Jerri Depperschmidt; Teacher/Director

Almost heaven West Virginia,
Blue ridge mountain, Shenandoah river
Life is old there older than the trees,
Younger than the mountains blowing like a breeze

Country roads, take me home
To the place I belong,
West Virginia,
Mountain mamma,take me home
Country roads

All my memories, gather round her
Modest lady stranger in blue water
Dark and dusty, painted on the sky
Misty taste of moonshine teardrop in my eye

Country roads take me home
To the place I belong,
West Virginia
Mountain mamma take me home
To the country roads

I hear her voice in the morning hour she calls me
Radio reminds me of my home far away
Driving down the road I get a feeling
That I should have been home yesterday yesterday

Country roads, take me home
To the place I belong,
West virginia,
Mountain mamma, take me home
Country roads

Country roads take me home
To the place I belong,
West Virginia,
Mountain mamma take me home
To the country roads

Take me home, that country road
Take me home that country road

OBiHAI

Technology

Quick Start Guide

Step 1

Please check to see if you have the following items:

1. OBi202 Device
2. Ethernet Cable
3. Power Adapter

You will also need:

1. One touch tone phone
   This can be an analog telephone, a cordless phone, or a wireless phone.
2. An active Internet connection
3. Access to the Internet
   Note: You may use the OBi202 device behind a router.
4. (Optional but very helpful) Your Google Voice username and password

As I was walking up the stair
I met a man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

When I came home last night at three
The man was waiting there for me
But when I looked around the hall
I couldn't see him there at all!
Go away, go away, don't you come back any more!
Go away, go away, and please don't slam the door

Last night I saw upon the stair
A little man who wasn't there
He wasn't there again today
Oh how I wish he'd go away

The Culture of Japan
Have you ever heard of Tanka?

Tanka is a traditional style of Japanese poetry, which is made up of 31 syllables (5-7-5-7-7). To use this style, poets must condense their feelings of love, yearning, admiration and longing for nature and life into subtle nuances and picturesque words

Because they must condense such strong feelings into such short simple forms, the selection of the appropriate Kanji or Hiragana (syllabify alphabet) has become an art from in itself.

The more subtle or elegant the words, the stronger and more vivid the readers' imagination.

Because of the nature of this style of poetry, and the close ties to the language and culture , Tanka has developed a simple , elegant, classical style all its own.

People who read Tanka are free to let their imagination soar. The same Tanka may evoke different

Stander Reubens Thomas Kinsey

P: | F:

R. Jeffrey Stander
Of Counsel

b) How many individuals are alive at age 1-2?

c) Which age group has offspring? How many individuals are born into this population each year?

d) Draw a survivorship curve for this population, labeling the axes. What type of survivorship curve does this approximate?

4. a) Write the equation for net reproductive rate. Define the variables

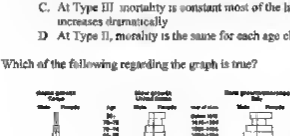
b) If $R_0 > 1$, the population is increasing/decreasing/constant (circle one)

c) If $R_0 < 1$, the population is increasing/decreasing/constant (circle one)

d) If $R_0 = 1$ the population is increasing/decreasing/constant (circle one)

5. Which of the following regarding survivorship curves is true?
   A. At Type I, mortality is very high near birth, then it levels off
   B. Humans exhibit a Type II survivorship curve
   C. At Type III mortality is constant most of the life span, then at old age it increases dramatically
   D. At Type II, mortality is the same for each age class

6. Which of the following regarding the graph is true?



A. All other things equal, Italy will have a larger N in 10 years
B. Kenya has a sharp increase in mortality at middle age
C. In the United States and Italy the sex ratio is equal in old age due to Western medicine
D. The N of the United States is decreasing

Config file: PrintConfig.dll
Driver version: 0.0.0.0
Environment: Windows x64

Additional files used by this driver:
C:\Windows\System32\spool\DRIVERS\x64\3\unishare.pipelineconfig.xml
C:\Windows\System32\spool\DRIVERS\x64\3\XPSSVCS.DLL (6.2.9200.16451 (WinBuild.160101-1500))

This is the end of the printer test page.

And Human, All Too Human, 476 "Apparent superiority of the Middle Ages" The modern state looks low and petty compared to the church, but the latter serves artificial needs with fictions like redemption. Modern institutions serve real needs and "the time is coming when institutions will come into being to serve the true needs of all men and to oust their fantastic archetype, the Catholic Church, into shadow and oblivion."

"A yes-saying without reservation, even to suffering"... "a yes to life" (my trans.)

Bruell then quotes the 'not forward, not backward, not in all eternity' from above. It might be worth noting that Ecce Homo, The Birth of Tragedy, 2 again calls attention to the courage that is required in order to comprehend Nietzsche's yes-saying.

Ecce Homo, Thus Spoke Zarathustra, 6 This is Nietzsche's very high praise for his own unparalleled Zarathustra, which near the end is identified with Dionysus himself. I don't understand how it bears on Bruell's remark.

Ecce Homo, Birth of Tragedy, 3 "The yes-saying to life ... as the bridge to the psychology of the tragic poets."

Cf. Beyond Good and Evil, 56 thinking through pessimism to the bottom takes one beyond good and evil; one may be able to pen one's eyes, even accidentally, to the opposite ideal. "the world affirming human being who has not only come to terms and learned to get along with whatever was and is, but who wants to have *what was and is* repeated to all eternity."

Zarathustra's prologue, 3 Zarathustra's speech while awaiting the tightrope walker's performance...he proclaims the overman. At one point he speaks of, "the hour when you say: What matters my happiness? It is poverty and filth and wretched contentment. But my happiness ought to justify existence itself!"

18

Zarathustra's prologue 5 The speech about the last man. "'We have invented happiness,' say the last men, and they blink."

19

Thus Spoke Zarathustra, The Thousand and One Goals, second sentence. Later the good and evil he finds are referred to as the works of lovers

NE 1 4 1095b3-13 "one must begin from what is known..." passage describes the one nobly raised by habits who has no need of the reason why. Hesiod quote

Cf. NE 1 3 1095a2-13 good judgment belongs to one educated well. Critique of the young and immature in character who live according to feeling: knowledge comes to such people without profit, as it does to those who lack self-restraint.

FAX MACHINE

HOWDY-HO!!!

¿Qué significa ser mamá o papá?

Lea a sus niños
Guarde sus promesas
Vayan en caminatas
Deje que sus niños ayuden con los proyectos de la casa
Pase tiempo con cada hijo
Cuéntele a sus hijos sobre su propia niñez
Vayan al zoológico, museos, y juegos de pelota con toda su familia
Muestre un buen ejemplo
Use buenos modales
Ayude a sus niños con sus tareas
Muestre mucho cariño y afecto a sus hijos
Establezca límites claros, consistentes
Considera como sus decisiones le afectarán a sus hijos.
Escuche a sus hijos
Conozca a los amigos de sus hijos
Lleve a sus hijos al trabajo
Abra una cuenta de ahorros para la educación universitaria
Resuelva los conflictos con rapidez
Lleve a sus hijos a su lugar de alabanza
Hagan un comercial juntos
Hagan volar a un cometa juntos
¿Usted entendió la idea?

Test Fax
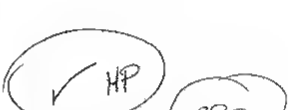
Jan 18, 12, 2:08 PM

Welcome to Test Fax!



The Test Fax website is here just to help you out with a simple problem: Help you with sending a test fax after you've set up your fax machine. After all, once you've configured you new fax machine, how can you trust it and make sure it's working?

The old method was to find a friend who has a fax machine as well, and use it to tell let you send a fax to it to test it out. Not only do you have to bother your friend to send this test fax, but if things don't go smoothly right away... you might end up annoying your friend into no longer taking you calls!

Fortunately, the Internet crifted some options to help you out.

1. I want to receive a test Fax to my fax machine

There used to be a lot more options out there for sending a test fax to your local fax machine, but one world called that like so many free services on the Internet, they were likely ripped for abuses and perhaps shut down as a result. You can use FaxZero.com to send a test fax, but it took me over an hour to get it to work with them before they will let you use their service.

Another service we found (but haven't yet vested) is called "free fax button" and is available here: http://www.freefaxbutton.com/free_fax_send.web.php

and yet another (we're getting a collection going now): Alec Haven't tested this one but looks like it should work. Just type a message in the web page, enter your fax number and tell it to send: http://www.freefaxpage.com/pc/freefax.html

2. I want to send a test fax from my fax machine

The trick with testing sending a fax *from* your fax machine is, how do you find out if the other end received it correctly? Well, the Internet has provided a unique solution to this problem.

A website called FaxToy has a phone number you can send a fax to, and it will receive the fax and put a picture of it on their website. So, just send a fax to their number, and refresh their webpage for a while and see if it shows up. Pretty simple! Visit http://FaxToy.net to use this service.

3. I want to test both the send and receive of my fax machine

However one that is still running and working is one last HP faxes alive, specifically for testing HP fax machines... but it will work for *any* machine, not just HP ones!

Test fax from Circuit ID

UDPTL start and UDPTL end configuration | FreePBX Issues | Wiki | Portal | Support

udptlstart=4000
udptlend=4999

Do we need to do that?

gw22 Sep '13

Looked at mine and those 2 lines are commented out but the ep (peterwarz) doesn't appear to have hot that way

Mine works with that setting—give it a try!

mike365 Sep '13

Yes, I got it. Needed to open the router udp ports it works, and the ports can be changed

Now just need to figure out why port 5060 is getting redirected to the 25000 range when it arrives at flowroute any thoughts?>

gw22 Sep '13

whats the problem you are having?

I suggest you start another thread or you might not get the help needed

mike365 Sep '13

OK, I'll start another thread and the issue is that though I use 5060 in freePBX something is resetting the port to 25663 by the time it makes it to flowroute

NOTE REGARDING MAILING ADDRESSES

Whether submitting or not mailing U.S. passport to a private address outside the United States, if you do not live at the address listed in the mailing address section, you should indicate below at what address we may reach you if there are questions about your application. If your mailing address changes prior to receipt of your new passport, please contact the National Passport Information Center.

If you prefer to provide your email address in lieu of the telephone, Passport Services may use that information to contact you in the event there is a problem with your application or if you need to provide information to us.

FEDERAL TAX LAW

Section 6039E of the Internal Revenue Code (26 U.S.C. 6039E) requires you to provide your Social Security number (SSN), if you have one, when you apply for or renew a U.S. passport. If you have not been issued a SSN, enter zeros in box #5 in this form. If you are residing abroad, you must also provide the name of the foreign country in which you are residing. The U.S. Department of State must provide your SSN and foreign residence information to the U.S. Department of Treasury. If you fail to provide the information, you are subject to a $500 penalty assessed by the IRS. All questions concerning this matter should be addressed to the nearest IRS Office.

NOTICE TO CUSTOMERS APPLYING OUTSIDE A STATE DEPARTMENT FACILITY

If you elect to pay by check, it will be converted into an electronic funds transfer (EFT). This means we will copy your check and use the information on it to debit your account for the amount of the check. The debit from your account will usually occur within 24 hours and will be shown on your regular account statement.

You will not receive your original check back. We will destroy your original check, but we will keep the copy until the EFT cannot be processed for technical reasons. You authorize us to process the copy in place of your original check. If the EFT cannot be completed because of insufficient funds, we may try to make the transfer up to two times, and we will charge you a one-time fee of $25, or as we will also collect by EFT

REMITTANCE OF FEES

Passport petition fees are established by law and regulation (see 22 U.S.C. 214, 22 C.F.R. 22.1 and 22 C.F.R. 61.5(a)) and are collected at the time you apply for the passport service. If the Department fails to receive full payment of the applicable fees because, for example, you provide insufficient funds, for any reason, you should a passport fee charge to your credit card, the U.S. Department of State will take action to collect the applicable fees from you under 22 C.F.R. Part 34, and the Federal Claims Collection Standards (see 31 C.F.R. Parts 900-904). In accordance with the Debt Collection Improvement Act (Public. 104-134), if the fees remain unpaid after 180 days and no repayment arrangements have been made, the Department will refer the debt to the U.S. Department of Treasury for collection. Debt collection procedures used by U.S. Department of Treasury may include referral of the debt to private collection agencies, reporting of the debt to credit bureaus, use/payment of private wages and Federal salaries or refund to the debtor by reducing or withholding eligible federal payments (e.g. tax refunds, social security payments, federal retirement, etc.) by the amount of your debt, reduction of any state/local tax refunds, social security payments, federal retirement, etc.) by the amount of your debt. An invalidated passport cannot be used for travel.

OTHER USES OF SOCIAL SECURITY NUMBER

Your Social Security number will be provided to U.S. Department of Treasury users in connection with debt collection and checked against lists of persons having tax or nontax debts payable to agencies of the U.S. government, and any other authorized uses.

NOTICE TO APPLICANTS FOR OFFICIAL, DIPLOMATIC OR NO-FEE PASSPORTS

You may use this application if you meet all of the provisions listed on instruction Page 2, however you must CONSULT YOUR SPONSORING AGENCY FOR INSTRUCTIONS ON PROPER ROUTING PROCEDURES BEFORE FORWARDING THIS APPLICATION. Your completed passport will be released to your sponsoring agency for forwarding to you.

PROTECT YOURSELF AGAINST IDENTITY THEFT!
REPORT YOUR LOST OR STOLEN PASSPORT BOOK OR PASSPORT CARD!

For more information regarding reporting a lost or stolen U.S. passport book or passport card and the Form DS-64 your eligibility to submit a Form DS-64, or how to request additional visa pages, call NPIC at 1-877-487-2778 or visit travel.state.gov.

SPECIAL NOTICE TO U.S. PASSPORT CARD APPLICANTS ONLY

The maximum number of letters available for your given name (first and middle) on the U.S. passport card is 24 characters. The 24 character limit includes all letters, spaces, and punctuation. If you have a given name with more than 24 characters, you must shorten one of your given names you list on item #10.

Detailed Written Order and Letter of Medical Necessity

Patient Information

Patient Name (Last, First, MI)	Patient ID	Patient DOB	Gender Type
Hardesty, Cheryl	25140	10/01/1964	Right Transfemoral

Street Address	City, State, Zip+4 Code	Country
22931 Lassen Dr	Canyon lake, CA 92587	USA

K Level

K3 Functional Level 3. The patient has the ability or potential for ambulation with variable cadence. Typical of the community ambulatory who has the ability to traverse most environmental barriers and may have vocational, therapeutic, or exercise activity that demands prosthetic utilization beyond simple locomotion

L-Code	Qty	Description
L5781	1	REPLACEMENT SOCKET, ABOVE ANATOMIC DISARTICULATION, SHUTTLE ATTACHMENT PLATE, MOLDED TO PATIENT MODEL Justification: Due to persistent redness of prosthetic socket pressure that have lasted more than 2 weeks despite multiple socket revisions, multiple adjustments, and minimum usage which causes fissures or to cause the skin changes physicians of patients. Socket changes are often caused of swelling that.
L5631	1	ADDITION TO LOWER EXTREMITY ABOVE KNEE OR KNEE DISARTICULATION, ACRYLIC SOCKET Justification: Acrylic sockets are ultra lightweight and strong to support the weight of the patient over the prosthesis after ambulation.
L5649	1	ADDITION TO LOWER EXTREMITY, ISCHIAL CONTAINMENT/NARROW M-L, SOCKET Justification: Ischial compressed socket's give above knee amputees maximum control of the prosthesis maintains a high level of safety.
L5649	1	ADDITION, ENDOSKELETAL SYSTEM, ABOVE KNEE, 4 OR MORE JOINTS, MATERIAL (TITANIUM, CARBON FIBER OR EQUAL) Justification: Ultra light weight materials are it made the above knee amputees as it could adjustable distance can decrease heavy and during ambulation by patients can without help and it will provide a lot more as agreed, smoother.
L5660	1	ADDITION, ENDOSKELETAL SYSTEM, KNEE JOINT, HIP DISARTICULATION, ALL-ANGLE SYSTEM Justification: Allgnable various other adjustments to be made at the patients to smoothen socket and rehabilitation by transition for the amputee over the course of the day.
L5649	1	ADDITION TO LOWER EXTREMITY, ABOVE KNEE, FLEXIBLE INNER SOCKET, EXTERNAL FRAME Justification: Rigid frame with a rehabilitation socket allows the patient to be comfortable while still supporting the weight of the amputee on the prosthesis socket.
L5656	1	ADDITION TO LOWER EXTREMITY, TOTAL CONTACT, KNEE OR KNEE DISARTICULATION SOCKET Justification: total contact prosthesis helps weight during activities where total surface distributed initiated and also promotes mobility blood when while the prosthesis the long comfort of time.
L5671	1	ADDITION TO LOWER EXTREMITY, SUSPENSION, KNEE CAGE (SUPRACONDYLAR CUFF SUSPENSION, LOCKING MECHANISM (SHUTTLE, LANYARD OR EQUAL), EXCLUDES SOCKET INSERT Justification: The locking mechanism allowed suspend lock between the patients residual limb and the prosthesis. This positive-seal gives the patient increased confidence in the prosthesis allowing better ambulation over time.
L5959	1	DYNAMIC MODULAR, OPEN-END PROSTHESIS SOCKET FRAME, TELESCOPING/PIVOTING/MONOTUBULAR SUPPORT Justification: (NONE)
L5988	1	FRAME, TERMINAL DEVICE, MANUALLY PATIENT-CONTROLLED ADJUSTABLE SOFT SOCKET LINER INTERFACE FOR HOMESTATIC SOCKET PROSTHESIS OPTIMIZATION Justification: (NONE)
L5649	1	Angled Modern Unit Justification: (NONE)
L5999	1	Dynamic adaptive control for transfemoral gait (i.e. can multidirectional movement in confined weather socket release on range, transition of running, weight compensation for socket transfers Justification: (NONE)

Auto Quote Number 05875600
February 04 2011

RAYMOND DICKS
8502 E KERRVILLE ROSEMARK RD
MILLINGTON, TN 38053-00000

We have processed your request for an automobile insurance rate quotation. Thank you for your interest in our auto insurance program. At this time, due to our current underwriting guidelines we are unable to offer you a rate quotation.

You have the right to know the specific items of information that support the reason given for this action and the names and addresses of the sources of that information. If you would like this additional information you may request such information in writing, and we will provide you with the requested information.

If you ask us to correct, amend or delete any information about you in our files and we refuse to do so, you have the right to give us a concise statement of what you believe is correct information. We will put your statement in our file so that anyone reviewing your file will see it.

If you would like additional information concerning this action as described above, state law requires that you submit a written request within ninety (90) business days of the date of this letter. Please send your request to Customer Service Center, 406 East Marsh Lane, ATTN: MOS, Newport, DE 19804.

We regret that we cannot provide you with a quotation, but we appreciate your interest in our program.

Sincerely,

Tim Fenu
Director, Operations

unlike the right-hand sheet bend, is made with just two essential hand movements, so it is easier to use for making sheet bends in series.

NEW FROM OXFORD

CATHOLIC PARISHES OF THE 21ST CENTURY

By Charles E. Zech, Mary L. Gautier, Mark M. Gray, Jonathon L. Wiggins and Thomas P. Gaunt

February 2017
184 pages
978-0-19-064515-8
Hardcover ~~$24.95~~ **$17.47**

The local parish is where Catholics experience their faith first hand. It is where members worship, attend classes, receive their sacraments and form communities. All parishes are complex social organizations combining varying elements of leadership, finances, worship styles, community outreach programs and approaches to religious education. Parishioners are also complex, made up of diverse generational cohorts and ethnic groups, each with their own concerns and traditions. Nevertheless, they are all members of the universal church. While all parishes share some commonalities, they are all different. It is vitally important that church leaders understand the reality of local parish life. A seminal moment in the study of U.S. Catholic parish life came with the publication in the 1980s of a series of reports from the ground-breaking Notre Dame Study of Catholic Parish Life. Much has changed in the last 30 years. Some of the topics that were not considered then (the mobility of Catholics, the increase of cultural diversity, and the rise of lay leadership) have attained new significance and deserve an in-depth look. The authors employ data from a variety of recently completed studies to both update and expand on the Notre Dame Study. The data include not only factual information but also parishioner opinions on parish activities. Like the Notre Dame Study, their findings will surprise many and will contribute to the conversation about the way parishes can better serve their members and the wider parish community.

Features

- Updates and expands the trends explored in the *Notre Dame Study of Catholic Parish Life* and provides 21st century analyses of the Catholic population, pastoral leadership, and characteristics of parish life
- Describes the challenges and opportunities Catholic parishes face with a growing and increasingly diverse population in a time with fewer priests and religious sisters and more permanent deacons and lay ministers.

2. **dateofPeriod** 6.1. Unless otherwise agreed the Rentee will return the Rented Property at the completion or termination of the Rental Agreement. Any costs / returns are to be borne by the Rentee. If the completion date falls on a weekend or public holiday then the Rented Property must be returned by 5.30pm on the last working day prior to the completion date. (Office hours are 8.30am to 5.30pm Monday to Friday)

b) If the dented / property is not returned in the Rentee by the end of the Rental Period then a pro-rata daily charge will be made (based on 7 days for a weekly Rental Agreement charged at 1/7 the price monthly Rental Agreement rate) stated in the original terms and conditions. The Rentee reserves the right (at its discretion) to deem the rent to be extended until the Rented Property returned and also to arrange for the recovery of the Rented Property at cost to the dilinee.

3. **Payment Terms** -Rent is payable in advance. Where a credit card number is provided for payment it is provided to cover the initial payment as well as monthly costs, charges if equipment is returned past the end of the rental term and no security against the equipment to cover loss, theft or damage. Delivery/collection, installation, consumables and software loading, if required are extra to rental charges and are payable in advance as agreed. Payment is to be made on collection or delivery of the Rented Property for the first invoice associated with the Rental Agreement and within 14 days for any subsequent invoice. The Rentee agrees to pay a late charge within or in accordance with the payment terms.

Should the Rented fall to pay the service within the accessible with the specified time then the Rentor reserves the rights to

a cancel the Rental Agreement without notice and recover the Rented Property it has to the Rentee.

b charge the Rented interest at a rate of 3.00per annum (3.00% accumulated monthly and compounded from the date of invoice until paid in full

c charge the Rentee for any costs incurred in the recovery of any debts including all legal costs and collection agent fees.

d charge the Rentee retail replacement cost of a current model new item of the same brand or similar quality brand available of any Rented Property not returned in the Rented

Furthermore the Rentee agrees to pay those the rate and costs those terms and to allow entry by the Rentor or his agents to the premises where the Rented Property is present should the Rentor wish to recover it.

4. **Change of Address.** The Rentee will notify the Rentor address delay of any change of address or telephone number during the period of the Rental Agreement.

4 **Condition of Rented Property** The Rented acknowledges that (a) it has examined the Rented Property before accepting it and satisfied itself that it is in good condition, is suitable for the Rentee's purpose, functions as it high standard produces accurate readings and complies with advertised safety standards (b) the Rentor has given no representations whatsoever concerning the quality, fitness, safety, suitability, standard or accuracy of the dented Property and no person is authorised by the Rentor to do so (c) the Rentee will look to the manufacturer and not the Rentor for any collateral warranty the dentee may receive in relation to the Rented Property.

5 **Care of Rented.** The condition / the Rented Property / recorded on the Rentor Agreement. The Rentee will take good care of the Rented Property. Any damage (other than at wear and tear) will be reported by the Rentee or its appointee and will be charged to the Rentee. If any of the Rented Property is lost or stolen during the Rental Period, or subsequently thereof the Rentee reserves the right to charge the Rented the resale price of the lost or stolen item/s. In the event of loss or damage of the dented Property the rental charges will continue until the Rental Price of the Rented Property is paid in full by the Rentee which amount is in addition to the rental charges paid.

5.1 **Insurance.** The Rentee will insure the Rented Property during the Rental Period or any extensions thereof for all the eventualities pertaining to clause 5 of these modalities or will purchase the Rentor's Loss & Damage Waiver

6 **Indemnity.** The Rentee indemnifies the Rentor against (a) any loss of or damage to the Rentee Property however arising; (b) liability for any death, injury or damage to any person or property arising directly or indirectly from the Rented property or its use (c) any claim for breach of intellectual property rights arising in connection with the Rented Property or its use; (d) any loss / claim from any part of this Rental Agreement being void, voidable or unenforceable for any reason, for any loss or liability incurred by the Rentor resulting from cancellation, use or operation of the Rented Property by the Rentee. (e) any liability which the Rentee may incur under any legislation by reason of the use of the Rented Property in any purpose other than as stated by the Rentee to the Rentor, provided that such loss, damages, claim or liability is not due to the Rentor's negligence, (g) nothing done by the Rentor in exercise or purported exercise of its rights under or in Rental Agreement, (h) any claim affecting the Rentor's interest in or title to the Rented Property and any acts / omissions by the Rentor in respect of the Rented Property. (i) any breach by the Rentee of its obligations under this Rental Agreement including any failure to insure or adequately insure the Rented Property and (j) the repossession of the Rented Property and any related storage, repair and/or sale. Each indemnity in this clause is a separate and independent obligation and continues after termination of this Rental Agreement

7. **Limitation of Liability.** To the full extent permitted by law, all warranties and implied terms, conditions and warranties (other than those terms expressly set out in this Rental Agreement) are excluded. The Rentor is not liable for any damage, injury or loss to any person or property arising from the possession, construction / use of the Rented Property. Whether or not the Trade P actices Act 1974 or any law to a similar effect applies, the Rentee's liability for anything in relation to the Rented Property and its use, including damage or economic loss, is limited to the maximum extent permitted by law. In the event the Rentor's liability is limited, it the Rentor's option for (a) the replacement of the relevant Rented Property with the same or equivalent Rented Property; (b) the repair of the relevant Rented Property or (c) reimbursement of the rent for the relevant Rented Property for the Rented Period.

8. **Rentee's Malfunctions.** Should the Rented Property malfunction for reasons other than misuse or criminal damage, then the Rentor will repair the product at no cost to the Rentee (other than for freight if the product is outside the Metropolitan area defined in this purpose as within 20 kilometers of the city centre (GPO). If the Rented Property is outside the Metropolitan area and the Rentee chooses not to return the Rented Property to the Rentor for repair then repair costs / at the expense of the Rentee. In the case of malfunctions or damage caused by accident / misuse the Rentee property will be repaired by the Rentor or its appointee and charged to the Rentee. In the event of malfunction the Rentor reserves the right to replace the Rented Property with a equivalent system

10. **Consumables** The rental charges do not include consumable products (eg laser printer toner). The Rentee agrees to use only consumable products which are approved by the manufacturer of the Rented Property and notify use re-inked or refurbished consumables. Any consumables included with the Rented Property will be paid for by the Rentee.

11. **Taxes and Government Charges** Unless otherwise specified the rental fee does shall exclude all taxes (except any applicable State Government Rental Tax) Should with local taxes or government charges be imposed on the sale of any application tax or government fee or charge then the Rented reserves the right to adjust the rental charges to include such charges or new taxes or government charges

12. **Software.**

12.1 If any Operating System or Application Software is included in the Rental Agreement then the Rentee guarantees that the only copies of these made will be for the purpose of security back-up. Further to this the Rentee undertakes to destroy any such back-up copies at the completion of the Rental Period or any expiration thereof

12.2 Where the Rentee has requested the Rentor to install Software other than the Operating System on the Rented Property, the Rentee declares that they are the holder of a legitimate license to the Software, and have the right to install the Software. The Rentee agrees to indemnify and keep indemnified the Rentor from any fees or damage arising from or in connection with the installation or use of the Software.

13. **Microsoft End User License Agreements.** The Rentee hereby acknowledges that its use of the Microsoft Products accompanying the Rented Property is governed by the applicable Microsoft End User License Agreement attached hereto.

14. **Severance** If any term or condition of this Rental Agreement or the application thereof is or becomes invalid or unenforceable or there is any error or omission in the information, the remaining terms and conditions and information shall not be affected thereby and each and every term and condition of this Rental Agreement shall be valid and enforceable to the fullest extent permitted by law

15. **Cancellation of orders** a rental/relocation occurs after a order is placed the Rentee shall incurs cancellation charge equal to half the Period Charges however if the cancellation occurs within 48 hours of the delivery date, the Rentee shall incurs cancellation charge equal to the full rental charges

16. **driving** The Rentor will comply with all privacy policy in respect of any personal information the Rentee provides to the Rentor. A copy of the Privacy Policy can be view and or www.law-reform.qld.gov.au/Publications/Publication Privacy Principles.htm

17. **Jurisdiction** The Rentor and the Rentee agree that the personal information requested by the Rentor is not provided, the

folleto es aplicable únicamente para los Estados Unidos, por lo que no está disponible para los residentes en México

Fax Settings

Reference your Owner's Manual for help adjusting the settings below.

ECM (error correction mode)	Off
Baud Rate	9600
International	On (this is set on a per-call basis)
Resolution	Standard
Answer Mode	Fax Only
Rings to Answer	Zero (0)
Call Waiting	Off
Bandwidth Saver	High (30 kbps)
Distinctive Ring	Off

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, temporarily disconnect device from PC.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Wikipedia:About

From Wikipedia, the free encyclopedia
Jump to: navigation, search
This is a general introduction for visitors to Wikipedia. The project also has an encyclopedia article about itself: Wikipedia, and some introductions for aspiring contributors. For Wikipedia's formal organizational structure, see Wikipedia:Formal organization.
For help aimed at readers only, see Help:About.

English Wikipedia right now

Wikipedia is running MediaWiki version 1.20wmf9 (51836f7).

It has 3,961,182 content articles, and 27,274,897 pages in total.

There have been 535,885,767 edits.

There are 790,878 uploaded files.

There are 16,843,046 registered users, including 1,484 administrators.

This information is correct as of 18:08, 24 May 2012 (UTC).

Update

Wikipedia (/ˌwɪkiˈpiːdiə/ or /ˌwɪkiˈpɛdiə/; *WIK i PEE-dee-ə*) is a multilingual, web-based, free content encyclopedia project based on an openly editable model. The name "Wikipedia" is a portmanteau of the words *wiki* (a technology for creating collaborative websites, from the Hawaiian word *wiki*, meaning "quick") and *encyclopedia*. Wikipedia's articles provide links to guide the user to related pages with additional information.

TEST FAX

RaxNet Stuff Sent From Your Fax Machine
Fax something wonderful to free to 1 888 827 655 or 1 583-290 1300

Virtual fax machine
Lazy and become internet that's without the medium or phone line?

FaxNet+
To the right are values that have listed the necessary. Clearly thumbnail to see the faxes you're familiar if the interested values

You can fax during long interesting to 888 827 1655 (you have will never match (maybe) or 1-305 200-1 888 (long distance to Portland, Oregon) and a phone agent here which's a couple of minutes. (It's a toll free, you can if you're in the USA.) Keep it clean & legal

Fax sim a page document with no cover sheet. If you fax more than one page, only the first page will appear. Use a cover sheet. We try to strip off the top few words of the page where your identity name and fax number should appear, but make no guarantees that this will actually work

Get an e-mail alert when we've received a new fax

THE WRAP PROCESS

WIDEN YOUR OPTIONS

Narrow framing leads us to overlook options. *(Teenagers and executives often make "whether or not" decisions.)* We need to uncover new options and, when possible, consider them simultaneously through multitracking. *(Think AND not OR.)* Where can you find new options? Find someone who has solved your problem. Try "widening" first: look for current bright spots *(local)*, then best practices *(regional)* and then analogies from related domains *(distant)*.

REALITY-TEST YOUR ASSUMPTIONS

In assessing our options, the confirmation bias leads us to collect skewed, self-serving information. To combat that bias, we can ask disconfirming questions *(What problems does the iPod have?)*. We can also zoom out *(looking for base rates)* and zoom in *(seeking more nuance)*. And whenever possible we should ooch, conducting small experiments to teach us more. Why predict when you can know?

ATTAIN DISTANCE BEFORE DECIDING

Short-term emotion tempts us to make choices that are bad in the long term. To avoid that, we need to attain distance by shifting perspective. What would I tell my best friend to do? Or what would my successor do? *(Or try 10/10/10.)* When decisions are agonizing, we need to clarify our core priorities—and go on the offensive for them. *(Remember the stainless steel bolts on the Navy ship.)*

PREPARE TO BE WRONG

We are overconfident. In making we know how the future will unfold when we really don't. We should prepare for bad outcomes *(premortem)* as well as good ones *(pregrets)*. And what would make us reconsider our decisions? We can set tripwires that snap us to attention at the right moments. *(David Lee Roth's famous M&M, Zappos' $1,000 offer)*

Fax Answers

answers to your questions about faxing

« How to Stop a Calls from a Fax Machine?
How to Fax Vertical Strips On Faxes | Send »

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it out to make sure it works. How can I do it all?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Adobe Acrobat PDF Files

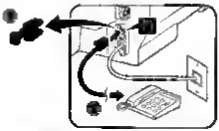
Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone* ***anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

When connecting a telephone or an answering machine, remove the Cap, then connect a telephone or an answering machine with a telephone line cable.

The connector is labeled [ ] on the back of the machine.



- Do not use a telephone jack like this type.
- Users in UK: Use a B.T. adapter for connection as required.

Refer to the **Online Manual** to enter the settings.

Refer to the **Online Manual** to enter the settings.

- **DHCP** is available only in US and Canada.
- **Network** switch may not be available depending on the region or country.

For the details of other settings, refer to the **Online Manual**.

IMPORTANT – E911 SERVICE INFORMATION

Dear 8x8 Valued Customer

As the result of a Federal Communications Commission (FCC) order, all Internet phone service providers are required to inform their customers that, under certain circumstances, when 911 is dialed from a phone connected to an Internet phone service, that service may be limited in comparison to traditional 911 service.

To assist others in this same area, we are providing the attached stickers to be placed on each phone in your location.

Thank you for your cooperation

CAUTION!
E911 service may be limited or not available on this phone.

CAUTION!
E911 service may be limited or not available on this phone.

ALERT!
Use line 1 ONLY for 911 calls. Dial 911

ALERT!
Use line 1 ONLY for 911 calls. Dial 911

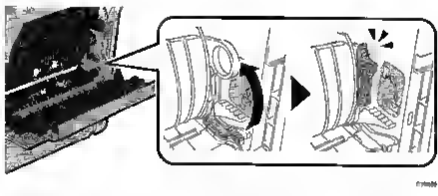
Important

重要



Finish

After installing the machine or replacing the fusing unit, make sure to raise the envelope lever before using the machine.
The envelope lever is green, positioned to the right of the user when facing the back cover of the machine. Lower this lever only when printing on envelopes.

Nach Installation dieser Maschine oder Austausch der Fixiereinheit unbedingt darauf achten, dass der Umschlaghebel vor Benutzung der Maschine nach oben gestellt wird.
Der Umschlaghebel ist grün und befindet sich rechts, wenn der Anwender die hintere Abdeckung der Maschine betrachtet. Diesen Hebel nur nach unten stellen, wenn Umschläge gedruckt werden sollen.

Après avoir installé l'appareil ou remplacé l'unité de fusion, veillez à relever le levier d'enveloppe avant d'utiliser la machine.
Le levier d'enveloppe est vert, situé à la droite de l'utilisateur lorsque celui-ci fait face au capot arrière de l'appareil. Abaissez un levier uniquement lorsque vous imprimez sur des enveloppes.

Dopo l'installazione della macchina o la sostituzione dell'unità di fusione, assicurarsi che la leva busta sia sollevata prima di utilizzare la macchina.
La leva busta è verde ed è collocata a destra, dalla parte della spalletta posteriore della macchina. Abbassare la leva soltanto quando si stampa su buste.

Efter installation af maskinen eller udskiftning af varmeenheden skal kuvertbåndgrenen hæves inden maskinen benyttes.
Kuvertvalgsgrenen er grøn og sidder til højre, når du åbner lågen på bagsiden af maskinen. Kuvertvalgsgrenen skal kun sænkes, hvis du vil udskrive på kuverter.

Después de instalar esta máquina o de sustituir la unidad de fusión, asegúrese de levantar la palanca de sobres antes de utilizar la máquina.
La palanca de sobres es de color verde y se encuentra a la derecha de la tapa trasera de la máquina. Baje esta palanca solamente para imprimir en sobres.

Zorg ervoor dat u na het installeren van het apparaat of het vervangen van de fuseereenheid, de envelophendel omhoogzet voordat u het apparaat gebruikt.
De envelophendel is groen en bevindt zich aan de rechterkant, gezien vanaf het achtergedeelte van het apparaat. Zet de hendel alleen naar beneden voor het afdrukken op enveloppen.

Efter å ha installert maskinen eller byttet fikseringsenheten er det viktig å heve konvolutthendelen før maskinen benyttes.
Konvolutthendelen er grønn og plassert til høyre når brukeren står vendt mot bakstykket på maskinens bakside. Senk denne hendelen kun ved utskrift på konvolutter.

Após instalar este equipamento ou substituir a unidade de fusão, certifique-se de que levanta a patilha para impressão em envelopes antes de utilizar o equipamento.
O selector para impressão em envelopes é verde e está situado à direita, estando o utilizador de frente para a tampa traseira do equipamento. Baixe a patilha apenas quando imprimir em envelopes.

Após instalar este equipamento ou substituir a unidade de fusão, certifique-se de levantar a alavanca de envelope antes de usar o equipamento.
A alavanca de envelope é verde e fica à mesma de usuário quando posicionado em frente à tampa posterior do equipamento. Abaixe esta alavanca somente ao imprimir em envelopes.

Mutta solmua kirjoittavissa ennen laitteen käyttöä, kun seuraat laitteen tai vaihdat tämpyksikön.
Kirjekuoripuu on vihreä ja se löytyy käyttäjännen laitea käyttäjästä katsottuna oikeasta puolelta. Laske vipu vain kun tulostat kirjekuoriille.

Control Panel Shortcuts

The Control Panel centralises access to Windows multitudinous settings. From the Control Panel you can adjust and tweak Windows appearance, performance, network connections, hardware settings and a whole lot more.

While many of the settings in the Control Panel are also accessible in other ways – for instance, you can change the desktop appearance by right-clicking the desktop and choosing Properties from the pop-up menu or by opening the Display applet in the Control Panel – the Control Panel makes it easy to keep tabs on *all* your Windows settings.

Control Panel categories

In Windows XP, the Control Panel has two modes. The default mode, in the Home Edition, is the colourful and friendly Category View, which divvies up the Control Panel applets into nine categories: Appearance and Themes; Network and Internet Connections; Add or Remove Programs; Sounds, Speech, And Audio Devices; Performance and Maintenance; Printers and Other Hardware; User Accounts; Date, Time, Language and Regional Options; and Accessibility Options.

There's actually a tenth category – easy to miss as it is only available via the task pane – called Other Control Panel Options. This is where Windows puts Control Panel applets installed by third-party applications, such as a QuickTime control or a special display control for your video card.

The other way to view the Control Panel is by the Classic View familiar to anyone who has used the Control Panel in previous versions of Windows. In Classic View, all the applets are dumped into the one folder. It may be a little intimidating to start with, but it makes it much easier to track down *all* the Control Panel items and reduces the number of clicks required to access them.

You open the Control Panel by clicking Start > Control Panel. If it's not on your Start Menu, it's easy to add.

1. Right-click the Start button and choose Properties from the pop-up menu.
2. On the Start Menu tab, make sure the first (non-classic)

Working Income Tax Benefit Advance Payments Application for 2009

Is this form for you?

Use this form to apply for the Working Income Tax Benefit (WITB) advance payments for 2009.

The WITB is for low-income individuals and families who have earned income from employment or business. For more information on the WITB eligibility requirements, see *Pamphlet RC4227 Working Income Tax Benefit*. To get this pamphlet, visit our Web site at **www.cra.gc.ca/forms** or call **1-800-959-2221**.

You cannot apply for the WITB advance payments for 2009 if you became or ceased to be a resident of Canada in 2009.

What are the WITB advance payments?

The WITB advance payments represent a maximum of 50% of the WITB refundable tax credit that you can claim on your 2009 income tax and benefit return. Any WITB that you are entitled to and do not receive as advance payments will be credited to you when we assess your 2009 tax return.

For more information, visit our Web site at **www.cra.gc.ca/witb**, see *Pamphlet RC4227 Working Income Tax Benefit*, or call **1-800-959-8281**. To get this pamphlet, visit our Web site at **www.cra.gc.ca/forms** or call **1-800-959-2221**.

Disability supplement

If you are eligible for the WITB and the disability amount, you can complete Part 3 to request disability supplement advance payments for 2009. This will be included as part of your WITB advance payments.

You are eligible for the disability amount if we have an approved Form T2201, *Disability Tax Credit Certificate*, on file for you. To get Form T2201, visit our Web site at **www.cra.gc.ca/forms** or call **1-800-959-2221**.

When should you apply for the advance payments?

To receive the WITB advance payments, you should apply between January 1 and August 31, 2009, by completing this form.

Applications received after August 31, 2009, will not be processed. However, if you are eligible for the WITB, you can still claim it on your 2009 tax return.

Who should receive the advance payments?

If you have a spouse or common-law partner, the spouse or common-law partner who expects to have the higher working income in 2009 should receive the WITB advance payments for the family, unless one of you qualifies for the disability supplement. In that case, the spouse or common-law partner who qualifies for the disability supplement should receive the advance payments.

If both of you qualify for the disability supplement, the person with the higher expected working income in 2009 should receive the advance payments.

When will you receive the WITB advance payments?

After we process your application, the total of your WITB advance payments will be divided by the number of payment dates left in the year and paid in equal instalments on the remaining dates. The payment dates are **April 3**, **July 3**, **October 5, 2009**, and **January 5, 2010**.

If the total of your should WITB advance payments calculated is less than $100, you will not receive any advance payments. However, if you are eligible for the WITB, you can still claim it on your 2009 tax return.

Filing an income tax and benefit return

If you receive the WITB advance payments for 2009, you have to file a 2009 income tax and benefit return. We will **not** issue advance payments for 2010 until we assess your 2009 tax return.

In January 2010, we will send you a statement of the WITB advance payments issued to you for use in completing your 2009 tax return. You will receive any additional WITB that you are entitled to when you file your 2009 tax return. If the WITB advance payments you received were more than the total WITB you are entitled to, you may have to repay the difference when you file your tax 2009 return.

HP Customer Support

HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine

To test the capability of your fax machine, follow the directions below.

NOTE:

Be sure that your phone number is not Caller ID blocked by your telephone company prior to attempting to send and receive a fax. Pressing ***82** before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

NOTE:

Whenever troubleshooting a fax issue, it is good practice to set the ***Automatic Reports*** option to **Every Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting. This option is available in different places on different products; consult the product *User's Guide* for specific steps.

1. Send a one page black and white text fax to **1-866-hpfaxme** (1-866-473-2963)

Kindergarten Screening Score

_____

Important Info:

Your child's Kindergarten screening score indicates some areas of challenge.

To assist, we have provided a list of skills that are needed **before** starting Kindergarten. Please review and practice each bulleted item on the reverse side of this page to help prepare your child for a successful start in Kindergarten.

Ideas: Read with your child daily, point out letters and sounds, interact with your child while visiting the grocery store, park, lake, etc. making each experience a teachable moment.

EXAMPLES: While shopping, ask your child to count the number of items in the shopping cart. Next, ask your child how many items are red/blue/yellow/etc. in the cart? Write your child's name using a pencil and then allow them to practice writing.

BLACK-WHITE FACSIMILE TEST CHART RWB1 ITU T TEST CHART No 4

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

complete system, includes: 1) indoor unit 2) outdoor unit, 3) complete installation kit, 4) 3.45 ft. (3 m) of insulated copper line set, 4) remote controls with convenient wall mount cradle

- Easy installation: complete installation kit includes. Indoor and outdoor units use the quick-install system. Indoor unit is pre-wired with 25 ft. of power cabling and quick-connect terminal; outdoor unit is wired with a matching quick-connect terminal, simply plug the two quick-connect terminals together and go complex wire-matching and soldering is eliminated, using the Quick-Install system. Investment time is cut in half
- Quiet operation, low sound, inverted design inverter
- Features: • indoor unit digital display shows temperature (degrees Fahrenheit), ambient and error messages • 3 fan speeds • auto-restart in case of power outage, system restarts automatically to previous settings • self-diagnostic system in case of malfunction, the indoor unit display shows error message codes • 24 hour start/stop timer • multi-directional oscillating louver on indoor unit • dust washable filters and 2M particle filters on indoor unit • advanced microprocessor controlled system for smart operation and advanced temperature monitoring • multi-function digital wireless remote comes with wall mount cradle • corrosion resistant outdoor unit paint can withstand direct sunlight, rain, snow and harsh environments
- Equipment should be sized, selected and installed by a qualified professional to ensure proper installation, function, safe operation, adherence to federal, state and local codes and for valid warranty see installation guide and manufacturers warranty statement for more details
- Recommended for professional purchase
- Find out more about installation:

YAH

Fax from Boston

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

SAPORS LANE · BOOLE · DORSET · BH25 8ER
TELEPHONE BOOLE (0945 13) 51617 · TELEX 123456

Our Ref. 350/PJC/EAC

18th January, 1972.

Dr. P.H. Cundell,
Mining Surveys Ltd.,
Holroyd Road,
Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

Shop with Confidence!

If you are purchasing a property and you wish, you can obtain a pre-approval, which will show to potential sellers that you have the financing necessary to buy the home of your choice. This action from Chase may even strengthen your negotiating power!

Remember, you may qualify for special benefits from our streamline mortgage Project. That means less paperwork and faster funding.

I look forward to making your home-financing purchasing simply the best.

Sincerely,

MARK Chase
305 891-2965
Email decision, mchase_jamaica@chase.com

P.S.
Call me at 305-891-2965 and I would be pleased to send you a copy of our Home Buyer's Guide

*This prequalification is based on the limited and unverified information you supplied, which may include information from a credit report if you authorized Chase to order one. This is not a credit decision, loan approval or commitment. To obtain a loan, you must complete an application, which will be processed and fully evaluated in accordance with Chase's underwriting criteria. Afterward you will be notified of our credit decision. Program terms, conditions and interest rates are subject to change without notice. Not all products are available in all states for all loan amounts. Other restrictions and limitations apply.

Immatriculation au Registre des entreprises du Québec

Avant de demander un permis à l'Office, vous devez immatriculer votre entreprise au Registre des entreprises du Québec et des changements ultérieurs apportés à votre immatriculation, il est strictement de les faire dans l'Espace Web au Registraire avant le dépôt de votre permis.

DOCUMENTS REQUIS

Veuillez vous assurer d'inclure tous les documents suivants avec votre envoi et de les transmettre à l'adresse figurant au bas de cette page. L'absence d'un ou des documents retardera la délivrance d'un permis. Une demande de délivrance de permis n'est réputée reçue que si elle contient tous les renseignements requis, les droits exigibles et les documents requis.

- Formulaire *Demande de permis de commerçant itinérant*.
- Chèque fait à l'ordre du ministre des Finances pour l'acquittement des droits qui doit porter la date du même jour que la demande. Veuillez vous référer à la *Grille de tarifs et cautionnements*, disponible sur le site Internet de l'Office (www.opc.gouv.qc.ca).
- Original du cautionnement au montant requis. Veuillez vous référer à la *Grille de tarifs et cautionnements*, disponible sur le site Internet de l'Office (www.opc.gouv.qc.ca). Voir la section *Cautionnement* ci-dessous pour plus d'informations concernant le cautionnement à fournir.
- Formulaire *Engagement du commerçant* dans le cas où le cautionnement est fourni sous forme d'obligation au porteur ou en espèces.

CAUTIONNEMENT

Le cautionnement prévu est exigé pour garantir à l'endroit des consommateurs, une certaine protection. Le cautionnement pourra éventuellement servir à indemniser les consommateurs en cas de fermeture ou de faillite du commerçant, de la non-exécution des travaux ou de la violation d'autres dispositions de la Loi. Le cautionnement doit être fourni sous l'une ou l'autre des formes suivantes :

- Police de cautionnement individuel : Le cautionnement peut être obtenu auprès d'une compagnie d'assurance.
- Obligation au porteur : Le cautionnement sera conservé par le Président de l'Office de la protection du consommateur. Vous devez remplir le formulaire d'engagement du commerçant. Des frais d'ouverture de dossier de 265 $ sont exigés si vous payez le cautionnement avec une obligation au porteur. Par erreur à fréquence régulière, une évaluation sera faite de la valeur marchande de l'obligation. Si cette valeur devient inférieure au cautionnement requis, le commerçant sera appelé à parfaire le cautionnement exigé. Veuillez prendre note que l'obligation restera en notre possession 3 ans après la date d'échéance du permis.
- En espèces (argent, chèque visé, mandat-poste ou mandat de banque) : Le caution sera conservé par le Président de l'Office de la protection du consommateur, mais ne portera pas intérêt. Vous devrez remplir le formulaire d'engagement du commerçant. Veuillez prendre note que le cautionnement ne sera remboursé que 3 ans après la date d'échéance du permis.

Test

Dear Mark,

We noticed it's been quite some time since you've been in the store and made a purchase. It may be time for an eye exam. Don't forget — you really should get your eyes examined once a year.

Please take a moment to schedule an eye exam with the independent Doctor of Optometry next to Pearle Vision today. (Note: We accept current outside prescriptions.)

Expert care. Friendly service. Neighborhood values. It's what you've come to expect from Pearle Vision for more than 50 years.

See you soon,

Your Neighborhood Pearle Vision
2974 28th St SE
(616) 949-2120

Remember, we accept most vision plans, including

eye

Pie Crust

2 1/2 cups of flour
1 egg yolk
1 cup shortening milk
1 tsp salt

Cut the shortening with the flour and salt
Put the yolk into a measuring cup and add enough milk to measure 2/3 cup
Mix together and add to other ingredients
Mix together and roll out on floured surface

Mississippi Mud Pie

Crust 1 1/2 cup flour
1 1/4 stick margarine
1/2 cup chopped nuts
Mix together and set in a 13 x 9 pan
Bake 350 (bake until golden brown)
Let cool about 15 minutes
8 oz cream cheese
1 cup frosting sugar
1/2 large cool whip
Mix well
Pour over crust
1 instant chocolate pudding
1 instant vanilla pudding
3 cups milk
Mix about 2 minutes
Pour over cream cheese
Put the rest of the cool whip over
Add small chocolate chips or chopped walnuts

TOTAL $570.00

KSSC GOALS FOR THE **2010-2011** SEASON

NAME _____ AGE _____

Setting goals is an important part of a swimmer's seasonal and swimming career plan.

It concentrates your efforts in a specific purpose for both the long and short term, (I am here for ... I want to learn or improve a spec fic skill /I need to correc. this specific area before I can move on in my progression /I want to make the times for the next level)

It allows you a form of measurement as the season progresses (I have accomplished /I need to work to complete goal),

It **allows your coach to direct and plan your workouts based on your goals** (coaches don't walk on deck and spontaneously make up workouts rather they develop and follow a seasonal plan based on goal setting and developmental levels)

Goals can be set daily, weekly, monthly, seasonally and long term Consider what you expect to accomplish and where you want to go in your swimming career **write down, in general terms, what your goals are.**

THIS SEASON (2010-2011) MY GOALS ARE

MY LONG TERM GOALS (OVER THE NEXT 5 YEARS) FOR SWIMMING ARE

Signed Date

Complete and return a copy of this form to Kenda. It will be kept with your progress record. Keep your own copy in a place where you can constantly refer to it bedroom wall fridge, fart by room etc

IF SOMETHING IS WORTH DOING IT'S WORTH DOING WELL

Fax Setup Help

Fax Setup Help	For additional information, see your User's Guide found on your Drivers and Utilities CD or at support.dell.com. To complete fax setup later, use the printer's Operator panel to navigate to Setup→ Fax Setup→ Setup Wizard.	Machine ID	Remote Mode	Rings to Answer	Verify that the Line Test and Dial Tone Test are successful. Ensure that the Ready message appears.
		Enter a Fax header using your printer's Operator Panel numerical key pad. Tip: Enter your Fax number.	Based on how you receive a Fax call, select either Fax, Tel or Ans/Fax Mode. Tip: Select Fax Mode (for a direct connection to a wall socket).	Set the number of rings before your printer answers a Fax call. Tip: 1	
Help bij het installeren van de fax	Raadpleeg uw gebruikersdocumentatie voor meer informatie. U vindt deze op de schijf Drivers and Utilities (stuurprogramma's en hulpprogramma's) of op support.dell.com. Als u het instellen van de fax later wilt uitvoeren, gebruikt u het bedieningspaneel van de printer om naar Setup→ Fax Setup→ Setup Wizard te gaan.	Apparaat-id	Ontvangstmodus	Aantal keren overgaan voor antwoord	Ga na of de lijntest en toontest beide met goed gevolg eindigen. Ga na of het scherm Gereed (gereed) vanuit weergegeven.
		Geef een koptekst op met het nummer en de naam van uw bedrijf of uw persoonlijke naam en nummer. Tip: Typ uw faxnummer.	Selecteer de modus Fax, Tel of Ant/Fax, al naar gelang de manier waarop u faxen binnenkrijgt. Tip: Selecteer de modus Fax voor een rechtstreekse aansluiting op een wandcontactdoos.	Stel het aantal keren in dat de telefoon moet overgaan voordat uw printer een faxgesprek beantwoordt. Tip: 1	
Aide à la configuration de fax	Pour de plus amples informations, reportez-vous au Guide d'utilisation disponible sur le CD Drivers and Utilities (Pilotes et utilitaires) ou à l'adresse support.dell.com. Pour poursuivre la configuration à tout moment, allez sur Setup (Configuration) → Fax Setup→ Setup Wizard (Assistant de configuration) en vous servant du panneau opérateur de l'imprimante.	ID machine	Mode réception	Nombre de sonneries	Effectuez le test de ligne et le test de tonalité. Lorsque Prêt (Prêt) s'affiche, l'imprimante est prête à être utilisée.
		Entrez un en-tête de fax à l'aide du pavé numérique du panneau opérateur de l'imprimante. Conseil : saisissez votre numéro de fax.	En fonction de votre mode de réception de fax (télécopieur ou mode Fax Tél ou Ans/Fax (Répf/m)). Conseil : sélectionnez le mode Fax (ou un de connexion directe à une prise murale).	Définissez le nombre de sonneries de l'imprimante avant qu'elle ne réponde à un appel Fax. Conseil : 1	
Fax Setup Hilfe	Weitere Informationen finden Sie in der Bedienungsanleitung auf der CD Treiber und Dienstprogramme oder unter support.dell.com. Um das Fax Setup später fortzusetzen, verwenden Sie das Bedienungsfeld des Druckers, um zu Setup→ Fax Setup→ Setup Wizard zu navigieren.	Gerätekennung	Empfangsmodus	Klingelzeichen für Antwort	Prüfen Sie, ob der Leitungstest und Wählgeräusch erfolgreich sind. Stellen Sie sicher, dass die Meldung „Bereit“ erscheint.
		Geben Sie zunächst die Nummernerkennung auf der Bedienungsfeldanzeige Ihres Druckers eine Faxkennung ein. Tipp: Geben Sie Ihre Faxnummer ein.	Wählen Sie aufgrund Ihres Faxempfangs Fax, Tel oder Ant./Fax-Modus. Tipp: Wenn Sie den Fax Modus, Bei einer direkten Verbindung an einen Wandanschluss.	Legen Sie die Anzahl der Klingeltöne an, nach denen Ihr Drucker den Faxanruf beantwortet. Tipp: 1

What Your Workspace Says About You

Have you ever felt like telling off your boss? Most of us have. That's why we can identify with cartoons that make fun of difficult bosses.

But before you cut out one of those cartoons to post by your desk, you may want to give some serious thought to the message you will be communicating to everyone who comes by your workspace.

According to Jo-Ellan Dimitrius, Ph.D. and Mark Mazzarella, co-authors of *Reading People*, workplace props can offer significant clues to an employee's personality, values and level of commitment to the job.

Although most workers have little control over such matters as furniture style or carpet color, many companies allow employees freedom in how they decorate their workspace.

Items such as calendars, photographs and reading materials can say a lot about you because, with so many choices available, they provide an ideal opportunity for individual statement.

It is only natural to want to personalize your office space to show your individuality or to make yourself feel more comfortable or at home. However, it's a good idea to be selective about what you display in your workspace.

While you may not label others based on how they decorate their space, your boss, coworkers, and clients may be making judgments about you. After all, a Different Day planner or poster of Eminem communicates different messages than a motivational calendar featuring slogans about teamwork and perseverance.

Tasteful photos, artwork and accessories are usually acceptable, while displaying that photo of you and your drinking fraternity brothers mooning the camera is generally not. A collection of beer mugs from your spring break outings, your toe nail clippers and that voodoo doll that looks just like the boss might be interesting conversation pieces, however, these types of "props" in your workspace are unlikely to create confidence in your judgment, discretion and leadership abilities.

Clutter also communicates a message. Says Dimitrius, "A messy, disorganized desk usually points to a messy, disorganized person."

Research conducted at the University of Texas found that not only are workers with messy workspaces less reliable, less efficient and less task-oriented than their clean desk counterparts, but that others also perceive messy workers to be inefficient, disorganized and unimaginative.

So even if you see yourself as a creative genius who thrives in a messy environment, chances are your coworkers and company management don't see you or desk the same way.

What is acceptable varies from one workplace to another, so take a look at the messages you are communicating through your workspace. You may just decide the best place for that controversial cartoon or accessory is at home.

۶. الگوریتمی با مرتبه زمانی $O(n \log n)$ ارائه کنید که آرایه A شامل n عدد صحیح را بهمراه عدد X دریافت کرده و مشخص کند آیا اندیس‌های i و j ($i \neq j$) بطوریکه $A[i] + A[j] = X$ وجود دارد یا خیر

۷. الگوریتمی با مرتبه زمانی $O(n \log n)$ ارائه کنید که آرایه‌های A و B هر یک شامل n عدد صحیح را بهمراه عدد X دریافت کرده و مشخص کند آیا اندیس‌های i و j ($i \neq j$) بطوریکه $A[i] + B[j] = X$ وجود دارد یا خیر

۸. با استفاده از روش تقسیم و حل الگوریتمی با مرتبه زمانی $O(\log n + \log k)$ ارائه کنید که ۲ آرایه n و k عنصری از اعداد صحیح را دریافت کرده و kامین بزرگترین عنصر موجود در اجتماع این دو آرایه را مشخص نماید

THE EXPRESS WARRANTY SET FORTH ABOVE IS THE ONLY WARRANTY APPLICABLE TO THE PRODUCT AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTY, EXPRESSED OR IMPLIED WARRANTY OF MERCHANTABILITY OF FITNESS FOR A PARTICULAR PURPOSE

There is a somewhat analogous situation with regard to the heterosexual seduction procedure in our Politically Correct times: the two sets - the set of PC behaviour and the set of seduction - do not actually intersect anywhere: that is, there is no seduction which is not in a way an "incorrect" intrusion or harassment — at some point one has to expose oneself and make a pass." So does this mean that every seduction is incorrect harassment through and through? No - and that is the catch: when you make a pass, you expose yourself to the Other (the potential partner), and she decides retroactively, by her reaction, whether what you have just done was harassment or a successful act of seduction — and there is no way to tell in advance what her reaction will be. This is why assertive women often despise "weak" men — because they fear to expose themselves, to take the necessary risk. And perhaps this is even more true in our PC times: are not PC prohibitions/rules which, in one way or another, are to be violated in the seduction process? Is not the seducer's art to accomplish this violation properly — so that afterwards, by its acceptance, its harassing aspect will be retroactively cancelled?

FAX TEST

1. Send a one page black and white test fax to **1-888-hpfaxme (1-888-473-2963).**
2. When your fax is received by the HP Test Fax Service, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

Note

The most common cause of failure is that the Fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

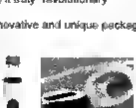
REVOLUTIONIZING THE GREEN TEA EXPERIENCE
Check out Booth #4448 at this year's Winter Fancy Food Show to find Tzu Thé's 100% Natural, EGCG Rich Green Tea, Nutrition Bars and Innovative Accessories

(Atlanta GA)- This year the tea market reached a whopping 5 t billion dollars in sales inevitably leading to an immense amount of specialty gourmet, supermarket natural foods and gift basket buyers trying to get their hands on a piece of this golden pie However what will truly make a tea stand out in this overcrowded market is not only quality, but versatility and convenience When looking for such a tea look no further than **Tzu Thé at Booth #4448 at the NASFT Fancy Food Show in San Francisco.** With their world class packaging **Tzu Thé** offers healthy convenient and fashionable green tea products for any lifestyle making it truly "revolutionary."

Tzu Thé's beautiful Innovative and unique packaging will draw the consumer's eye directly to the product on the shelves **Tzu Thé** is the first green tea company to offer the single-serving T-POD™ filled with premium loose dry green tea leaves that are pesticide-free and packed full of EGCG[1] These convenient individual tea pods make drinking green tea easy for consumers on-the-go For even more convenience **Tzu Thé** has introduced a line of accessories. The first is the T-Buddy™ a "Two Headed" portable tea bottle with a built in infuser that doubles as a tea mug and a tea pot for hot or cold beverages on the go. The second is T2-GO a steeping device that snaps on to standard 12oz and 16oz hot paper cups



Tzu Thé has also combined all the health benefits of green tea with the popularity and convenience of food bars, creating the innovative T-Bar™ The T-Bar™ is a raw whole food green tea nutrition bar that has been cold processed promoting optimum enzyme activity These vegan-friendly bars contain

[1] The most potent form of antioxidant, providing health benefits that **may** help to reduce risks of cancer and tumors lower cholesterol, help with digesting excess fat, and even protect against the common cold virus.

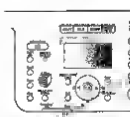
Using the Shortcut Keys

The machine is equipped with three types of shortcut keys on the operation panel. Using these keys will boost your efficiency and productivity. See the e-Manual for more information.



c Copy

Press the [Start] key and you can make 2-in-1 or 2-sided copies.

The following options are also available for selection:

2 on 1

2 on 1 2-Sided

4 on 1

4 on 1 2-Sided

d Scan ▶ PC1 / Scan ▶ PC2

If a computer and the scan settings are registered from [Shortcut Key Settings] in the Menu, a single press of the shortcut key will save your scans to the computer.

Press the shortcut key ([Scan ▶ PC1] or [Scan ▶ PC2]).

Scanning is complete.

If the shortcut key is pressed for which no settings are registered from [Shortcut Key Settings], you can immediately select a computer and the scan settings, and then save your scans to the computer.

Press the shortcut key ([Scan ▶ PC1] or [Scan ▶ PC2])

Scanning is complete.

e Secure Print

Step 1: Set a PIN for a secure print job on your computer and send it to the machine.

Step 2: Press the [Secure Print] shortcut key.

Step 3: Select the document to print.

Step 4: Enter the PIN.

Printing is complete.

Our Father, which art in heaven,
hallowed be thy name,
thy kingdom come,
thy will be done,
on earth as it is in heaven
Give us this day our daily bread
And forgive us our trespasses,
as we forgive them that trespass against us
And lead us not into temptation,
but deliver us from evil
[For thine is the kingdom,
the power, and the glory,
for ever and ever]
Amen

Servicios Escolares

PTA

El PTA Alta Vista es una organización de apoyo formada de padres y maestros. El PTA patrocina varios proyectos de recaudación anualmente. El dinero recaudado apoya programas escolares. Juntas con programación a través del año y son anunciadas en boletines y recordatorios enviados a casa con los niños. Si usted esta interesado en más información del PTA, favor de llamar la oficina de la escuela. 387-6700

Programa de Voluntarios

Nuestro programa de voluntarios es parte del programa *PALS* del condado donde los voluntarios hacen muchos trabajos para apoyar estudiantes y maestros. Voluntarios ayudan a los maestros a coordinar actividades especiales, ayudan en trabajos de la Biblioteca, trabajo de oficina, preparación de materiales, cuidos y menor escuchamos en grupos pequeños o individualmente. Todos los voluntarios, también chaperonas, deben completar la solicitud en-línea en la oficina de la escuela y ser aprobado antes de ser voluntario. Le animamos a llamar la escuela o a conectar la maestra de su hijo/a si a usted le gustaría servir como voluntario.

Programa Cuidado Después de la Escuela

El Programa enCampus Cuidado Después de la Escuela es previos, gratuitos para padres que trabajan de los estudiantes inscritos en Alta Vista. El programa esta disponible todos los días que la escuela esta abierta. Esta disponible desde que acaben las clases hasta las 6:00pm. Para más información favor de contactar el Programa de Cuidado Después de la Escuela de Alta Vista al 351-6145, o visite el sitio de Alta Vista el [illegible]

La Enfermería

Alta Vista cuenta con una enfermera para cuidar de su hijo/a en caso de que se enferme. Si es necesario, usted será llamado/a para recoger a su hija/o de la escuela. Por lo cual, es muy importante que tengamos un número de teléfono donde podamos contactarle en caso de emergencia. Por favor haga algunos inmediatamente de cualquier cambio.

Cafetería

Animamos a todos los estudiantes a pre-pagar por sus desayunos y almuerzos. Cheques deberán ser escritos a pagarse a Alta Vista Elementary School. No habrá cargos a menos de haber sido discutido con la jefa de la cafetería. El teléfono de la jefa de la cafetería es 351-6701. Los estudiantes quienes ayudan en almuerzos y desayunos gratuitos y/o reducidos de precio previamente y nuevos solicitantes serán requeridos llenar una nueva hoja de solicitud por cada niño cada año.

SecuGen Hamster

Fingerprint recognition computer peripheral

The SecuGen Hamster II is SecuGen's most versatile fingerprint recognition peripheral offering security convenience and ease of use all in one compact package. With no mechanical parts to maintain the SecuGen Hamster is rugged and lightweight which also makes it highly portable and convenient for laptop use. The ergonomic finger guide helps right handed and left handed users position their fingers more easily and consistently.

SecuGen Fingerprint Technology

At the heart of all SecuGen peripherals is SecuGen's powerful fingerprint sensor. Accurate and durable–SecuGen sensors are designed to let your fingerprints act like digital passwords, replacing regular passwords that can be forgotten, lost or stolen.

SecuGen Products

SecuGen's innovative line of biometric peripherals work with a variety of software applications to provide smart biometric authentication for desktop, network and Internet security needs. Our peripherals deliver convenient security and accessibility as well as cost savings for both individuals and organizations. Other SecuGen peripherals include:

- SecuGen Keyboard
- SecuGen SmartCard Keyboard
- SecuGen Mouse
- SecuGen OptiMouse

Features

- Impact and scratch-resistant fingerprint sensor
- Fast transmission speed
- Latent print image removal
- Compact ergonomic design
- Removable weighted stand
- USB model Designed for Microsoft XP
- Parallel model also available

Compatible Software

- SecuDesktop™2000
- SecuBSAS™ Internet Authentication
- Many others

Applications

- Personal computer/workstation security
- Network/enterprise IT security
- Internet content security
- E-commerce
- B2B transactions
- Electronic transactions
- Bank and financial systems
- Medical Information Systems
- Any password-based application

Subject	Sales Shirts - Sizes/Quantity?
Importance	High

Hi Team,

These are the sizes for the golf shirts ONLY – Jackets will be ordered at a later date. If you don't see a size beside your name, make sure to get that to Fraser who is doing the ordering.

Mike, what is the quantity we want to order for everyone? Also, who in MGMT would want a shirt?

1. Shirts
   a. Steve – XXL ✓
   b. Fraser – M ✓
   c. Ron – L ✓
   d. Gus – XXL ✓
   e. Rudy – ~~DOESN'T WANT ANY~~ 1 X L ✓
   f. Vic – XL ✓
   g. Jeff – L ✓
   h. Marlene – M (if they are only available in men's sizes) ✓ 2 (ladies)
   i. Jim – XL ✓ 1
   j. Mike ✓ 2
   k. Dick ✓ 2

25

Fraser is looking to put the order in by end of day today so please get back ASAP if changes need to be made.

Re: Stopping the Rain

How to Use This Memo Template

Select text you would like to replace and type your memo. Use styles such as Heading 1-3 and Body Text in the Style control on the Formatting toolbar. To save changes to this template for future use, choose Save As from the File menu. In the Save As Type box, choose Document Template. Next time you want to use it, choose New from the File menu, and then double-click your template.

RE: Lease Renewal

Dear Patricia

We have not received your signed license agreement that was due in our office by April 1, 2012. It is imperative that you take a moment to return this document to our office no later than August 24, 2012. Failure to return this document may result in non-compliance with your San Francisco State University License Agreement.

The signed License Agreement can be mailed or delivered to the address below

University Park Leasing Office
21 Buckingham Way
San Francisco, CA 94132

For any questions regarding this request, please contact the University Park Leasing Office at 415-564-4000.

Sincerely

K.D. Schmid

Title
How do I factory reset the print server?

Description

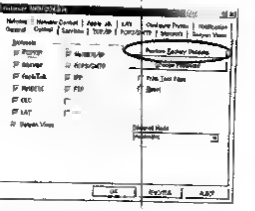
If you wish to reset the print server back to its default factory settings (resetting all information such as the password and IP address information), please follow these steps.

Before you factory reset the print server, we recommend that you print a configuration page before resetting the print server.

Via the BRAdmin Professional (application software)
You can also factory reset the print server using the BRAdmin Professional application, to do this follow these steps.

<For BRAdmin Professional ver.2.xx Users>

1. Start the BRAdmin Professional utility by clicking Start >> All Programs >> Programs >> Brother Administrator Utilities >> Brother BRAdmin Professional Utilities >> BRAdmin Professional.
2. From the main BRAdmin screen double click the appropriate printer.
3. Enter the print server password (The default password is "access")
4. Click the Control tab.
5. Click the Restore Factory Defaults button.
6. Click the OK button when you have read the warning message.
7. The print server will then reset back to its default values.



<For BRAdmin Professional ver.3.xx Users>

1. Start the BRAdmin Professional utility by clicking Start >> All Programs or Programs >> Brother Administrator Utilities >> Brother BRAdmin Professional 3 >> BRAdmin Professional 3
2. From the main BRAdmin screen double click the appropriate machine.
3. Enter the print server password (The default password is "access").

Place a Conference Call

1. During a call press the **more** soft key and then the **Confrn** soft key to open a new line and put the first party on hold.
2. Place a call to another number
3. When the call connects, press the **Confrn** soft key again to add the new party to the existing call with the first party

End a Conference Call

To end the conference call use one of the following
methods:
- Hang up the handset.
- Press the **EndCall** soft key

Call History

View Call History

1. Press Directories.
- Scroll to history list.
- Press 1 for Missed Calls.
- Press 2 for Received Calls.
- Press 3 for Placed Calls.

Call from Call History

1. Press **Directories.**
2. Navigate to number
3. Press **Select**
4. Press **Dial.**
Tip: If dialed number is outside of corporate network edit the number and add your needed outbound dial digits (ie, 9...)

Clear Call History

- Press **Clear** Clears all history

Soft Key	Definitions
<< or >>	Allows Navigation for Editing Characters. Use Backspace softkey to erase digits that were entered incorrectly
Cancel	Cancels the last selection
CFwdALL	Forwards all calls
Clear	Clears directory
Confrn	Connects callers to a conference call
Delete	Deletes selected number
Dial	Dials the displayed number
DND	Do Not Disturb activated
Down	Decreases LCD contrast
EditDial	Allows you to edit a number *used mainly to add 9 in front of number*
EndCall	Ends the current call
Exit	Exits from the current selection or screen
Transfer	Transfer selected calls to an alternate number
newCall	Opens new line on the speakerphone to place a call
OK	Confirms your selection
Park	Places call on a location which the call be retrieved by dialing Parked extension from another phone
IDivert	Send call straight to voicemail
Play	Plays ring so you can choose your ringtone
Redial	Redials last number
Resume	Takes call off of HOLD
Search	Initiates search in local directory
Settings	Provides access to phone settings such as display, ring volume, and ring type
ConfList	Provides List of everyone in your conference
Join	Places calls you already have on your phone into a conference with yourself

Results

BRAF Mutations QUALITY NOT SUFFICIENT

Plasma Volume Used nl

Method: Target Selector ™ by Biocept

The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with selective blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the literature of the BRAF mutation. The assay has a sensitivity of 0.05% mutant population.

This test was developed and its performance characteristics determined by Biocept Laboratories. It has not been cleared or approved by the US Food & Drug Administration (FDA). The test is used for clinical purposes. Test currently is certified by the United Laboratory Improvement Amendments of 1988 (CLIA-88) to perform high complexity testing.

Electronically Signed by: 09/19/2015

Nutrition: Pre Workout

In the three hours before your workout, you'll want to eat something that helps you:

- sustain energy
- boost performance
- hydrate
- preserve muscle mass
- speeds recovery

Protein before exercise

- Can help you maintain or even increase your muscle size.
- Can reduce markers of muscle damage (The less damage to your muscles, the faster you recover and the better you adapt to your exercise over the long term.)

Carbohydrates before exercise

- Fuels your training and helps with recovery
- Preserves muscle and liver glycogen (This tells your brain that you are well fed, and helps increase muscle retention and growth.)
- Stimulates the release of insulin (When combined with protein, this improves protein synthesis and prevents protein breakdown)

Fats before exercise

- Help slow digestion (which maintains blood glucose and insulin levels and keeps your energy/mood even)

2-3 hours before exercise.

- Consume a mixed meal of carbs, proteins and fats

0-60 mins before exercise.

- light meal/snack
- faster digesting
- liquid nutrition - smoothie

Cisco SPA112 2-Port Phone Adapter

We recommend updating to the latest firmware for the Cisco SPA112 before connecting to our service. It might be available here.

Issues can occur with fax transmissions over IP networks, even with the T.38 standard which is supported by the ATA. You can adjust several settings on your ATA to optimize your fax completion rates.

STEP 1: Ensure that you have enough bandwidth for the uplink and the downlink.

- For G.711 fallback, it is recommend to have approximately 100 kbps.
- For T.38, allocate at least 50 kbps.

STEP 2: Click Voice in the menu bar, and then click Line 1 or Line 2 in the navigation tree.

STEP 3: In the Network Settings section, enter the following settings.

- Network Jitter Level: very high
- Jitter Buffer Adjustment: no

STEP 4: In the Supplementary Service Subscription section, enter the following settings:

- Call Waiting Serv: no
- Three Way Call Serv: no

STEP 5: In the Audio Configuration section, enter the following settings to support T.38 fax:

- Preferred Codec: G.711u (USA) or G.711a (rest of the world)
- Use Pref Codec only: yes
- Silence Supp Enable: no
- Echo Canc Enable: no
- FAX Passthru method: REINVITE
- FAX Enable T38: Yes
- FAX T38 ECM Enable: Yes
- Fax Tone Detect Mode: Callee only

To remain firewalls to keep the connection between the adapter and our service, we recommend

nat-keepalive: yes

SERVICIO MÉDICO ADMINISTRADO ESTATAL DE MEDICAID
Asistencia Médica Administrada (MMA)

- Elección de un Plan de MMA
- Pasos para ayudarle a seleccionar su plan de MMA
- Servicios ofrecidos por todos los planes de MMA
- Información de referencia

Elección de un Plan de MMA

En la Flor da, la mayoría de los beneficiarios de Medicaid deben inscribirse en un plan de MMA para sus necesidades de atención médica.

Todos los planes ofrecen los beneficios básicos de Florida Medicaid. Para obtener más información consulte la sección de **Servicios ofrecidos por todos los Planes de MMA** en la página siguiente.

Usted debe elegir su plan dentro de 30 días. Si no lo hace, el estado elegirá un plan para usted. Por favor lea abajo: **Pasos Para Ayudarle a Seleccionar Su Plan de Asistencia Médica Administrada (MMA)**. Nota: Si su médico no trabaja con el plan que usted seleccionó, tendrá que elegir un nuevo médico.

Usted puede inscribirse en un plan usando una de los tres maneras siguientes:

1) Inscribirse por Internet en el sitio web: www.flmedicaidmanagedcare.com
2) **Llame a la línea de ayuda gratis al 1-877 711-3662 para hablar con un** consejero de opciones. Disponible de telecomunicaciones para los sordos (TDD) 1-866-467 4970.
3) **Si usted tiene necesidades médicas especiales, puede llamar al 1-877 711 3662 para coordinar una reunión cara a cara con un Consejero de Opciones.**

El centro de llamadas está abierto lunes – jueves 8 a.m. – 8 p.m. y viernes 8 a.m. – 7 p.m.

Para inscribirse, debe tener el número de Medicaid de la Florida o el Número de Seguro Social y la fecha de nacimiento de cada persona que desea inscribir.

Pasos Para Ayudarle a Seleccionar Su Plan de Asistencia Médica Administrada (MMA)

1. Mire los planes de MMA en su paquete o en el internet en el sitio www.flmedicaidmanagedcare.com para ver los beneficios básicos ofrecidos por todos los planes y los beneficios ampliados que cada plan ofrece.
2. Considere cuáles son los servicios que usted o los miembros de su familia necesitan por ejemplo
   - ¿Que servicios piensa que usará usted? Visitas al médico, medicamentos, servicios de salud en el hogar, o el transporte a los servicios cubiertos por el plan?
   - ¿Qué plan toman más medicos?
   - ¿Que tipo de medicos prefiere un pediatra, un médico familiar o un especialista para el tratamiento de una condición continua?
   - ¿Que beneficios adicionales cumplen con sus necesidades?
3. Elija el plan que mejor se adapta a sus necesidades

Connecting an External Telephone

Your FAX/MFC is equipped with a handset that you can use as a regular phone. However, you can also connect a separate telephone (or telephone answering device) directly to your FAX/MFC.

Connect the modular plug on the telephone's line cord to the jack labeled EXT on the back side of the FAX/MFC.

Whenever this phone (or TAD) is in use, the LCD shows EXT. TEL IN USE and, if the fax handset is lifted, an alarm sounds. To disconnect the call on the external phone and switch to the fax, press **Hook**.

Connecting an External Telephone Answering Device (TAD)

Sequence

You may choose to connect an answering system. However, when you have an external TAD on the same telephone line as the FAX/MFC, the TAD answers all calls. The FAX/MFC "listens" for fax calling (CNG) tones. If it hears them, the FAX/MFC takes over the call and receives the fax. If it doesn't hear CNG tones, the FAX/MFC lets the TAD continue playing your outgoing message so your caller can leave you a voice message.

The TAD must answer within four rings (the recommended setting is two rings). The FAX/MFC cannot hear CNG tones until the TAD has answered the call, and with four rings there are only 8–10 seconds of CNG tones left for the fax "handshake". Make sure you carefully follow instructions in this manual for recording your outgoing message. Do not use a "toll-saver" ring setting on the TAD.

If You Subscribe to your Telephone Company's Distinctive Ring Service

You may connect an external TAD to a separate wall jack *only* if you subscribe to your telephone company's Distinctive Ring service, have registered the distinctive ring pattern on your machine, use that number as a fax number and set your machine's Receive mode to MANUAL.
The recommended setting is three or four rings on the external TAD when you have the telephone company's Distinctive Ring service.

If You Do Not Subscribe to Distinctive Ring Service.

You *must* plug your TAD into the EXT. jack of your Brother machine. If your TAD is plugged into a wall jack, both your machine and the TAD will try to control the phone line. (See Illustration on page 2-10.)

Washington

The Boy Scout's motto is "Be prepared." Josh Mosley's preparedness just about overflowed.

On Nov. 20, the Alexandria 15-year-old earned his 136th boy scout merit badge. That represents every single merit badge there is available, from American Business to Woodwork. Josh polish-covered each — actually two useless stitches together — in pursuing as much time as he could in a tournament, which is presumably something he learned about while earning his Drive Add merit badge.

What Josh does not have is a sewing merit badge. That's because those two "use" the same skill, stitching. Believe, he was the rarest fabric patch not to wear.

"I could say sewing would be a good merit badge to have," Josh's mother said one. "Whenever you go look on them to what merit badges you become, stupid! Absolutes, sewing is always in one of the requirements."

Speaking of absolutes, there is not a lifesaving merit badge — just four there are more for Nuclear Science and Space Exploration. Josh doesn't quibble when some of his colleagues opt for a theme, however.

Josh has been a Boy Scout for 10 years. He is a member of Troop 1501, which meets in Fellowship Lutheran Church in Springfield, under the direction of Scoutmaster Dwayne Hamilton.

Josh decided to earn every merit badge after watching that last scamper. Presently, he'd earned 80 when he was a boy.

"It's a recognition pursuit," Josh says. "My dad had gotten 50. I didn't want to get more than him."

Josh then set after with the distinction there's badge. He beat John with Law. And then he beat on going all the And then all Archery Architecture, Textiles. I solidified Automobile Dog Care, Fingerprinting, Leatherwork, Public Speaking. Both and Winter Conservation. We dressed Survival.

Troop 1501 Scoutmaster Dwayne Hamilton presents Josh Mosley his 136th merit badge. Josh, 15, said attaining the number of Eagle Scout was easier than reaching the 135 badge mark.

MICHAEL GANDY

"I'm a competitive person. My dad had gotten 80. I wanted to get more than him."

Eagle Scout John Mosley of Alexandria

Josh earned many of the merit badges during merit badge conferences, where speakers pool materials are brought to as help forces tackle the merit badges in a three-hour time. That's how Josh earned his first badge. She is making a different salesman explained his job.

"Sewing," talk and he name my salary and stuff," Josh said. In the advertising. Josh earned his third double badge.

"When I was starting I was getting about five-merit badges I am a while," Josh said. "Then it started tapering down. When there's not a name, you wait," so was much.

Josh's favorite merit badge was Personal Fitness, which is not a GPS device to find women. Instead, it is that step treadmill standard there. The test is useful was Pioneering, "which is knots, knots and more knots." Clearly were Josh's troop plan such campout where they built a rope bridge.

In short, I guess, a merit badge for helping a little old lady cross the street?

"No," said Josh.

The Eagle merit badge that Josh earned was also for Leadership. To get it, a Scout must manage 15 troop activities over a year. To get approved for it by a Eagle Scout board, Josh said, "Basically, I have had to be a big deal for two years." Josh said. Whatever. Josh and he might have had for the Eagle environment very soon. He finally finished the instructional duties required for badges.

Josh is also an Eagle Scout. He said, although, it wouldn't be used for anything except getting merit badges. His parents finished.

Subject Density

133

BACK

At prese[illegible]t cards in a densitometric computations run yields densit[illegible] cards corresponding to densitometer de[illegible]s. If the m[illegible]od [illegible] involves E.N.D. conversions, the a[illegible]u[illegible]ri[illegible]through a separate conversion program[illegible]de[illegible]punched. In any case, cards correc[illegible]stri[illegible]punched, while the average of the

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case these would simply be the average densities. If the test code calls for E.N.D. conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2, 1971

Intermec 2415 Rom Flashing

Upgrade

Intermec 2415 set up

1. Turn on gun. Make sure you enter loader mode and gun is docked onto the Intermec charger device which is also connected via serial to PC

2. Find the upgrade software for gun folder and click on the UPGRADE batch file

- Com1

38400

UDP Plus

-Direct Sequence Radio

**Programming sequence function, enter, 248.
This will load up to programming options for Intermec gun

Software

1. Open t24fcopy in the Software For Intermec Gun Folder

2. Under "PC filename and Path " browse to dccant bin in the 'Software for Intermec Gun folder

3. Click download

This should take about 40 minutes to complete

**Programming sequence function, enter, 248

Navigate through the system to start the dccs application

When done, you will have a fully configured Intermec gun ready to deploy

ZoomRx Psych Thought Leader Panel

Dear [illegible],

We invite you to participate in your personalized ZoomRx Psych Thought Leader panel.

We would like to schedule a 30-minute call with you to discuss your interest, availability and eligibility. Please schedule a time to call ZoomRx Psych Thought Leader panel.

Getting Started takes less than 5 minutes.

- Download the ZoomRx app to your smartphone
  - Search for "ZoomRx" in Google Play or Android App Store, look for the green app
  - Visit zoomrx.com/mobile to download the app for Android platforms
- Claim Your Profile
  - Enter your Name & Email to claim your profile in ZoomRx [illegible]
- Start accumulating reward points in February, 2014

We look forward to engaging the ZoomRx Psych Panel. Please hesitate to contact us with questions or concerns.

Sincerely,
The ZoomRx Team

UNIVERSAL WARRANTY CORPORATION

ONE

CLAIM PROCEDURES

Before Calling Universal Warranty Corporation for Claim Approval

1. Please obtain a copy of the customer's Service Contract Registration Page and verify the service contract is still in force (Date & Miles). Please retain this copy when calling Universal Warranty Corporation.

2. Your claims adjuster will ask for the following information to initiate a claim:

   a. Service contract number, customer's name, address, phone number, vehicle identification number and mileage on the vehicle
   b. COMPLAINT by the customer.
   c. CAUSE of failure.
   d. CORRECTION. Technician's diagnosis and suggested method of repair.
   e. An accurate cost estimate of the repair detailing manufacturer's suggested retail parts prices with part numbers, labor hours (if applicable), towing, rental, etc.
   f. Labor will be based on the current year's Motor/Chilton, Mitchell, Motor, or AllData labor time guides. To verify labor, your claims adjuster will ask for the Labor Guide section and page number.
   g. All applicable maintenance receipts.
   h. A markup not to exceed 20% or maximum of $100 will be allowed on any covered sublet repairs.

Calling Universal Warranty Corporation for Claim Approval

1. Telephone Universal Warranty Corporation for Claim Reference Number.

   (866) 215-7080 Claim Administration - Nationwide
   (877) 469-5809 Fax
   (866) 215-7087 Emergency Roadside Service

2. Your Universal Warranty Corporation Claims Adjuster will:

   a. Confirm or deny coverage of the failure based upon the terms and conditions of the service contract.
   b. Issue a Claim Reference Number for the repairs and amounts agreed upon. **If actual costs exceed the approved amount, you MUST call and request approval for the additional amount.**

Computer Diagnosis

One day Bill complained to his friend that his elbow really hurt. His friend suggested that he go to a computer at the drug store that can diagnose anything quicker and cheaper than a doctor.

"Simply put in a sample of your urine and the computer will diagnose your problem and tell you what you can do about it. It only costs $10." Bill figured he had nothing to lose, so he filled a jar with a urine sample and went to the drug store. Finding the computer, he poured in the sample and deposited the $10. The computer started making some noise and various lights started flashing. After a brief pause out popped a small slip of paper on which was printed: "You have tennis elbow. Soak your arm in warm water. Avoid heavy lifting. It will be better in two weeks."

Later that evening, while thinking how amazing this new technology was and how it would change medical science forever, he began to wonder if this machine could be fooled. He mixed together some tap water, a stool sample from his dog and urine samples from his wife and daughter. To top it off, he masturbated into the concoction. He went back to the drug store, located the machine, poured in the sample and deposited the $10. The computer again made the usual noise and printed out the following message:

"Your tap water is too hard. Get a water softener. Your dog has worms. Get him vitamins. Your daughter is using cocaine. Put her in a rehabilitation clinic. Your wife is pregnant with twin girls. They aren't yours. Get a lawyer. And if you don't stop jerking off, your tennis elbow will never get better."

Perry,

The format is double-spaced, not 1.5.

Spell out numbers under 100.
Do not separate subchapters.
Spell out numbers under 101.
Passive voice
Remember the Hook: you want and you are a strong enough writer to skip no. My suggestion is to save you from your final re-readings or writings if you find that you took down a very interesting topic, because after all, you are a writer, are you not?

Perry,

I am pleased ... overall this is an improvement. Big step there—keep at the worthwhile issues!

- Work on modifiers. Eliminate all unnecessary words. Go to grammar on D2L and click on "Rules for Consistency" under Grammar and Usage. If there is anything here, you don't understand, please bring it up in class. You've got a lot of good bits of imagery. Become familiar with usage rules and use them for enhanced and consistent power and impact.

- Make my edits above and try not to repeat these mistakes. Make a checklist for yourself of the mistakes you make and check your work for these, so as not to make these again.

Pervasive Issues: Level 1 = Agreement at 7.25" + Period at 7.5"

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off the machine and unplug power adapter from device and from wall outlet.
  - Let it sit, unplug for at least 60 seconds
- Try another phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-In-One device, try changing the document feeder from S-Video to Composite.

Further Assistance

If you need further assistance using your Vonage Fax Service, we are always available to help.

Call us at 1-VONAGE-1 (1-866-243-4823) or visit www.vonage.com

INSTRUCTIONS FOR USING THE MOTION PRO #08-0121 FORK OIL LEVEL ADJUSTMENT TOOL

WARNING!

Wear eye protection to prevent eye injury from escaping gas and/or metal chips. We recommend that a qualified mechanic in a properly equipped shop perform this procedure

1 Support the motorcycle securely on a stand with the front wheel off the ground

2 Using your vehicle's service manual, perform the steps in the procedure where the fork tube assemblies are removed. Now, loosen the fork caps when the top triple clamp bolts are loose, but the bolts on triple clamp bolts are still tight.

3 Release any air pressure in the forks before removing the caps. If your forks do not have air fittings, unscrew the caps to the point where the "O" rings unseat. This will bleed any air from the forks. Remove the caps and fork springs

4 Replace the fork oil if needed (see service manual) Use only type and weight of oil recommended by the fork manufacturer Bleed all air from the damper rods or cartridges. This will affect oil level if not done.

5 On most models, fork oil levels are set with the fork springs out and the forks fully compressed. Consult your vehicle's service manual for the proper procedure. Support the forks in a vise, in an upright position. Caution! Over tightening the vise will the permanently damage the fork tubes

6. Set the fork oil level tool by adjusting the collar up or down on the tool tube. When set properly the length of tube below the collar will be equal to the fork manufacturer's oil level. Install the tool tube into the fork tube rearing the collar on top of the fork tube. At this point the end of tube should be submerged in oil add oil if needed.

7 With holding the collar securely on the fork tube withdraw the pump plunger with the other hand. Continue this process until no more oil is being pumped from the fork tube.

8. Reinstall the springs caps and any washers or spacers removed. Tighten the caps to the manufacturer's torque specification Reinstall the fork tube assemblies. Refer to your vehicle's service manual

NOTE: Oil level affects the last 1/3 of fork travel. A higher fork oil level will increase resistance to bottoming, while a lower oil level will make the last 1/3 of fork travel softer. Too high a fork oil level will cause hydraulic lock, which can result in seal leakage. Always stay within the fork manufacturer's oil level range.

Property of
Princeton University
Firestone Library

"The Property Trading Game from Parker Brothers"
MONOPOLY
COLLECT $200 AS YOU PASS
GO
INFOGRAMES

- The ADF indicator light comes on when the paper is loaded properly.

2 If you are loading documents into the ADF tray, then adjust the paper guides.

3 From the home screen, touch **Fax**.

4 From the printer control panel keypad, enter the fax number or the shortcut number.

Note To add a pause, touch *****. To add a second recipient's telephone number, shortcut, fax number, or search the address book.

5 Touch **Fax It**.

Sending a fax using the computer

The print driver fax option lets you send a print job to the fax machine and the job is a fax. The fax option works as normal but sends the data to the fax machine through the telephone line instead of the printer.

1 With a document open, click **File** > **Print**.

2 Select the printer, and then click **Properties**, **Preferences**, **Options**, or **Setup**.

3 Navigate to

Fax tab > **Enable fax**

4 Enter the recipient's fax number or numbers in the **Fax number** field.

Note To add a pause, enter a comma (,) by typing **1** > **Pause** > **OK**.

5 If necessary, select a preset from the **Dialing Prefix** list.

6 Select the source or size of paper that is in the paper trimmer.

7 If you want to include a cover page with the fax, then select **Include cover page with fax** and then type the appropriate information.

8 Click **OK**.

Notes

- Internal options available for use only with the PostScript driver or the Universal Postscript Driver. For information on installing these drivers, see the *Software and Documentation* CD.
- Fax modem must be configured and enabled. The Fax tab is available under the Configuration tab, where it can be used.
- If the **Always display settings prior to faxing** check box is selected, then you are prompted to verify the recipient's fax number before the fax is sent. If this check box is cleared, then the job is sent without any prompt.
- After you select a fax preset, click **OK** to close the Fax tab.

Sending a fax using a shortcut number

Fax shortcuts are like speed dial numbers on a telephone or fax machine. A shortcut number (1–999) can contain a single recipient's fax number or a group of fax numbers that you want to send the same document to.

1 Load an original document face up, short edge first into the ADF tray, and then adjust the paper guides.

Test3

Joy This is for you.

Thanks

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

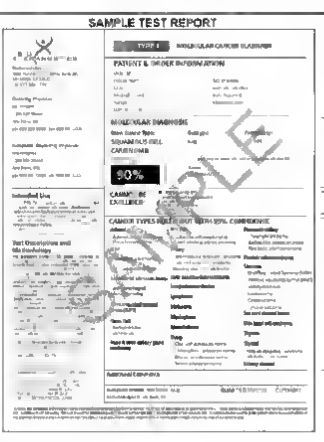
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subtypes. It is reported probability (≥ 80%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out (see below) that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here in rank order.

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.
